HURT ALL OVER

Texas Lady Couldn't Sit, Stand or Lie With Any Comfort. Says

"Cardui Did World of Good."

Bartlett, Texas.—Mrs. Nannie Messer, of Route 3, this place, states: "About three years ago I was in a very critical condition. I had been suffering for some time. To tell how I hurt would be impossible.

"I just hurt all over. I couldn't sit, stand or lay with any comfort, my back, sides and head all gave me a great deal of trouble.

"I was especially bothered with a light swimming in my head. My people were very uneasy about me and sent me to my relatives to see if a change would do me any good.

"I stopped at a sister-in-law's and she being a great believer in Cardui, asked me why I didn't use it. I decided to try it.

"I had only taken a few doses when I felt it would do me good. This gave hope and I used it right along and it did me just a world of good, since which time I have never ceased to praise Cardui."

Cardui is for simple female complaints and womanly pains and has been found to benefit in thousands of such cases when not due to malformation or that do not require surgical treatment. Try it.

UNION LOCALS

(Correspondence of The Daily Gazette.)

UNION, March 22.—On Friday evening, March 17, the Christian Endeavor society had a social meeting in the school house. This is a thriving society, and there was a large crowd present.

Many games were played. Some of our young ladies took the course of games taught in Gastonia not long ago, and they were a great addition to the fun of the young people.

A green curtain was stretched across the front of the stage, and when it was drawn aside, tables were found ready set and the guests were invited to seat themselves after drawing their partners by means of slips of paper.

Delicious ice-cream and cake were served, in which green shamrocks were stuck, in honor of St. Patrick's day.

Someone asked me just why St. Patrick's day was celebrated all over the world, so I shall digress enough to tell it.

In about 440 A. D. Patrick, a Scotchman from Kilpatrick went to Ireland to be missionary. He was a Protestant and labored there for 40 years. He was a great man, and built many churches and schools, placing the latter near the churches, the first time schools and churches were built near together.

One day he was explaining the Trinity to his people, and taking a shamrock, a species of the clover family, he explained the one leaf with its three divisions, as the same as the Trinity.

Ireland adopted him as its national Saint and the shamrock as its national flower, and green as its flag color. It has always been a mystery why the Roman Catholic church claims him, for he was a Protestant missionary.

He is also said to have caught up all the snakes in Ireland and shut them up in a box, which he threw in the bottom of a lake; but the fact is, that "Bonny Erin" never had any snakes.

The Irish celebrate St. Patrick's day all over the world and it is an interesting date to remember.

On Friday afternoon the basketball team went to Brandon schoolhouse, where they played a matched game, resulting in victory for Union 25 to 9.

Mr. and Mrs. Lamont Hand and Little Miss Hand, from near Charlotte, have been visiting Mrs. Hand's parents, Mr. and Mrs. Porter Craig. Miss Ida Craig, of Gastonia, has also been at home for the week-end.

Sunday, there was a congregation al meeting, and an election of new elders and deacons. Those chosen for elders were: Messrs. Ralph Craig and George Wilson; and for deacons: Messrs. Carl Kendrick and Joseph Patrick.

It was especially bothered with a light swimming in my head. My people were very uneasy about me and sent me to my relatives to see if a change would do me any good.

I stopped at a sister-in-law's and she being a great believer in Cardui, asked me why I didn't use it. I decided to try it.

I had only taken a few doses when I felt it would do me good. This gave hope and I used it right along and it did me just a world of good, since which time I have never ceased to praise Cardui."
