Low Price Cotton. Well, Old Nigger, cotton has gone to the dogs.
 "Yassuh, Boss, what's that I heard?"
 "And you don't make a nickel this year."
 "Nossuh, I s'pect not."
 "And I've lost what money and 200 I furnished you."
 "I'm mighty 'traid you is, White Folks."
 "Well, confound your picture, if don't seem to worry you am."
 "Lawd, Boss, don't you know there ain't a bit of use in the world to me and you both worrying about the same thing."—From Life.
When You Dare Not Think. When attempting the prodigious feat of swimming the English channel, a swimmer should neither feel nor think. So said one famous swimmer, who, in an attempt, passed 22 hours in the water.
 "You must," he declared, "be just a swimming machine, feeling no sensations and using your brains as little as possible. The strain becomes so fearful that if you began to realize what you had taken on you would have to give up the struggle at once."

DR. HIGSMITH AND DR. HOOD TO BE ON FACULTY

RALEIGH, April 21.—Dr. Edwin M. Highsmith, professor of education at Meredith College, and Dr. Frazer Hood, head of the department of Psychology at Davidson College, will be members of the faculty of the State College summer school which opens June 14 and continues through July 27.

Dr. Highsmith was educated at the University of North Carolina, Columbia University, and Peabody College. His experience as an educator includes work as a teacher, principal, and superintendent in the public schools of the State in addition to serving as superintendent of the city schools of New Smyrna, Fla. Before accepting his present position at Meredith, he was associate professor of education in the San Marcos (Texas) State Normal School.

During the World War, Dr. Highsmith was educational director of Kelly Field, San Antonio, Texas, and overseas he was an instructor in the American Expeditionary Forces University at Cote D'Or, France.

Dr. Hood is a native of Mississippi. After receiving early training at the Southwestern Presbyterian University, Clarksville, Tenn., he studied at Johns Hopkins University and Yale, both the M. A. and Ph. D. degrees being conferred by the latter institution in 1900 and 1902, respectively. From this time until the beginning of the war, Dr. Hood was employed for varying periods of time in the Tomblage (Miss.) Academy, the Smyrna (Tenn.) Fitting School, Hanover (Md.) College, and the West Tennessee State Normal School. During the war, Dr. Hood was a first lieutenant in the Sanitary Corps, acting as assistant chief of the educational service and head of the division of psychology and statistics. In the latter capacity he directed the examination of the American soldiers as they were called to the colors to determine their peculiar fitness for various forms of service.

WARMER NEXT WEEK

WASHINGTON, April 23.—Weather predictions for the week beginning Monday are:
 Middle Atlantic States: Temperature near or above normal, considerable cloudiness and occasional rains.
 South Atlantic and East Gulf States: Temperature near or above normal; considerable cloudiness and occasional rains.

CHICAGOANS STORM BOUND 13 DAYS

(By The Associated Press.)
 MIAMI, Fla., April 23.—Little the worse from their experiences of being storm bound for thirteen days on Cat Key, Jamaica, a small island in the Bahama group, 45 miles east of Miami, Mr. and Mrs. Webb Jay and Mr. and Mrs. Charles Dushoff, of Chicago, today say the fortnight spent on the island was enjoyable with the one exception of the worry they knew their long absence would cause their friends.

RUTH AND KELLY HAVE FOUR HOMERS EACH

CHICAGO, April 23.—With the season little more than a week old, Tierney, of Pittsburgh, tops the regulars of the National League in batting with an average of .529, according to figures released today and which include games of last Wednesday and players who have played in five or more games.

Deal, of Chicago, is the runner up, with .509, and Brugg, of Philadelphia, is third, with .462.
 Meusel, of Philadelphia, who was leading the home run hitters, was topped off by Kelly, of New York, who cracked out his fourth circuit drive in Friday's game. Southworth, of Boston, is leading in stolen bases with three. Leading batters follow:
 Holcher, Chicago, .450; Flack, Chicago, .429; Brown, New York, .429; Nicholson, Boston, .424; Rawlings, Philadelphia, .417; Bancroft, New York, .412; Maravich, .406.
 Babe Ruth, the home run king of the New York Yankees, is far ahead of his circuit drive record of last season. He cracked out his fourth homer Friday, while last season he did not make his fourth until May 11. Ruth is tied by Joe Kelly, of New York. He is being closely pushed, however, by Elmer Smith, of Cleveland, who has bagged his third. Stephenson, Cleveland, tops the regulars in batting with a mark of .583, with Tobin, St. Louis, the runner up with .560, O'Neil, the Cleveland backstop, being third with .524.
 Bush, of Detroit, had jumped out in front for stolen base honors, having stolen five sacks.
 Leading batters:
 Rice, Washington, .483; Harris, Washington, .481; Sisler, St. Louis, .440; Scott, Boston, .409; Sewell, Cleveland, .400; Ruth, New York, .400.

