LEGION HEARS MANY V TO THE SOLDIER DEAD

Memorial Highway Is One Suggestion - Monument to Be Erected at Each End of Road - Hall of History or Museum For Preservation of Gaston's War Relics Is Another Suggestion.

Deciding that the proposed marker of granite and bronze suggested by the American Legion in honor of the soldier dead from Gaston county was not sufficient tribute, the massurecting of citizens held at the courthouse Tuesday evening had two or three afternate suggestions to offer in the stead of the bronze tablet. One was from Mr. W. T. Rankin, suggesting that one of the main highways of the county be designated a memorial highway in bonor of the Gaston county veterans. He cited instances of where this has been done in Florida, part of the National Highway across Florida being set apart as a memorial road. A monument is at each end of the road, and along the road there is an
