INDIAN EVANGELIST PREACHED ON "HELL"

A Congregation that Filled the Auditorium of the Armstrong Memorial Church Heard Dr. Wright Tuesday Night—The Faculty and Pupils of Clara School Will Attend Service This Afternoon.
 Continuing his afternoon series of sermons on "The Holy Spirit," Dr. Frank H. Wright, Indian evangelist, preached a splendid sermon on "The Need of the Holy Spirit in the World and Church," at the Armstrong Memorial Presbyterian church Tuesday afternoon. Starting with the Holy Spirit was in the world today to call people for service the evangelist said, that all strife and divisions in the ministry and church arise from human methods and political wire-pulling in filling offices, instead of the Holy Spirit filling men for service. The Holy Spirit alone is the dispenser of gifts and satan is responsible for fanatical digressions from sound doctrine out of which come the heresies and "isms" of today.
 A congregation that filled the church heard the evangelist preach a powerful sermon on "Hell" Tuesday night. Stating that he believed every word in the Bible, the speaker said he was compelled to believe in a literal hell as a place of everlasting punishment for sin and unbelief. If Pastor Russell, said the evangelist, could return to earth he could tell more about the hell he removed from the Bible.
 There was a number of decisions at the close of the sermon.
 Under the leadership of Miss Elbe Garrison, the faculty and pupils of Clara school will attend the service this afternoon.
 Dr. Wright spoke and sang at Central school chapel services this morning.

NEW YORK, March 29.—"Babe" Ruth is suffering from a sprained left wrist, messages from Liverpool, La., said today. The injury is not serious, and "Babe" may not be of many training games.

THINK FRANKLIN AVENUE

(Continued from page 1)
 Now that will usage the city's being able to widen this street in the future, even if not needed now. Some provision to that effect ought to be on the books." J. W. Walters, Walters barber shop, "I think it would be a good thing for the city in the future. There may be no need of it now, but in years to come there will be seen the necessity." H. M. Van Sleet, jeweler: "I am heartily in favor of the proposition and think it ought to be done immediately." G. R. Spencer, Adams-Spencer mill: "I am in favor of widening the street."

DOLLS SHOW FASHIONS FOR LAST 1600 YEARS

PITTSFIELD, Mass., March 28.—Fashions in woman's wear for the last 1600 years, from the abundant robes of the Roman patricians to the abbreviated skirts of today, are represented on 182 dolls dressed by Mrs. Charles S. Wright, of this city. Work was begun on the unique collection of mannequins more than six years ago, after months of study of authenticated prints portraying styles of different periods. It is said to be one of the best of its kind in the world.

In a splendidly furnished room mannequins of the dark ages contemplate belles of the Renaissance and sprightly debutantes of our ante-bellum and modern days. Eve also has a place in the fashion review, but merely as an example of how clothes make the woman.

One of the most interesting costumes is that of a fisherwoman from the Firth of Forth. Tailored suits and peep-a-knee waists have had no effect on the busy Scots who live on that arm of the sea, for their dress standard has remained unchanged for 500 years.

Shifts in American styles are illustrated by eight waxen faced beauties starting with the street gown of 1850. In this display are an afternoon frock of 1857, a calling costume of 1869, ball gowns of 1860 and stiring wear of 1869. The opera gown of 1910 stands haughtily erect in the extremely tight skirt of that year.

Leaders in dazzling costumes are the Japanese from the time of their introduction of the Western world. Slant-eyed, brown faced dolls present a complete picture of feminine Nippon's armor of conquest in rich silks and satins. A large group of Chinese mannequins, arrayed in heavy silk fabric, peep from beneath ornate Oriental umbrellas.

DEBS HAS NOT BEEN PROMISED HIS FREEDOM

(By The Associated Press.)
 WASHINGTON, March 29.—Legislation to solve the problem of prisoners confined for violation of the wartime laws is now under consideration, Attorney General Daugherty said today. Some anti-suspension statute and other members of the senate judiciary committee, have asked Mr. Daugherty to enter with them and present his views on the question, he added, a bill already having having been drawn to cover the matter.
 Mr. Daugherty said published reports that Eugene V. Debs, imprisoned at Atlanta, for violation of the espionage act, had been offered his freedom during his recent conference with the attorney general here in promise to abandon the spread of bolshevik doctrines, were without foundation. The Debs case, Mr. Daugherty said, would be the subject of careful investigation on which an opinion would be transmitted to President Harding. Meanwhile, he added, he would not discuss it.

CAME 12 MILES IN FOUR YEARS, 6 MONTHS.

SHREVEPORT, La., March 30.—After a lapse of four years and six months, a letter mailed at Blanchard, La., in October, 1916, was delivered to Harry S. Weston at the Shreveport postoffice yesterday, a distance of 12 miles, it was learned today. The letter was written by A. F. White, Kansas City Southern station agent at Blanchard, and was addressed to Weston. It contained a remittance for lodge dues.

AMERICAN LEGION NEWS FROM OVER THE NATION

Maintaining contact with the main body of the American Legion by native runners, a traveling post of the Legion is today moving through the jungles of Portuguese West Africa. The post is the first on the Dark Continent and its establishment leaves Australia as the only continent which has not been penetrated by the Legion. Twenty-three explorers for oil, headed by Robert H. Wamsley, fell to discussing the war on the trail out of Louanda, Angola, and it was discovered that eleven of the number were ex-servicemen. Wamsley communicated with Akron, O. Post of the Legion, which arranged to obtain the necessary papers from National Headquarters to establish the African post. The explorers will remain in the wilds for three years.

