

AERIAL KIDNAPING IN SEARCH FOR SITE OF YEOMEN'S \$10,000,000 HOME

AT MONMOUTH

MR. FARMER AND MRS. BELL

MONMOUTH, Ill.—President C. C. Merillat of the Monmouth Chamber of Commerce looked annoyed.

"They've got to come," he said. He gave an order over the telephone. It sent an airplane winging south.

A. N. Farmer, special representative, and Mrs. Lillian Bell, supreme chaplain of the Brotherhood of American Yeomen were in Dixon, Ill. 100 miles away inspecting a site for the \$10,000,000 home for motherless and fatherless children which the fraternal society is planning to establish.

They had intended inspecting other sites in Monmouth and Peoria but found their traveling schedule would not permit. They wired their regrets.

They were leaving their hotel in Dixon to take the train out of the state when the Monmouth airmen hustled up.

"I have orders to bring you to Monmouth if I have to kidnap you," he said.

"But our schedule—" argued Mr. Farmer. The pilot handed them into the airplane. Soon they were high above the earth and the possibility of effective protest. Skimming through the sky, they swooped down into Monmouth. President Merillat with a committee showed them the proposed home site. Then generously he sent them in the airplane to Peoria where they had plenty of time to inspect the site there before their crowded day ended. And thanks to the yoke machine that makes a feat of time and distance, they were able to keep their schedule.

Rivalry is keen among cities all over the country to obtain the Yeomen's home. Sites have been offered in every state. A tract of 2,000 acres is required. Built on the cottage plan, the home will form a veritable village with post-office, bank, stores, gardens, dairy and school of its own. It will house 1,500 children.

TURTLE LIVES AFTER HIS HEAD IS SEVERED

Puppy at Raleigh Is Living Example That Death Means Nothing to These Creatures.

RALEIGH, Oct. 12.—That the tail will single until sunset after a snake has been killed is an old story. But the fact that a turtle head is dangerous from a hissing standpoint after it has been severed from its body is considered new here.

Wade Lewis, well known trapper of this city, caught a 20 pound turtle while fishing near Raleigh Tuesday. He killed the turtle at his home Tuesday afternoon and threw the head in the yard. A puppy spied the bloody meat and started after it. As he began to sniff at the turtle head he gave a yelp of pain. Investigation showed that the head had clamped down on his nose and it was necessary to pry the jaws open to release it.

After the head had been removed from the dog, it snapped a stick that was poking at it. The incident was witnessed by a number of Lewis' neighbors, including the reporter of a Raleigh newspaper.

PREPARING TO ENTERTAIN WOUNDED VETERANS

NEW ORLEANS, La., Oct. 13.—Final preparations were being made here today by American Legion officials to welcome the wounded soldiers of England, France, Italy, Serbia, Czechoslovakia, Belgium and Rumania who arrive here tonight as delegates to the convention of the Inter-Allied Veterans Federation to be held Saturday and Sunday and as guests of the legion during its convention next week.

Prominent among the suggestions to be laid before the Inter-Allied veterans for action is a proposal to call upon the governments of nations allied against the central powers during the world war to care for the disabled veterans of former allies now living in this country. Thus Italy would agree to care for disabled American veterans now living in Italy and the United States would care for disabled veterans now living here who received their injuries fighting in the Italian army during the world war.

Thinks Gaston the Best County In State.

(Cherokee Times.)

A great many Gaston people are attending the Gaston County Fair at Gastonia. We think Gastonia has the distinction of being the most progressive county in old North State, at least she has more cotton mills than any other county in North Carolina, and we know of nothing which speaks more loudly of progress than building cotton mills. The people of Gaston and Cherokee county by reason of their proximity to North Carolina look upon the people over there as our own people. This especially applies to the people of Cleveland and Gaston counties because of their nearness to us. The line which divides the two States is indeed only imaginary, and traveling from one State to the other, we do not realize that we have crossed the line.

