U. S. TO WITHDRAW FROM DOMINICAN REPUBLIC
(By The Associated Press.)
WASHINGTON, June 14. A presidential message formally announcing the decision of the United States to withdraw its military and naval forces from the Dominican Republic was issued here today by Rear Admiral S. S. Robinson, military governor. The text of the proclamation was made public here by the State Department.

The military forces of the Dominican Republic are to be withdrawn by August 15, 1921, and the Dominican people are to be allowed to elect their own government. The message stated that the United States had no objection to the withdrawal of the Dominican Republic, but it was explained that it was necessary to provide for the maintenance of order and the safety of the American citizens in the Dominican Republic. The message also stated that the United States would continue to support the Dominican Republic in its efforts to maintain its independence and territorial integrity.

HALF NAKED WOMEN IN ZION GET A WARNING.
(By The Associated Press.)
ZION, Ill., June 14. Zion's road report force soon may be augmented by women, if October Wilbur (John Volva) keeps his latest pronouncement against women who wear dresses which expose more than their necks to the scrutiny with the collar button.
Three women already have been warned by police and presented with printed notices giving them a "reasonable time" to retire from public view.
Last night at the tabernacle Volva is said to have warned "The police," he said, "will arrest any woman in this town that goes around the streets half naked. I will not tell you out, either, and neither will your husband. You will have to pay your fine or work it out on the streets."

DRS. ALDERMAN AND DURHAM TO ADDRESS TEACHERS.

Alderman, president of the University of Virginia, had accepted an invitation to address the assembly at its annual meeting in Raleigh on Thanksgiving Day, next November. The annual Thanksgiving sermon will be preached by Dr. Plato Duram, of Emory University, Atlanta.

AMERICAN BEATIN TO DEATH BY POLISH INSURGENTS
(By The Associated Press.)
BERLIN, June 14. Louis Snyder, of Boston, was beaten to death by Polish insurgents near Myslowitz, Upper Silesia, May 23, according to Karl Born, a Hamburg merchant, who escaped from that region a week ago, and arrived here today.
Snyder showed the police an American passport, according to the story told by Born, and explained that he was not interested in the Silesian conflict, but the leader of the Polish squad struck him over the head with the butt of a gun, and others joined in the attack. They left his body lying on the ground, according to Born.
Born, who said he also was mistreated, traveled for two days with the American, attempting to escape from the insurgent area.

JOHN G. EMERY IS NEW HEAD OF AMERICAN LEGION
(By The Associated Press.)
INDIANAPOLIS, Ind., June 14. — John G. Emery, of Grand Rapids, Mich., was unanimously elected national commander of the American Legion at a meeting of the national executive committee today. He succeeds Col. Fredrick W. Galbraith, Jr., who was killed in an automobile accident here last Thursday.

MONTHLY BULLETIN OF CHAMBER OF COMMERCE

Parks and playgrounds is an important matter now being given special consideration jointly by the Chamber of Commerce, Kiwanis and Rotary clubs through special committees acting together. The Chamber of Commerce committee is composed of W. T. Rankin, A. M. Dixon and H. H. Parker.

Industrial expansion will be given special study by the Department of Industrial Affairs at the request of the board of directors. Gastonia's growth has been phenomenal in this regard and of a healthy nature, the growth being from within out and free of all promotion schemes. In the past it has been necessary to the Chamber of Commerce to do more work toward keeping out industries than toward bringing them in. Keeping out undesirable promotion schemes, which would have been harmful to the city after war. Now, however, it is believed that the time has come when we may properly seek to locate desirable outside industries here. In doing this, however, full consideration must be given the interests of those already here, the plan being that Gastonia should foster what industries she already possesses as well as seeking new ones.

No Fourth of July celebration will be staged this year under the auspices of the chamber. It was found that to put it on in the way desired would cost at least \$50,000 and as there are many calls for money now for various worthy projects awaiting large sums, it was deemed expedient to attempt the holding of a celebration in 1921.

Civil service questions were submitted to the Chamber of Commerce of the United States in Referendum No. 23 and the vote of the Gastonia Chamber of Commerce was ordered by the board of directors to be cast in the affirmative on all the questions by the adoption of a report submitted after careful consideration by a special committee composed of Claude B. Woff, E. P. Rockett and James Bracey.

