Quality

IN the days of 'forty-nine men from the north and east and south rushed across the continent and into the wilds of new California, undergoing great privation and sacrifices in quest of—Quality.

The old gold rush of California is an outstanding example of man's great ambition to get the best, to achieve and realize Quality.

We, too, have striven and worked toward this same goal in the Ice Cream Industry. We experimented in our laboratories for years, seeking diligently, early and late, to perfect Ice Cream beyond the then existing standard; we worked energetically to achieve a quality, a purity and a deliciousness never attained before by Ice Cream manufacturers.

Our search and our energy has now been entirely rewarded by our personally discovered formula and method of Ice Cream production. (Patents applied for to protect our process.) You can now procure through your dealer the result of our efforts, the new "Velvet Kind," an Ice Cream superior in quality and texture and deliciousness to any Ice Cream ever made.

We do not use gelatins, starch, fillers or imitation flavors.

Phone to your dealer today for an order of this cream that excels in goodness and purity even that old fashioned kind your Mother made—

financial condition and a substantial increase in membership since the last session. An address of welcome on behalf of the city of Goldsboro and the Goldsboro tribes was delivered by Mayor Edgar H. Bain and short addresses followed by Great Chief of Records W. B. McFarren and Past Great Inchoonee John G. Cherry.

After hearing reports of committees, which took up the business session of the morning, adjournment was taken until 2 o'clock, when the election of officers of the great council took place, resulting as follows:

—The First National Bank Saturday will show a picture, "How They Go Over the Top." These remarkably fine snapshots show the form of different college jumpers at the recent University of Pennsylvania annual games. Upper row, left to right: Jenne, of Washington State in pole vault and Alberts, of Illinois, in high jump. Lower row: Chamberlain, of U. of Virginia, and Murphy, of Notre Dame, at 6 feet plus.
