THIRD NATIONAL BANK TO OCCUPY HANDSOME NEW EIGHT-STORY BUILDING

Third Trust Company Now Erecting \$300,000 Building on Main Avenue—To Contain 114 Offices, Most of Which Are Rented—Gastonia's Baby National Has Had Wonderful Growth in Its Three Years of Life.

The cut, made from the architect's drawing, appearing elsewhere in today's issue, shows the handsome new home of the Third National Bank of Gastonia as it will appear when completed, which will be some time next year. Actual work on this building was commenced a few days ago, the first concrete in the foundation having been poured September 6th. When completed this will be one of the handsomest and most modernly equipped bank and office buildings in the South. There are others larger, but few, it is said, that surpass it in quality of construction and equipment.

This building occupies the site at the corner of West Main Avenue and South Street, commonly referred to as Morris Brothers and Kennedy's corner, because of the fact that for many years Morris Brothers store occupied it and for the past several years the old building at this place was occupied by Kennedy's.

Facing fifty feet on Main avenue the building extends back 110 feet on South street. It will be seven stories and basement, of steel and concrete fireproof construction. The exterior will be of a handsome red tapestry brick with granite trimmings. In addition to a commodious and splendidly furnished banking room, the first floor will contain four store rooms. Above the ground floor there will be 114 offices. It is a significant fact that, practically a year in advance of its completion, nearly all of these offices have been leased. One entire floor has been arranged in suites of offices designed especially for physicians and dentists and this floor, it is understood, has all been taken. The floors and walls are to be soundproof. There will be running water in every office in the building. Fast passenger elevators will give quick service throughout the building. One elevator will not be found in bank buildings will be a specially equipped rest and toilet room for ladies. No detail was omitted by architects, Milburn, Heister & Co., of Washington, D. C., to make it complete and up to date in every respect. The contract for the erection of the building is held by the J. A. Jones Construction Co., of Charlotte. The building is to cost complete \$300,000. The site cost \$150,000, the property thus representing an investment of \$450,000. It is the property of the Third Trust Company, a holding corporation allied with the bank.

The Third National Bank is less than three years old, having begun business October 10, 1919, with deposits of \$200,000 and total resources of \$450,000. On September 1st of the present year, the deposits totaled \$750,000, while the total resources amounted to \$1,500,000. The capital and surplus is \$300,000. The bank has never failed to pay its regular three per cent semi-annual dividend since it was chartered.

The officers of the bank are: J. White Ware, president; W. T. Love and V. E. Long, vice-presidents; Wade S. Buice, active vice-president; F. C. Abernathy, cashier; W. H. Patrick, assistant cashier. The directors are: J. White Ware, Wade S. Buice, V. E. Love, A. S. Kresh, R. G. Cherry, W. H. Wray, W. Glenn, R. S. Abernathy and D. T. Oatis.

NOTICE TO LITERATURE DEPARTMENT GASTONIA WOMAN'S CLUB

Mrs. Long, who has worked so very faithfully all summer to complete the plans for the program and to arrange the reading clubs as the members wanted them arranged, has received the first shipment of books and outline studies. She is very anxious to get these distributed and the money collected. Those who gave in their names last spring are the ones to receive this first shipment of books. All who ordered books for themselves at this time will please go to Mrs. V. E. Long's home and take her \$6.10 for the four books and one outline. Those who are in groups of two will either go together or let one of the group go and take one person of the group will send by one person \$6.80. In order to understand this the books cost \$6.85 and each outline cost 25 cents. The printer would not print less than 100 so each person will get an outline. This will be much better than last year when there was only one outline to every four. We think the study this year will be very profitable and many of us will learn how to get the best out of books we read in the future. With a great deal of trouble we have made out a list of cars and the persons we would like the owners to take. Our plan is for the same ones to go in the cars each time. If each one will try out the plan we have worked out it will simplify matters very much and do away with a great deal of phoning. We will phone to go and ask you and please don't ask us to make changes unless absolutely necessary. It will upset our entire roll.

Below is a list of meetings with leaders, hostesses and dates. PLEASE reserve the first Wednesday for the Literature Department at the Country Club.

LOCAL DISTRIBUTION SECURED FOR POLO CIGARETTES

Fifteen letter cigarettes for ten cents is the inducement offered to smokers by the Liggett & Myers Tobacco Co., in introducing Polo Cigarettes in this city.

Backed by a liberal use of newspaper advertising, Polos are being given widespread publicity with the object of convincing smokers that for the price Polos is the best cigarette value in the market.

Realizing that it is a true indication of "old times" to be able again to push a quality cigarette in a dime package, the manufacturers have adopted a lively new slogan for the present advertising campaign. "That's more like it" is the caption which accompanies the photographic cartoons of delighted Polo smokers.

It is believed that Polo will "catch on" instantly, not only because of its attractive price, but because of the widely recognized reputation of Liggett & Myers for putting good tobacco into their products. Tobacco experts concede that Polo is an unusually good tasting smoke. This is due to the fine quality of Virginia, Burley and Turkish tobaccos used, and also the unusual way in which the tobaccos are blended.

The black and red package is a fitting container for a quality smoke—one of the handsomest packages that has ever been put out. Nor have the manufacturers skimped in quantity in order to put up a quality smoke in a dime package. Every Polo Cigarette is full weight and full size.

The following local dealers are now handling Polo Cigarettes: Torrence Drug Company, J. H. Kennedy Drug Company, J. L. Adams Drug Store, P. E. Davis, O. K. Luneh, Royal Cafe, New York Cafe, L. L. Lewis & Co., R. H. Reedy, D. B. Hanna, William Davis, The Smoke Shop, Sweetland, P. P. Leventis & Co., Armington Hotel News Stand, J. D. Heath, George Knuckey, Star Cafe, J. Y. Miller & Son, Red White and Blue Cafe, Loran Drug Store, C. T. Webb, Crenshaw & Corn, Bell Cafe, Curlee & Johnson, Morris Cafe, Depot Cafe, One Minute Lunch, Superior Cafe, McLean Bros., W. C. Teeter, McKinley & Breddon, P. E. Lippford, Ricard Salem, Miller Drug Co., Mrs. Doris Webb, S. W. Grayson, Bell Grocery Company, H. M. Farmer, Washam Grocery Company, West End Filling Station, S. Settlemeyer, B. A. McCall, York Street Cafe, C. P. Ballard, J. R. Fish and J. B. Bonham.

READING CHARACTER

"They tell me," said a young man to a veteran banker, "that you are a remarkably successful reader of character. Will you read mine?"

"With pleasure," answered the banker with a friendly smile.

"Will you read my face or my palm?" asked the young man.

"Neither," replied the banker, "let me see your savings pass-book. That is the best index to character that I know."