NICARAGUA PULS OUT.

(By The Associated Press.)
 MANAGUA, Nicaragua, April 23.—Nicaragua has given up its membership in the league of nations, this step being due to the expense attaching to the holding of a place in that organization. An announcement that the government was considering withdrawing was made some time ago.

J. P. MORGAN'S YACHT REPORTED AGROUND.

(By The Associated Press.)
 BALTIMORE, April 23.—J. P. Morgan's palatial steam yacht Corsair was reported aground off Nantalee rocks, South Carolina, coast, and setting rapidly, according to a wireless despatch intercepted here today. Wireless distress signals were being sent out. The Corsair was reported to have struck ground at 6:05 o'clock this morning.

LAST CUSTER VETERAN, JAMES FLANAGAN, DIES.

MANDAN, N. D., April 23.—James Flanagan, 84 years old, said to be the last surviving white scout of General Custer's seventh cavalry, died here yesterday.

TALKING WITH FOLKS

J. Z. Green in Marshville Home.
 In answer to an enquiry as to what he intended to do this year a farmer in West Union county said: "I'm thinkin' about going fishing. I don't feel like a farmer will be loyal to himself and his own family if he attempts to make anything to sell this year." He is one of the best citizens of the county but he spoke in a resentful tone. The spirit of indifference and indecision is everywhere prevalent among farmers. It is identical with the spirit that prevails among striking members of a labor union when they quit work except that it represents individual sentiment among farmers rather than collective or organized sentiment.
 "While they were killing you Southern farmers that millions have to go naked if you didn't make a bumper crop of cotton they were telling us Northern and Western farmers that millions of people were facing starvation and that we could not produce too much food products," said Mr. DeLaney, of New York, representative of the National Grange. Now the wise ones are telling us that we have enough cotton to supply the world's needs for two years at present rate of consumption.
 Editor Sellers, of The Albemarle Piedmont Press, says: "Some merchants are stopping their advertising because business is bad. They should also stop their life insurance because their health is bad." If a man does a credit business it isn't necessary to advertise. His customers will find him regardless of location. But competition is strong in the cash business and under panicky conditions competition becomes keenest in the sale of goods. If business is so dull that a fellow feels too thin to advertise largely he should reduce his space. If he can't pay for anything else but a "sign" by all means he should buy one line in his local paper for the firm name. A business "sign" in the local paper is worth a dozen signs over the store door.

SHORT LOCAL ITEMS

—Mr. W. T. Love is on a business trip to Akron, Ohio.
 —Mr. Bismarck Capps will leave Monday for Whiteville on legal business.
 —In Mr. A. B. Elliott's advertisement on the Housewife's page Friday the item which read "98 lbs. best Self-Rising Flour \$5.75" should have read \$4.75. The error was in copy and was not made in this office.

—Rev. J. W. Moore, a missionary from the Southern Presbyterian church to Japan, will occupy the pulpit of the First Associate Reformed Presbyterian church Sabbath morning at the 11 o'clock service. Dr. Galloway, the pastor, will preach at night.
 —The First National Bank Monday will show a picture of "President Harding Speaking at the Unveiling of the Bolivar Statue." President Harding's speech at the unveiling of Venezuela's gift of the Bolivar statue in New York, declared our determination to defend the historic Monroe Doctrine. Among the guests may be recognized several cabinet members, the governor, the mayor, Mrs. Harding and many notables.

