# BESSEMER CITY, N. C.

One of the most progressive towns in North Carolina's most progressive county—Gaston. Population 3,000 and steadily growing. Contract just let for sixteen blocks of hardsurface streets in the business section of town. City hall to cost \$15,000 to be built at once. Water and sewerage systems being extended. Five textile plants turning out a varied line of products. Largest number of looms in any town in Gaston county. Twenty or more new residences in process of construction. Splendid schools and churches. The hardsurfaced State highway from Gastonia to the Cleveland county line, on the Wilmington-to-Asheville route, passes through the business section of the city. By October first this road will be completed from Charlotte to Bessemer City, a distance of thirty miles. Up-to-date stores and progressive merchants. Bessemer City is a town with a future. The lath-string always hangs on the outside and we extend a cordial invitation to any progressive man who is looking for a live town in which to make his home to investigate Bessemer City's claims. On the through double-track system of the Southern Railway from New York to New Orleans, our transportation facilities are of the best. Living costs are at a minimum. For further information address R. C. Kennedy, Mayor, Bessemer City, N. C.
