F. M. OSBORNE, - - - Business Manager.
A. J. BARWICK - - - Ass't Business Manager.

ASSOCIATE EDITORS.

M. BELLAMY, JR., W. E. COX,
J. A. CALDWELL, H. M. WAGSTAFF.

Published every Tuesday by the General Athletic Association.

Subscription Price, \$1.50 per Year.
Payable IN ADVANCE or during first term.
SINGLE COPIES, 5 CENTS.

All matter intended for publication should be addressed to the Editor-in-chief and accompanied by name of writer.

Entered at the Post Office in Chapel Hill, N. C. as second-class mail matter.

The foot-ball game with V. M. I. has been cancelled, owing to the fact that they would not give us a satisfactory guarantee to go to Lexington; and would not come to play us on our grounds on the same terms. We are sorry that this game will not be played. The soldier boys usually put out a strong team and would no doubt have given us a good game.

We understand that the Manager of the William Bingham School foot-ball team and the Manager of the Horner School team have requested to be allowed to play their teams here on our field. We hope that the request will be granted. Here is a good chance to give a stimulus to Preparatory School athletics. Every student in college will be interested in this game and will give the visitors much encouragement. At this writing the answer has not been sent to these managers, but we trust that when it is sent it will be favorable.

So far we have received very few Exchange. We send THE TAR HEEL to a great many different Schools and Colleges hoping that they will favor us by sending in return copies of their paper. The following have been regularly received. *Red and Black, Harvard Crimson, Trinity Archive, The Hustler, F. and M. Weekly, Brown and White, Guilford Collegian, College Message.*

College Topics made its 1st appearance this week. We earnestly ask you who get THE TAR HEEL to place us on your exchange list or notify us at once to stop sending the paper.

Let's have a Tennis Tournament. We understand that the ambitious young tennis champions of Trinity College are anxious to try their skill with us. Why not? It might serve to stimulate a general interest in this healthy sport. At least it's worth trying.

It seems that we have published a sufficient number of "communicated" articles telling the public of the absolute worthlessness of some of the TAR HEEL and Magazine Editors. Without pay in advance we will not give the use of our columns to such advertising in the future—Honored Editors, you know what you were elected for and whether you ought to resign or not.

Lecture on Persia.

A very interesting lecture was given at the Chapel Thursday evening by Rev. Mr. Yonan a native Persian. Mr. Yonan is a graduate of Louisville Theological Seminary, and intends to return to his home as a preacher and teacher. He shows a deep knowledge of the customs, and character of his people and country.

He began his lecture by pointing out places of interest on the map and showing the important position of Persia with regard to the interests of Great Britain and Russia, and the Eastern Question. Then he gave a brief sketch of the rise of Persia more than three thousand years ago, giving stereopticon views of the tomb of Cyrus and other ancient structures, following these with the picture of the present being, and views of his palaces the most beautiful and the most costly in the world.

After describing at some length the cruelty and dishonesty of the Persian rulers, he told us of the Nestorians, a little band of Christians, who have remained among the heathen tribes since the time of the Apostles. He told of their sufferings at the hands of the cruel Turks, picturing in his own graphic way the Mohammedans, and the great faith of his interesting little band of Christian people.

"Persia the land of the Fire-worshippers, the home of Zoroaster, and Mohammed. It is the home of almost all the Eastern religions". These points he brought out in a most interesting way, dipping lightly into the doctrines of Zoroaster, and showing the cause of the phenomenal success of Mohammedanism. He ended his lecture by a thrilling picture of the sufferings of his people, martyrs for Christianity.

His lecture was profitable not only to the student interested in the progress of Christianity, but to the student of the political and social problems of the day.

New Books in the Library.

(Concluded)

Dippers Needed.

It is a very nice thing to drink out of a well bucket but when there are so many to drink it would be a good deal better if we had about three dippers fastened to the well for the use of the public. If they are placed on or about the well it will only be a question of time when they will find a resting place on the bottom of it. Then fasten a few to the curb with chains and they in all probability will last longer.

Mr. P. B. Johnson, '02 was called to his home in Johnson Co., yesterday

on account of the sudden death of his father. All who knew him marked him as a gentleman and join us in extending to him and his bereaved family our sincerest sympathies.

Lieutenana Geo. Pond ex-'99 arrived at his post at Fort Snelling just in time to take part in the Indian fight. He was immediately ordered to the front. It matters not what event of importance that takes place, it seems that the old 'Varsity is bound to be represented by some of her sons.

Prof. J. A. Holmes, State Geologist after delivering a lecture before the Wautaga Club of Raleigh last Monday night left for the Omaha Exposition, where he will serve as one of the judges of the mineral exhibit. From Omaha he will go to New Mexico to examine some mica deposits for the United States Government. He will return by way of Chicago and Niagara.