ANOTHER SCANDAL IS UNEARTHED AT OTEEN

Reported That Commanding Officer Got on Big Drunk and Came Home With Black Eye—Investigation Demanded.
 (By H. E. C. Bryant in Charlotte Observer.)
 WASHINGTON, April 22.—Capt. Sam Bucklew, who was construction and morale officer at Greenville, S. C., and then transferred to Oteen, at Asheville, is on the warpath and stirring things with a stick. He will demand a congressional investigation if he is not satisfied with the results of the public health service inquiry now going on at Asheville.
 He was discharged and is here to demand a hearing, and a "square deal." He preferred charges of "drunkenness" and behavior unbecoming an officer of the public health service against Commander J. D. Jungman, at Oteen, and Maj. Robert O. Blacklock, public health service inspector in the Asheville division. This was done before he quit the service. He reported to Surgeon General Canning that Jungman and Blacklock drank hospital whiskey and became intoxicated.
 Because of the Bucklew charges Commander Jungman at Oteen was suspended. The Bucklew charges have caused a sensation in public health service circles in the south and in Washington.
 The charges filed with the surgeon general assert:
 "At Oteen your medical officer in charge, Major J. D. Jungman, became intoxicated about the first week in December, 1920, and remained so for three or four days in his quarters. I cannot positively prove this assertion but I can positively prove under oath by several people that on or about January 8, 1921, Major Jungman and Major Blacklock attended a social function in Asheville, each of the gentlemen wearing their regular public service uniforms.
 "Major Jungman got so drunk that he fell, got a black eye, had a deep cut over his right eye which took two or three stitches to close and it is said by those who were present that Major Blacklock was equally as drunk.
 "Wrote His Own Prescriptions.
 "I had nothing to do with the report of Dr. Dedman's misconduct at Greenville, S. C. Did not know anything about it until after Dr. Blacklock had been there and made the investigation, but I did report Dr. Jungman, of Oteen, and Dr. Blacklock, inspector for public health, of Washington, for being drunk in uniform in Asheville at a social function, also at Oteen hospital. This report has been verified under oath by several of the best people of Oteen hospital and the dispenser's record at Oteen show that Jungman issued prescriptions for whiskey in half and pint issues to him self, Mr. Pratt, the Red Cross field director, and Mrs. Pratt, his wife. This is a matter of record and the dispenser's card under oath stated that both Jungman, coming to dispensary at will, went to the whiskey case, would take a drink and oftentimes would carry away whiskey that they would take from the case. All of these facts are a matter of record under oath, corroborated by several people, and records are filed with the public health service, Washington.
 "As to Dr. Dedman's misconduct, I know nothing personally, but have heard a great deal and I believe that if an investigation of his act were carried on by the proper authorities they would be able to show some irregularities that would be very surprising. I am sure I know of one item that the government is not getting proper returns for financially and Dr. Dedman knows very well what is being done with the proceeds of that item.
 "The fact that both of these men were in uniform made them all the more conspicuous. On March 16, 1921, Major Jungman was drunk on the reservation and confined to his quarters, with the exception of a very few hours, covering a period of three days. The fact that he has been on this last drunk is known all over the camp and the patients as well as the personnel are discussing the subject freely. I personally saw several prescriptions in the dispensary signed by Major Jungman to himself, the Red Cross field director, Mr. Pratt, and Mrs. Pratt, calling for 250 S.C. and 500 S.C. of whiskey and these amounts were repeated. Mr. Bischoff, the dispensary clerk, stated that if he should be placed under oath he would have to say that Major Jungman often comes into the dispensary, goes to the whiskey case and takes a drink of whiskey, and fills up a flask that he brings with him, and takes away for the week end. On Wednesday night, March 16, a party was given at Major Jungman's quarters, at a very late hour, and among those present was Mr. Lynch, the material officer who was put off the dance floor at Billmore U. S. public health service hospital No. 45 by the executive of the hospital, the cause being intoxication and conduct unbecoming a gentleman.
 "The patients of this hospital are very indignant over the whiskey situation for the reason that Major Jungman has discharged some of them, as I am in formed, for imbibing too freely of intoxicants."
 "Oteen has about 600 tubercular patients. It is one of eight such hospitals."

WARMER NEXT WEEK

WASHINGTON, April 23.—Weather predictions for the week beginning Monday are:
 Middle Atlantic States: Temperature near or above normal, considerable cloudiness and occasional rains.
 South Atlantic and East Gulf States: Temperature near or above normal; considerable cloudiness and occasional rains.

