

LOCAL NOTES.

—In the Phi the question discussed was the abolition of capital punishment. It was decided to retain it for the present.

—Dr. Archibald Henderson has been invited to deliver the commencement address at the Salisbury graded schools, May 5th.

—The Modern Literature Club will meet tonight in the Alumni building at 7.30. Prof. Sledd, of Wake Forest, will address the club.

—Mr. Henry L. Sloan was called home Friday by the serious illness of his mother. She has since improved, however, and Mr. Sloan returned to the Hill Monday night.

—The stipulations which are to govern the publication of next year's annual have been drawn up and accepted by the societies and the fraternities. All officers will be elected this spring.

—Dr. James D. Bruner addressed the members of the Philanthropic society Saturday night, 7th, on the life of Henry Clay. The speech was an enlightening and inspiring character study.

—Mr. J. R. Hoffman walked off with the decision in the Di society debate. The question was whether or not Arizona and New Mexico should have been admitted as separate States. The affirmative won.

—Teams purporting to be those of the Sophomore and Senior classes played ping pong on the diamond Monday afternoon in a practice game. The resulting score was 19 to 8 in favor of the Sophomores.

—Coach Lawson is doing some artistic work in the trophy room in the gymnasium. Above the picture of each winning team baseballs or footballs are hung, each with the result of some important game painted on it by hand. Dr. Lawson is doing the painting also.

—The Atlantic and North Carolina Company announce that the Atlantic Hotel, Morehead City, N. C., one of the most popular resorts on the Atlantic Coast, will be open for guests June 15th, 1906, under new management, and that the hotel has been repainted and repaired and put in first-class condition. For rates and reservations, apply by letter to Manager Atlantic Hotel, Morehead City, N. C.

—Scores of students left Friday and Saturday to spend the holidays at home. The number on the Hill Sunday and Monday was appreciably smaller than usual, reminding one slightly of Christmas. Monday night and Tuesday they came trooping back in, each one fully persuaded that everyone else had gone home or that everyone knew of his going and had missed him. The old campus, however, though time had wrought numerous changes in it since Friday was, nevertheless easily recognizable. "Didn't you leave the Hill?" asked a returned Freshman of another student, with a rising inflection. At the negative answer a look of the most bewildered astonishment overspread his countenance. Gradually it melted away into a look of the most supreme and heart-felt pity

which his innocent young face could express.

St. Johns Defeated

Carolina won her third and last game of the Easter trip by defeating St. Johns, of Maryland, at Winston in a fast, exciting game by the score of 7 to 6. Patterson twirled for Carolina and held the visitors down well until near the last when they began to connect with his delivery too frequently to be pleasant. Carolina had it all her own way at first, but by the end of the sixth St. John's had brought the score up to 7 to 4.

When she added two in the ninth by a home run with one man on base, and this was followed by a two bagger, the excitement grew intense and Cunningham relieved Patterson after two men were down. A Marylander was thrown out trying to steal home and the game was over.

No tabulated score in full was kept and the papers contained only glittering generalities, making a satisfactory report impossible.

The score by innings:
Carolina 2 0 1 4 0 0 0 0 0 7 8 3
St. John's 1 0 0 0 1 2 0 0 2 6 8 4

Batteries: Patterson, Cunningham and Rogers; Reynolds and Rowse. Umpire, Lane, of Carolina.

The Yanagans Today.

"Are you going to see the Yanagans this afternoon?" This is the query on all sides this morning. And the answer of course is "Yes".

Much curiosity has been excited by the unknown and rather unsuggestive name on our baseball schedule and rife rumors have been afloat. Some assert that the players are of the gentler sex and swear that Manager Miller told them so. Others aver that they are of the Ethiopian race, giving the same authority; while yet others have combined both theories.

Be it known, however, [this is a secret between us, you understand] that the Yanagans are Caucasian male players, and professionals at that. Really, truly, professionals. They belong to a Baltimore club, plays league teams and have been putting up a fast article of ball. You'll miss something if you are not on the field this afternoon.

Field Day.

Field day exercises were held yesterday afternoon and after close and interesting contests the following prizes were awarded the victors.

- \$5.00 hat given by W. A. Slater, won by Robert Bridgers.
- \$3.00 hat given by Sneed Markham, won by Dunlap.

Asheville Laundry

SELLERS & GREENWOOD, Agts.

Cornell University Medical College, NEW YORK CITY.

The course covering four years begins during the last week in September and continues until June. A preliminary training in natural science is of great advantage. All the classes are divided into small sections for recitations, laboratory and clinical bedside instruction. Students are admitted to advanced standing after passing the requisite examinations. The successful completion of the first year in any College or University recognized by the Regents of the State of New York as maintaining a satisfactory standard is sufficient to satisfy the requirements for admission which have lately been raised. The annual announcement giving full particulars will be mailed on application.

DEPARTMENT OF MEDICINE

Undergraduate Department. The One Hundred and Forty-first Session will begin September 28, 1906. The course, which covers a period of four years, of eight and one half months each, is eminently practical, and properly graded, beginning with laboratory instruction in the fundamental subjects, and concluding with a comprehensive system of clinical instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital.

A large proportion (at least 80 per cent) of the graduating classes secure positions as Resident Physicians in Hospitals.

Summer School for Graduates. The clinics and laboratories of this Department are open throughout the year for the benefit of those who wish to engage in graduate work. For those whose time is more limited, a comprehensive course is given, beginning this year May 14, and continuing for a period of six weeks. This course is designed to meet the needs of the practitioner.

For further information, apply to the

Dean of the Medical Department, University of Pennsylvania, Philadelphia.

Coming Again!
