

UNION LOCALS

(Correspondence of The Daily Gazette.)

**UNION, May 25.**—Rev. G. A. Sparrow returned on last Thursday, from a trip to Raleigh and Greensboro. He went to Raleigh to attend a trustee's meeting of Peace Institute, and stopped to visit his sister, Mrs. R. F. Dalton, in Greensboro, on his way home.

Sunday Mrs. James White, and Mr. and Mrs. Bernard White and children, were at Union, and spent the day visiting Mr. and Mrs. Braxton Moore.

Letters have been received from our two charming teachers, Misses Pauline Mauldin, of Moultrie, Ga., and Mary Leeper of near Belmont. They will both attend the summer school at Asheville, and are looking forward to being there in about two weeks. They will be with us again this Fall.

On Sunday afternoon, Rev. and Mrs. G. A. Sparrow and Mr. H. Bigger went to Hepzibah church, where Mr. Sparrow installed Dr. Harrell, pastor of Bassinger and Hepzibah churches; the trip was made by auto, and they returned in time for the night services.

On Tuesday afternoon the rain that was almost a water-spout, in Gastonia, and on the other side of it, did not fall at all in this neighborhood; and the farmers are rejoicing that they can go on with ploughing and planting; and they are very busy men just now.

Work on the Union road is being rapidly pushed forward, but we still use the cross-road to the York road as a detour. The asphalt is at one side, and the other side is being made into a fine sand clay road, the whole will be a fine broad road.

**WASHINGTON, March 25.**—The State Department announced today that it had communicated to the Canadian Government its willingness to begin negotiations in connection with the St. Lawrence canal project to permit ocean-going vessels to reach the great lakes. No answer has yet been received from the Canadian Government.

GAINS 20 POUNDS, EATS ANYTHING AND FEELS FINE

"I Just Want to Tell Everybody What a Wonderful Medicine Tanlac Is," Enthusiastically Declares Lynchburg Resident.

"I only weighed one hundred and five pounds when I began taking Tanlac but now I weigh one hundred and twenty-five pounds and feel perfectly splendid," said Mrs. E. R. Chowning, 815 Filmore St., Lynchburg, Va.

"I was never a very strong woman, and an attack of influenza which kept me in bed several weeks, left me in a terribly weakened condition. I could hardly digest a thing and simply suffered tortures from gas on my stomach, which nearly cut off my breath and caused pains that were almost unbearable. I was too weak to do any of my housework and had such a swimming in the head I was afraid to go up or down the steps without help. Once I fell right out of my chair and had to remain in bed several days.

"My daughter got a bottle of Tanlac for me and it did me so much good I kept on taking it with the result that now I am in better health than for years. I feel fine all the time, eat anything on the table and am enjoying life more than I ever expected to again. Tanlac is just grand."

Tanlac is sold by all good druggists.

Casey (rolling up his sleeve): "Did you tell Reilly Ol was a liar?"

Murphy: "Ol did not. Ol thought he knew it."

Ready Today-- New Tire Values!

"We have now perfected, for all sizes, the efficient manufacturing processes which enabled Seiberling Rubber Company six months ago to announce a revolutionizing and superior Seiberling Clincher Cord Tire, 30x3 1/2 for \$12.50.

"A price reduction, therefore, of approximately 12 1/2% will be made on all straight-side Seiberling Cords—to be effective June 1st, 1922. These prices establish a rock-bottom basis—the lowest possible for fine tires.

"You may say to the car owning public, in connection with your announcement, that in my opinion, Seiberling-built Tires embody today highest quality and low cost to a degree which has not been equalled in my 23 years of rubber manufacturing."

What This Message Means to You

Read again that last paragraph of Mr. Seiberling's message to us. Remember it is made over his own signature by a man whose name has stood for achievement in the making of highest quality tires for more than 20 years—the builder of more cord tires than any other man—the inventor of the straight-side tire—the man responsible for today's type of cord—and the man who made possible the Seiberling 30x3 1/2 Clincher Cord Tire to sell at \$12.50—the most talked-about accomplishment in the tire industry during the past six months.

No such tire values have ever been offered as you can now get in Seiberling Cord and Portage Tires, Seiberling-built. These tires embody more advanced features of construction than any other tires on the market.

We want you to prove these statements to yourself quickly so instead of waiting until June 1, we are making these new tire prices effective to our customers today.

Come in, or phone us. Start today to cut your tire costs by riding on Seiberling-made Tires.