New members have raised the total dues-paying membership of the Chamber of Commerce to 423 and the total, counting the subscription members, to 481. Splendid work has been done during the past two weeks by the membership committee and most excellent cooperation was given on every hand. The committee is composed of W. L. Balthus, chairman; F. M. Francom, Geo. B. Mason, M. C. Thorn, S. Ross Clinton, J. Clay Bess, R. C. Patrick, H. Francom Winger, D. K. Jackson, E. M. Gibson left off in the campaign with seventeen members. R. C. Patrick stood next with twelve. The others did some magnificent work, too, however, and the entire committee has been thanked by the board of directors for its splendid work.

Teel Gastonia's story. Whenever you are going away on a trip call at the offices of the Chamber of Commerce and get a dozen or more of the little leaflets issued by the Chamber. They will not leave anyone with dry statistics but will attract attention and arouse interest. Telling the stranger in Pullman or hotel that Gastonia's the "liveliest town in America" isn't going to induce him to move here—but making him think so by giving interesting facts not applicable to some other good town is going to get him interested.

May sales went big and the people of many surrounding counties were brought to Gastonia through the advertising campaign preceding it. The automobile boosting trip with the Pythian Band did much to arouse interest in the event. Director W. E. Haynes and the other members of the Department of Mercantile Affairs are well pleased with the results and the public fully proved its approval by the patronage given the bar sales.

Better express service has been secured through the efforts of the Traffic and Transportation Department. G. Rush Spencer, director, and the department have secured all work before it. Mr. Spencer urges members of the Chamber to use the members freely. Whenever you have trouble relating to transportation matters, file a statement of the trouble with either Mr. Spencer or the secretary and it will be given prompt attention.

Wednesday half-holidays began the first of June, through the work of the Department of Mercantile Affairs and at the request of the clerks, backed by public sentiment in the city. The half-holiday has been thoroughly enjoyed by both employers and employees.

Secretaries of the Chambers of Commerce of the Southern States enjoyed a splendid program at the meeting of the Southern Commercial Secretaries' Association in Jacksonville in May. The secretary of the Gastonia Chamber attended. These meetings are in the nature of a school and do much to keep the secretarial profession informed regarding the advance of city building work.

FOR MID SUMMER WEAR.

Upper: A tailored hat of navy taffeta is trimmed with white embroidery and organdy roses. The shape of the upturned brim is interesting. Lower: Dashing felt creation with embroidered flowers and cut petals in bright orange and green.

EHRD'S TO STAGE BIGGEST SALE IN SOUTH

Managers and Officials of the 31 Ehrd Stores in Two Carolinas and Virginia Attend Conferences in Charlotte—To Move \$1,000,000 Worth of Goods in Two Weeks.
(Charlotte Observer.)

Perhaps the greatest merchandising endeavor ever held in the south by any organization was that of Monday, held at the general offices here, when the fields of the organization and the managers and directors of thirty-one Ehrd stores met to plan the greatest sale in the Ehrd history.

These men came from all parts of the two Carolinas and Virginia and were in conference with J. B. Ehrd, president, E. L. Ehrd, secretary and treasurer, and three other brothers, J. W. P. H., and J. R. Ehrd, and M. O. Ehrd, of the sales promotion department of the organization in the south.

Last year the Ehrd chain of stores held a simultaneous sale, comprising twenty days, which was the largest from standpoint of volume of goods sold, ever before held south. One million dollars' worth of merchandise changed hands during this sale of last year and this was, by the way, the first large sale undertaken at that time. In fact, most people at that time fancied that the good times were here to stay. The Ehrd sale, however, has followed and planned and put into operation this month's sale.

This year the sale will commence in all Ehrd stores on June 15 and end July 2, lasting two weeks, and it is planned to sell this year one million dollars' worth of merchandise and to do so in two weeks, where last year it required three weeks to accomplish this vast total.

Will Slash Prices.
In order to do this, every store manager has been instructed to cut his prices to the very bone. It is realized that this sale is undertaken at a time when prices are low, but the Ehrd declare that they propose to establish new low values.

2,000 Employes Busy.
Much planning is involved in this joint sale in thirty-one stores and the two thousand sales people who are employed by the Ehrd stores are working day and night in mapping out every detail for this tremendous event. All will be in tip-top shape on opening day and the Ehrd declare that they expect this sale to go down in history as their greatest achievement in value-giving.

Old U. Tellem sez.
"A good farming country is usually known by its barns. In my day the best farmer in the neighborhood always started with a good barn, even if he had to live in a shack himself, and in a few years, why his barn built him a good house. My advice to the farmers of this section is to do a little deep sea thinking on this subject of better barns and sheds. There is enough stuff wasted every three years on the average farm to build a good house."