HAWAIIAN RACE IS BEING REJUVENATED

HONOLULU, T. H., Apr. 22.—The Hawaiian race, which with the Polynesians in general, has been regarded as a dying people, is being re-born and re-invigorated by infusion of alien blood, according to statistics just compiled by Louis R. Sullivan, of the New York museum of natural history, now attached to the Bishop museum in Honolulu.
 Mr. Sullivan has just completed analysis of 14,569 marriages in the islands, selected at random, and his findings in some cases have been surprises to science. According to the tables, more American men in the territory marry women of blood foreign to their own than marry American or British women. The Japanese are not, as has been supposed, the most prolific race in the islands, but are surpassed in this regard by Portuguese, Porto Ricans, part-Hawaiians and Spanish. Of American women, more than one in every six living in the islands marry Hawaiians, part-Hawaiians and others of blood strange to their ancestry. Of all the racial groups the Korean women represent the only one which refuses to mix blood, not a single case of a Korean woman marrying a man other than a Korean having been discovered.
 As a whole, the tables indicate, the part-Hawaiian group has a tendency to consolidate, rather than scatter, since of Caucasian-Hawaiian males who marry, 32.7 per cent marry back into the full-blooded Hawaiian strain while only 13.8 per cent take white wives and the remainder, either inbred among their own kind or marry at large. Of Asiatic-Hawaiian males, 46.4 per cent marry back into the Hawaiian strain, only 4.3 into the Asiatic strain and a negligible proportion into the Caucasian strain.
 The result, so far as the Hawaiian race is concerned, is said to be a new racial group, found to a high degree, still abnormally susceptible to civilization's diseases, but with much higher resistant powers than the old Hawaiian stock and visibly adding to its numbers.
 While the women of Korea lead all other males and females in the islands in marrying within their own race, there are other groups which are a close second in this respect. Only 63 of one per cent of Japanese women contract out marriages, or unions with men of other races, while 9.7 of one per cent of Japanese men so pick their mates. The per centage for the Chinese is 6 per cent for the women and 41.5 for the men; Americans, 17.9 for the women and 61.7 for the men; Portuguese, 52.3 women, 13 men; Hawaiian, 40.5 women, 19.5 men.
 The pure Hawaiian death rate is the highest in the islands, 13.48 per thousand annually, although the pure Hawaiian birth rate is nearly twice as high as American, British and other whites. Scientists recognize that susceptibility to diseases of civilization is responsible for the disappearance of the pure Hawaiian race, but the figures just made public by Mr. Sullivan are the first to show that intermarriage is rebuilding the old race into a stronger, more hardy people.

CHAUNCEY DEPEW IS 87 YEARS OLD TODAY

NEW YORK, April 23.—Eighty seven years old today, Chauncey M. Depew said he didn't think the occasion worthy of much comment, but that he looked forward "with enthusiasm" to entering his one hundredth year.
 The former United States senator, who now is chairman of the New York Central railroad board of directors, planned to make his usual trip to his office and to receive a few of his old friends at a dinner given in his honor by Mrs. Depew.

MANAGING EDITOR OF PAPER FOR 44 YEARS

SAN FRANCISCO, April 23.—John P. Young, for 44 years managing editor of the San Francisco Chronicle, died here early today. He was 71 years old and was born in Philadelphia, August 9, 1849. He came to California in 1877 and was the first man to assume managerial duties on the Chronicle.

No Case, But Got a Bill.

Angry Man — Here, what do you mean, sending me this bill for \$100? Didn't you say that I had no case against the railroad company?
 Lawyer — My dear sir, that is what the bill is for—advice.—New York Central Magazine.

A Moving Tale.

A Yermouth pig butler notified his customers that he had sold out by hanging in his window a pig's tail with a card bearing the words: "This is the end of our pork this week."—Pittsburgh Chronicle-Telegraph.

LADIES FREE TO SEE "PEG O' MY HEART"

"Peg O' My Heart," Oliver Moros' marvelous success, which ran for two years at the Cort Theater, New York, will be the attraction at the Canvass Theater next Monday, Tuesday and Wednesday. The United Southern Stock Company has put up some great plays, but Manager Peruchi says "Peg O' My Heart" will be the banner attraction of the season, and as it is a play especially pleasing to the ladies every lady accompanied by an escort holding a paid reserve seat ticket will be admitted free. Remember, the big tent is new and waterproof, also in cold weather will be heated by large coke burners. A crowded house is assured. So come early, secure a favorite seat and see the best play ever offered at 25, 35 and 50 cents.—Adv.

CARD OF THANKS.

We want to thank our friends and neighbors for their kindness through the illness and death of our husband and father, J. W. Kincaid. We especially want to thank Mr. John Lytton and others for the beautiful flowers.
 MRS. J. W. KINCAID AND CHILDREN.

Notice to Subscribers!

AT GRAY, ARLINGTON, MUTUAL, FLINT, GROVES, SMYRE, REX AND RANLO MILLS.
 On and after Monday, May 2, the carrier routes serving the above communities outside the city limits will be converted into INDEPENDENT CARRIER routes. This means that the carrier boys will buy their papers direct from the publishers, and will sell and deliver them only to subscribers who pay the carrier boys 15 cents per week, payable on Monday of each week in advance.

We have formerly maintained these carrier routes on the same basis as those within the city limits, but the expense of delivery makes it impossible to continue this system. Those subscriptions which are already paid in advance will be completed, but after expiration will not be renewed at the office, but will be transferred to the lists of the independent carriers.

We are making every effort to give our subscribers both in the city limits and at those communities outside the limits at the best possible service and this change is made in the interest of greater efficiency and economy.