"Hobson's Choice"

LONG ago Toby Hobson kept the only horses for hire in Cambridge. It was his rule that customers had to take the horse nearest to the door, whether they liked it or not. So "Hobson's choice" came to mean—"Take this or none."

HEALTH and WEALTH

Considerable information has been published recently about the discovery of the wonderful effects made upon the human system by the element known as VITAMINES. These discoveries led to a series of yeast preparations that have been tried in all the leading hospitals with wonderful results.

While these tests were being made and the public was enjoying the remedial effects of yeast tablets, a group of pharmaceutical chemists in Chicago and Indianapolis were experimenting to increase the benefits of the yeast VITAMINES tablets to the fullest measure—they felt that the limit had not been reached. The result is the YEASTOLAX—the world's

GREATEST HEALTH YEAST TABLET

YEASTOLAX is the world's greatest health yeast laxative. It is the latest scientific development of palatable yeast. It is not only rich in Vitamines, but also embodies a highly valuable, health building laxative—a quality none of the other yeast tablets possess. It comes in a tasty, tablet form—very pleasant to take and delightful in its effect. Children like it and are greatly benefited by it. If you suffer from

"RHEUMATISM," CONSTIPATION, INDIGESTION, ECZEMA, BRONCHITIS, BOILS OR IMPURE BLOOD

or if your nerves are affected in any way; or you desire to have a fine, clear, healthy complexion; or if your stomach is not in good condition, we want you to try a package of our MARVELOUS HEALTH-BUILDER, YEASTOLAX.

Among its various elements, YEASTOLAX contains the highest and most potent VITAMINES, which the scientific world has found to be absolutely necessary to bodily vigor. People all over the country have found great relief through its use and now feel the joy of perfect health and vitality. YEASTOLAX also has the properties of being non-grippingly and mildly laxative, possessing fine stomach regulating power, the effects of which you feel very quickly.

The laxative ingredients embodied in YEASTOLAX are most happily combined with the other vital, body building elements, which makes this tablet more desirable than any other eatable yeast compounds hitherto offered.

By keeping up your vitality and vigor through the use of YEASTOLAX your system will be put in a position to fight off the hosts of invading germs that are persistently endeavoring to entrench themselves in the human body; to eat into the system and destroy life itself. It cannot be too emphatically made clear that everyone owes it to himself and family to keep as healthy and fit as possible. The human organism is a wonderful machine adapted under normal conditions to find a balance of health. But because of our modern methods of refining foods (destroying their health-building vitamins) and our general way of living, our bodies are not given half a chance, with the result that invading germs and infections find it frequently an unguarded and easy prey.

THE BEST VITAMINE YEAST

Water-soluble Vitamins B, contained in rich proportion in YEASTOLAX, is an element which has the power of building up the bodily nerves and tissues to resist disease, and is positively essential towards offsetting the evil effects on the health of civilization. The highly refined stomach regulating properties injected into YEASTOLAX make

it positively a body builder of the finest kind. If you have a weak or delicate stomach or a stomach that is in any way out of order, YEASTOLAX will relieve you wonderfully, making you feel like a new person.

ABSOLUTELY FREE 50,000.00 RUBLES

The Russian Ruble recently was worth 55c per ruble, giving the above a value of \$27,500.00.

Save this money; many a great fortune has been built up by buying foreign money after wars. It is rumored that \$50,000,000,000.00 worth of radium has been discovered in Russia, and the press is calling attention to vast American projects of oil and other industries that are being directed towards Russia. The Chicago Tribune on Sept. 12th calls attention to the new canal which has just been opened for shipping between Russia, Germany, Persia and Central Asia, affording a new source of raw materials for the Russo-German combine, especially oil, manganese and copper and opening up the rich Persian and Central Asian trade to Germany and Russia. Think what this means. Surely you cannot afford to pass up the opportunity to acquire these Rubles.
