tice it did not belong to the sphere of football.

Throghout, the game was a clean one, there being no wrangling or unfair playing. On the sidelines the conditions were the same, the squad of police detailed to preserve order not being needed at all.

### Di Hall Refinished.

During the summer the Hall of the Dialectic society, in the New West building, was renovated and refinished. The walls and ceiling have been finished in a light green which is trimmed with tasteful fresco work in gold. The change makes a great improvement in the appearance of the hall, especially in the ceiling which had been disfigured for some time by stains resulting from water which escaped from the radiators in the Latin room overhead. The custodian of the buildings should see that this heating apparatus does not get out of order again during the coming winter, as such an event would cause the Dialectic Society much loss financially.

For the past month work has been progressing slowly on the revarnishing of the woodwork of the hall. This has been accomplished at last and the pictures have been rehung upon a gilt molding which is intended to save the new walls, as far as possible, from mutilation. Altogether the new finish makes the hall present quite a handsome appearance.

### Why Not?

It is a little bit early to be agitating the question of a Senior Class Gift, of course, but then the opportunity is so fitting that it must not be lost. Since college opened a dipper has not remained at the well on the campus for over fifteen minutes at most. Somebody must have got the craze for collecting dippers along with souvenir postal cards, or maybe we are harboring a kleptomaniac in our midst. At any rate the dippers have disappeared. Now why should not the Senior class do itself proud by ordering a whole case of dippers, fittingly stamped with the '07 monogram, and presenting them to the University to be used exclusively at the well on the campus? By this means it would not only perpetuate its memory but it would also lead to the identification of the dipper fiend. Or perhaps it would be better to invest in a section of log chain and a wrought iron ladle. Why not? The decision is left to the wise leaders of the Seniors.

### Clippings.

All open display of society insignia has been abandoned at Yale.

A simplifide speling skule — a la Teddi — was opened in Noo York last munth.

The University of Virginia has recently received a bequest of \$200,000.

The Sophs at Vanderbilt have decreed that the Fresh must wear green caps.

The middies at Annapolis continue to feed the "plebes" on tabasco sauce.

Trinity College will debate Vanderbilt University at Durham on December 19, 1906.

Out at Minnesota they are at work on a scheme for registration by mail. It would be well for Carolina to consider some such plan to do away with the jam of registration at the beginning of each term.

### DEPARTMENT OF MEDICINE

**Undergraduate Department.** The One Hundred and Forty-first Session will begin September 28, 1906. The course, which covers a period of four years, of eight and one-half months each, is eminently practical, and properly graded, beginning with laboratory instruction in the fundamental subjects, and concluding with a comprehensive system of clinical instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital.

A large proportion (at least 80 per cent.) of the graduating classes secure positions as Resident Physicians in Hospitals.

**Summer School for Graduates.** The clinics and laboratories of this Department are open throughout the year for the benefit of those who wish to engage in graduate work. For those whose time is more limited, a comprehensive course is given, beginning this year May 14, and continuing for a period of six weeks. This course is designed to meet the needs of the practitioner.

For further information, apply to the

Dean of the Medical Department, University of Pennsylvania, Philadelphia.
