To Test Roma's Successor

Government aviators at Hampton Roads, Va., will test with helium gas this new American-made blimp, constructed at Dayton, O., to replace the Roma.

Big Enough to Keep Burglars Away

Mrs. Glenn Stewart, wife of an American diplomat, and her 200-pound world's champion Irish wolf hound, Champion Ballyshannon, who has captured more prizes and awards than any dog living, she claims. There are fewer than 50 registered Irish wolf hounds in the world.

HIGH OLD TIMES FOR THE AMERICAN LEGION

Meeting in New Orleans to Be Marked By True French Flavor—City Puts On Gala Attire for the Occasion.

French atmosphere will pervade New Orleans during the five days, beginning October 16, when the 1922 convention of the American legion is held in that city, a communication from the committee there declares.

The famous carnival atmosphere of the Mardi Gras will prevail. Athletic contests will be put on. War vessels of many nations will stage maneuvers. A spectacular air raid will take place above the business center of the city. Women visitors will be entertained with French fetes, yacht reviews, teas, luncheons and automobile tours.

Arriving in New Orleans the visitor will meet Creole and French girls attired in head-dress and garb of Brittany, Normandy and other picturesque French provinces. On sale at the street corner will be a special La Vie Parisienne edition of a local newspaper. A great white way, with 33,000 electric lights, will make a memorable display on the downtown streets. Amusements will be so arranged that each man will be able to take advantage of the kind of entertainment he desires.

All the large hotels are co-operating with the convention committee and have agreed to provide a bed for \$1.50 and \$2.50 a day. Private homes will be open to those who prefer to be away from the whirl.

As a special act of courtesy to the legion hosts, a celebrated French carnival parade will be held by a number of French societies that have made the Mardi Gras a national event. The water carnival is expected to be one of the most unique features of the convention. All the great naval powers have been invited to send ships to participate. British, French, Italian, Mexican, Brazilian and Cuban craft will participate.

During the air raid, squadrons of bombing planes will drop flares and illuminating bombs while powerful searchlights from vessels in the harbor will play upon the air craft and show their maneuvers.

Dances will be held on the streets with music by famous New Orleans negro orchestras. Historic and exclusive clubs will open their homes to the visitors and all permanent entertainment enterprises of the city have arranged special programs for the week.

PERMISSION TO SEARCH AND BOARD VESSELS

WASHINGTON, July 7. — Prohibition enforcement officers could board and search vessels within six marine leagues (eighteen geographical miles) of the coast of the United States under an amendment to the tariff bill proposed today by Senator Sterling, Republican, North Dakota, a member of the judiciary committee.

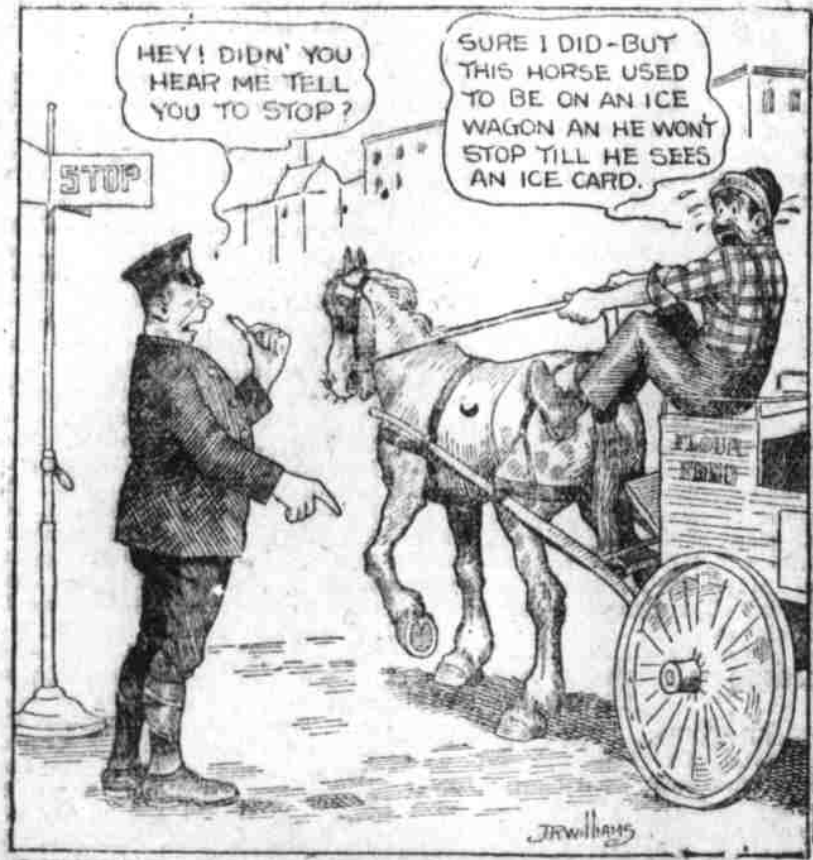

The celebrated De Luxe line of loose leaf devices are sold in Gastonia by the Brumley-Walters Printing Co.

Efforts are to be made during the coming summer to retrieve some of the \$15,000,000 worth of specie which sank in the sea when the Laurentis was torpedoed during the war by a German submarine near Lough Swilly, Donegal. Previous salvage operations saved approximately two-thirds of the treasure and specially trained divers from the British navy are expected to recover the rest. The vessel lies in about 20 fathoms of water and the huge boilers rolling about make operations hazardous.

Some of our gardeners have had vegetables. You can tell by the empty cans in their gardens.

Any man who gets up early on Sunday is lazy. He does it so he will have time to loaf.