Wisconsin led the other departments of the American Legion in new posts formed during the week ending March 19, chapters having been issued to three posts. Ohio chartered ten units of the Women's Auxiliary and Pennsylvania, nine. There are now 19,297 posts of the Legion and 2,366 units of its Women's Auxiliary.

When the chief of police of Amarillo, Tex., was threatened with death for his efforts in fighting the crime wave in that city, American Legion members formed an auxiliary police force and stood by the chief until the town was cleaned up.

Thomas W. Miller, of Delaware, is receiving congratulations from members of the American Legion in all parts of the country because of his appointment as Alien Property Custodian by President Harding. Colonel Miller was a member of the Paris caucus of the American Legion in 1919, one of the incorporators of the organization in this country and chairman of the National Legislative Committee of the Legion from June, 1919 to June 1920. His new job is to look after a billion dollars worth of German and Austrian property in this country taken over by the government when war was declared against the Central Empires.

A protest, alleging "discrimination against postal employees because they served their country during the World War," will be placed before Postmaster General Will Hays by the American Legion, according to Emanuel Bolles, National Agent of that organization. The Legion charges that provisions of the act giving war veterans preference in civil service examinations have been ignored. The committee, which will take the matter up with Mr. Hays, will be headed by Theodore Roosevelt, assistant secretary of the Navy.

To further better understanding between Canadian and American veterans, representatives of the American Legion posts at Oswego and Watertown, N. Y., have been invited to attend the annual banquet and celebration of St. Julian's Day, which will be held at Kingston, Ontario April 22 and 23 under the auspices of the Army and Navy Veterans in Canada. St. Julian's Day will mark the anniversary of the first poison gas attack, which the Germans made on the Canadians near Ypres. The Legion's action against Boche propaganda was characterized by the Canadian society as "a splendid stand in defense of our common liberties."

Full endorsement of the American Legion has been voted by the Central Labor Union of Willmar, Minn. The resolution, which avers that the aims of the Legion and Organized Labor are identical, refers specifically to the Arthur F. Hanscom post of Willmar.

The post of the American Legion at Bristol, on the Virginia-Tennessee line, has completed plans to operate an "American Legion Bathing Beach" during the coming summer. The beach will be free to all children and to disabled ex-servicemen. A bungalow will be built to house the guests.

Visitors to Gotham from the ranks of the American Legion are invited to have their mail addressed in care of S. Rankin Drew Post, 101 West Forty Second Street, New York City.

The Georgia Department of the American Legion has just completed a combined membership and service drive that netted about 1,000 new members and 2,000 successfully concluded cases of claims of veterans. The drive took two months. Representatives of the Legion, Bureau of War Risk Insurance, Public Health Service and Federal Board for Vocational Education visited every county in the state and interviewed men who had claims for compensation, education or hospitalization. Former service men who were not members of the Legion benefited equally with Legionnaires.

Contributions of more than \$5,000, received for a proposed memorial to veterans in Twin Falls County, Idaho, were turned over to the local post of the American Legion when it was deemed inadvisable to carry on the plan.

A call for all members of the American Legion to contribute ten cents to the Memorial Day fund for the decoration of American graves overseas was sent out in a bulletin from Legion National Headquarters.

MOUNT HOLLY TO HOLD BOND ELECTION MAY 3

Required legal notice is given in this issue of The Daily Gazette, that on Tuesday, May 3, 1921, an election will be held in the town of Mount Holly on the question of issuing bonds in the sum of \$85,000, for the following purposes: Water-supply system, \$40,000; sewer system, \$40,000; street improvement (paving), \$15,000.

COMMUNIST REVOLT IS DISINTEGRATING

(By The Associated Press.)
 BERLIN, March 30.—Advisers from central Germany state the communist revolt, which appeared threatening last week, is rapidly disintegrating into minor outbreaks. Declaration is made that the "backbone" of the projected revolution there has been definitely broken.
 Sporadic strikes are reported from Halle and Jena, where electric power plants are shut down, and an attempt to tie up the Ruhr district has been made, but the latter attempt has thus far failed except at Remscheid, where about half of the workers employed in various plants have failed to report for duty. Communists are still interfering to some extent with railroad traffic at various junction points in western Germany.
 Labor leaders identified with the majority and independent socialist parties declare attempts by the communists to precipitate a general strike in large industrial plants in this city have failed. They say that votes taken among workmen showed an overwhelming majority in opposition to a walkout. Yesterday without disturbing incidents, and there was no occasion for the security police to interfere with gatherings during the day. Government buildings and police headquarters, however, were given military protection.

\$1,000 REWARD OFFERED FOR NEW HORSESHOE

ALBANY, N. Y., March 30.—A thousand dollars is offered here for a new horseshoe.
 Winter after winter for hundreds and hundreds of years roadways become icy and horses have slipped. Horseshoe no more than the horse has changed with the passing of time.
 Now come organizations interested in these things, each with its hard cash not too readily required, to make up a prize worth working for.
 The new shoe—or device has just one vital requirement. It must be non-skid.
 The American Society for the Prevention of Cruelty to Animals has put up \$200 toward the \$1,000, and so have the Pennsylvania and Massachusetts S. P. C. A. and the New York Women's League for Animals. The Women's Pennsylvania S. P. C. A. and the Western Pennsylvania Humane Society have each subscribed \$100. Unwilling to be left out, "Red Acre Farm" has come in for \$5, while \$25 is added by the American Humane Association, which is receiving inquiries at its headquarters here.
