

### The Tennis Tournament.

Since Monday the tennis enthusiasts of the University have been greatly interested in the Tournament and some of the games have been unusually exciting, both to spectators and to players. Thirty men have entered and the final game will probably be as far off as the middle of next week. In the preliminary matches the class championships are decided, and the scores of games played up to the present date are as follows:—

Prof. Harrington and Mr. Zachary are in the lists and hold the championships of the Faculty and Medical Class respectively. They will come in on the final round for the University championship and first prize.

The players who were knocked out in their first games, will have a chance at the "consolation" prize, which will consist of one dozen balls.

After this tournament is over, we hope some steps will be taken to arrange matches with other Southern colleges.

### LOCALS.

The junior circle of The King's Daughters had a very pleasant afternoon Tuesday in the way of a birthday party.

Dr. Alderman is the delegate of the University of North Carolina to the sesqui-centennial celebration of the founding of Princeton College. Dr. Alderman will have the proud distinction of representing Princeton's oldest child. The celebration will last ten days, from October 10th, to the 20th. It will be a splendid gathering of brains, scholarship and distinction. The representative of North Carolina will take high rank and her reputation will not suffer in his hands.

We are informed by Coach Johnston that the following men will probably play in to-day's game.

Center, Joyner.  
Guards, Bagwell, Turner, Carson, and Neville.  
Tackles, Wright, Lake, and Bagwell.  
Ends, Best, Faison, White, and Hines.  
Quarter back, Green.  
Half backs, Haywood, Busbee, Rogers, and Buxton.  
Full backs, Belden and Williams.  
Substitutes, Collins, Patterson, Hayes, Canada, Harlee, Pond, Graves.

### The Philosophical Club.

The first meeting of the Philosophical Club was held in the English Room Tuesday night last. Mr. R. H. Wright as temporary chairman, called the meeting to order. Officers for the present year were elected as follows:

H. G. Connor, President.  
B. Craig, Vice-President.  
Theo. Kluttz, Secretary.

The subject of the evening's discussion "The nature of mathematical knowledge was then taken up." Mr. S. B. Shepherd read the first paper. Mr. Shepherd contended that mathematical knowledge is merely a matter of perception of relations.

Mr. T. L. Wright read the second paper contending that mathematical knowledge involves pure reason. Whether a conclusion was reached or not this writer is unable to say. We can say that when we made our exit the lines were still drawn and the battle was raging fiercely. The Club regrets that Prof. Williams was not able to attend its first meeting.
