A quantity of low grade liquor and beer was destroyed along with the outfit. Two warrants have been issued. In the raiding party were Sheriff Fred Quina, Constable H. L. Johnson, Magistrate John M. Ford of Bethel and Deputy Marshal Frank G. Allen.

The editor of The Enquirer had snap beans on his table a few days ago. They were last year's beans, but they were just as fresh and good as if they had come out of the garden that same moruing. They were not bought out of a sfore either. In fact they were not hought at all. They came from the pantry of a certain York county farm home as a simple expression of courtesy to which the giver attached no more importance than she would have attached to a gift of turnip greens. But in connection with his personal enjoyment of this gift, the editor was constrained to reflect with, pleasure on the commercial possibilities of such excellent food, could it only be distributed in accordance with the country's demands.

Charged with violation of the probibition laws, Bert Nivens, Fort Mill town ship farmer and horse trader, was ar rested Monday. He gave bond in the sum of \$500. Niven's arrest was the teearly Saturday morning.

### CLEVELAND CULLINGS.

Editor Lee B. Wenthers returned Saturday evening from Acheville where he spoke on the subject of securing and keeping records of advertising at the meeting of the Western North Carolina Weekly Press Association which held its sessions in the Board of Trade rooms Friday afternoon and night. About 20 editors were present at the meetings.

Lawrence Grayson, a young white boy in his teens, confessed to Chief B. O. Hamrick to the theft of the Earl Hamrick Buick automobile which was stolen Friday night a week ago from in front of the First Baptist church and left in a ditch near Morganton where Grayson and his companion met with an accident in rounding a curve.

Sheriff Logan and Deputy E. W. Dixon arrested three white men in upper Creveland Sunday afternoon with quantity of "Easter liquor" as they call ed it. Their names were L. M. Crenshaw, W. H. Branon and J. G. Lovelace and they claim Maysworth as their home. Their Chevrolet ear was confis cated and will be sold. Ellis at Grover, stealing from the Herndon & Hambright store three pairs of shoes, a quantity of extracts, knives and razors. From the Ellis store, the thieves secured four suits of clothes, a quantity of extracts and some cutlery. The fact that the stores had been robbed was not discovered until next morning, so the robbers made their escape but officers are work-

The combination on the omel to start your liver and clean your safe was broken and the hinges taken off, but the thieves failed to gain an entrance. Evidently they were amateurs. Entrance was gained from the rear basement door and by knocking a pannel out of the inside door.

Vocational education is favorably regarded in the United States. Legionnaires Are Rushing to Pay 1921 Post Dues; Many New Members Being Added.

The 10,000 post adjutants of the American Legion, according to reports reaching national headquarters from ail over the country, are finding them selves now in the busiest weeks of the years as regards work,

The rush of Legionnaires to get in their 1921 post dues within the time limit set, with the penalty of being dropped from membership, if delin quent after that date, piled necessary clerical and other detail work onto the shoulders of post adjutants in an unprecedented manner,

To judge by the returns thus far available, the list of men to be dropped from membership for non-payment of their 1921 post dues within the specifled time will be only a small fraction of the Legion and will be more than offset by the thousands of new members already obtained in the membership drives of various departments.
