REUNION OF ENOCH FAMILY

(Continued from Page 1)

counsel to his friends and neighbors has proved to be of real worth. He was a member of the old Clinton Lodge of Masons, and since that lodge ceased to function, became a member of Caswell Lodge. He has for many years been truly regarded by the members of the craft as a just and upright Mason.

This worthy couple have attained the honored ages of 76 and 70 years, respectively, and both are in the possession of all of the faculties which go to make up a happy life.

Sunday afternoon children, grandchildren and great-grandchildren came back to the ancestral home, and received the blessings of the revered heads of this family. Under the shade of the maples at the noon hour all partook of a wonderful feast, and renewed the most happy contact.

With the descendants came relatives and many of the friends and neighbors. In all more than 250 people took part in the day's happiness. The crowd began to gather at 8 o'clock, and until 5 o'clock in the afternoon the real joy of the reunion was felt.

Some say that not in years has a more wonderful feast been spread, nor one partaken of with more evident relish. On the long table under the thick maple shade there was seen the abounding evidence of real South Caswell hospitality. The best cured boiled ham was given a place of honor amid the prodigality of fried chicken, mutton, beef and shoate, while a dessert to tempt the most exacting epicure gave an appetizing setting to the great dinner. It was about this long table that the 250 guests feasted while all the time the best of good cheer and friendly conversation prevailed. Mr. and Mrs. Enoch were the recipients of many congratulations, and the wish was freely expressed that the future might hold in store for both of them a number of years of usefulness and happiness.

The following children were present: Mrs. Ada Walker, Yanceyville, R. F. D. No. 2; Mrs. Andrew J. Stadler, Burlington; Mrs. Walter Walker, Union Ridge, R. F. D. No. 1; L. J. Enoch, Yanceyville, and Mrs. W. F. Brannock, and L. W. Enoch, Yanceyville, R. F. D. No. 2.

Grandchildren were: Mrs. C. H. Vanderford, Liberty; Mrs. A. E. Whitmore, Durham; Mrs. M. J. Stadler, Burlington; Ollie Stadler, Annie Stadler, Irma Stadler, Olivia Stadler, Elaine Stadler and Hazel Stadler, Burlington, children of Mr. and Mrs. A. J. Stadler.

Wallace Walker, Lawrence Walker, Raleigh Walker, Harvey Walker and Elna Walker, children of Mr. and Mrs. Walter Walker, Union Ridge, R. F. D. No. 1; Frances Enoch, daughter of Mr. and Mrs. L. J. Enoch, Yanceyville; Marvin Enoch, James Enoch, Ross Enoch, Mae Enoch, Virginia Enoch, Gwen Enoch, children of Mr. and Mrs. I. W. Enoch, Yanceyville, R. F. D. No. 2; Elizabeth Brannock and Billie Brannock, children of Mr. and Mrs. W. F. Brannock, Yanceyville, R. F. D. No. 2.

Great grandchildren, Miss Elna Stadler, Burlington, daughter of Mr. and Mrs. M. J. Stadler; Mabel Vandeford, Raymond Vandeford, children of Mr. and Mrs. C. H. Vandeford, Liberty.

PUSH GROWTH OF LATE VEGETABLES

Growth of vegetables in late summer and fall is usually not so rapid and vigorous as in spring. This makes it important that a liberal amount of plant food be available for their use. Several side applications of sulphate of ammonia or nitrate of soda should be given. Scatter it around the roots of the plants and work it in. Do not let it touch the leaves.

A teaspoonful for a good size cabbage plant or half teaspoonful for a small bunch of beans is

about right quantity. Two or three applications may be given, but these should be at intervals of two or three weeks. If this liberal fertilization is given and frequent shallow cultivation is kept up so as to conserve the moisture and keep down weeds and grass, there is no reason why fall vegetables should not be tender and delicious.—Progressive Farmer.

REVIVAL AT BETHEL METHODIST CHURCH

Last week the congregation at Bethel Methodist church held a revival meeting, in which the pastor, Rev. W. C. Merritt, was assisted by Rev. H. I. Glass, pastor of Central Methodist church, Raleigh.

Great interest is said to have manifested in this series of services, large congregations being in attendance all the while.

It is reported that much of this interest was due to the fact that Rev. Mr. Glass was born in the Cobb's school community, and grew up there, having joined Bethel church at an early age.

The sermons of Mr. Glass are said to have been of a high order, and were much enjoyed by the people of the entire community.

Farmers in the mountains are pleased over the outlook for crops this year due to the fine rains which they have had during the late summer.

The calves raised, the skim milk available for feed and the manure for soil building purposes, are about as valuable as the cream check to the dairy farmer, states one leading dairy educator.

THE ORCHARD NEEDS THAT COVER CROP

We have seen many orchards recently, both commercial and home, in which summer cover crops of cow peas were growing. This is the right treatment, and we urge that these be chopped to pieces in late summer or early fall and allowed to rot on the ground instead of being cut for hay. If the orchard ground is already quite rich, it is permissible to cut the hay for feed, but it is not often that we find soil in an orchard too rich.

Take steps now toward putting in winter legumes in the orchard as cover crops. A good mixture, in most of the South, is hairy vetch and some of the small grains. Some prefer other mixtures, but whatever is used, make plans to get the seed in early.—Progressive Farmer.
