Our sale on Monday the floor over averaged for the 45,000 pounds sold 31 cents a pound.

Practically all the warehousemen at the Piedmont are Caswell county men, and we want the tobacco growers of Caswell to feel that when they bring their tobacco to us they are not among strangers. You are guaranteed courteous treatment and will get the high dollar for your tobacco.

We have the largest floor space in Mebane and the house is well lighted and provided with all the conveniences necessary for taking care of your tobacco.

We have here at Mebane the largest wrapper market in the world. This helps in making for a high average for the tobaccos intrusted to us for selling.

If you want the High Dollar for your tobacco come to the PIEDMONT.

JUNIUS ALLEN, HARRY OLIVER and WALTER DILLARD.

(Continued from Page 1)

they want to hear about the advantages of the condensery. He knows what the condenseries have done for other places and will be able to tell what one will do for this county.

To secure the condensery for Mebane the farmers within a 30 miles radius of that town will have to assure a daily supply of 50,000 pounds per day. This will be five or six thousand gallons. This amount can be supplied easily if only a sufficient number of the men and women within the 30 miles radius will agree to buy the cows and supply the milk. And it is certain that whoever wants to buy cows will be enabled to do so in one way or another.

Mr. W. S. Harris, of Mebane, phones on Tuesday that it has been definitely arranged for Mr. Humphrey to speak at Anderson school on Tuesday night, November 1st, at 7:30 o'clock. Everybody in reach is strongly urged by the Caswell Chamber of Commerce and by the Kiwanis Club of Mebane to attend that meeting if possible. Mr. Harris says that an engagement for Prospect Hill will be announced later, and possibly one for Yanceyville. Mr. Carter of Mebane is also to speak at Anderson school on Friday night, October 28th. There is to be an entertainment there then. But Mr. Carter will speak about the condensery.

As the people learn of the proportions of the condensery business they get on fire about it. If only everybody would go plumb wild about it there would be no question about its coming to this section. A condensery is going to be located somewhere in North Carolina. And Mebane stands a good chance of getting it. Why shouldn't all the intelligent folks of Caswell turn out in a body and root for the enterprise? It will help us out of the financial wilderness quicker than anything else.

The Caswell County Chamber of Commerce urges everybody who can do so to come to Anderson school on Tuesday night, November 1st, at 7:30, and to Prospect Hill and Yanceyville when the dates are announced.

### RESOLUTIONS

Adopted by the Fourteenth District of North Carolina, Jr. O. U. A. M. at Yanceyville, Friday, October 14, 1927.

WHEREAS, our State is being burdened with a large number of stores and filling stations which operate on the Sabbath day, many such places often being called stores and filling stations, when in reality they are blind tigers and assembling places for boys and young men who should be at home or at Sunday School; THEREFORE, be it resolved that this District meeting of Juniors of the Fourteenth District, composed of Rockingham and Caswell Counties, go on record as

## You'll Be Miles Ahead---

WHEN YOU EQUIP WITH

# Firestone Gum-Dipped Tires

Firestone Tires wear longer, because every fiber of every cord is insulated with rubber, as a result of the Gum-Dipping process.

This practically eliminates internal friction, the greatest enemy of long tire-life in ordinary tires.

Gum-Dipping, exclusively Firestone, increases the strength and flexibility of the tire.

Nevertheless, Firestone prices are the lowest in tire history.

That's why you'll be "Miles Ahead" when you equip your car with these wonderful tires. Come in today!
