TOMORROW IS THE LAST DAY OF THE ACTIVE NEAR EAST CAMPAIGN NOW ON IN GAS-TON COUNTY.

GASTON HEARTS AND PURSES.

In the most representative offering some future date. Autoists from the possibly taken in Gaston county since the strengous and anxious days of the World War, Gaston hearts have been touched by the distressing conditions prevailing and generous outpouring of some of the blessings an infinite Almighty has poured out upon us.

Churches and Sunday schools, Bankers ness, housewives and young children in the homes have vied with one another to give of their store, with which God has blessed them, to relieve some of the distress and destitution existing among the and children of a stricken land. | 2:30 p. m. HEAD NOISES AND RINGING IN THE EARS

(Health Talk No. 3)

(By J. C Small, D. C. Ph.C.)

Head noises and ringing in the ears are the natural accompaniment of catarrhal trouble. The ear passages and the air passages are connected, and the stopping up of the air passages by mucous, as in a cold, extends to the ear passages and causes trouble there. Deafness is quite frequently an accompanying symp-

ACTOR

A cold that affects the hearing is usually quite severe in character, and is usually so discomforting to the sufferer that everything possible is done to get rid of it. However, the fact that its cause is in the spine, and that the quickest possible relief is usually to be had from chiropractic spinal adjustments, is not generally known. The adjustments restore the full tide of spinal nerve impulses into the air passage tissues and cells and with this aid Nature soon clears the trouble.

Deafness of 28 Years Is Ended

Arthur R. Thompson, pragrietor of a sterm hambles, states: 11 I wassafthirted with declares for awenty eight vents print to my trial of chiropraethe spheral adjustments. I could not hear a temphone ringing on the desk beside me. After adjustments my. heating began to come back and today is completely restored. This statement I make under oath. " --A. R. Thompson, Chiropraetic Research Bureau, Statement No., 1302-

A Baby Weighs About 8 Pounds A Man 160

Telephones:

The baby is but a bundle of possibilities. The man, better or worse, is a finished product.

And the difference between the baby and the man between your child and what you want him to be—is simply a matter of food and education—of what goes into his stomach and his brain.

What a child eats is, therefore, one of the two most important questions that every mother is called on to decide. From the time your child begins to walk, give him plenty of Light Bread.

Wheat is known as the best all-round food there is. Wheat ground to flour, then further broken up and raised by Yeast into Light Bread, is not only the most nourishing, but also the most digestible food there is.

BUTTER-NUT BREAD

Made with Yeast

—furnishes all the best food elements in such a form that the stomach can take and digest them practically without effort.

Ask your grocer for it.

Carolina Baking Company
