Y. M. C. A. Representatives.

The Charlotte Y. M. C. A. has assumed a large part of the salary and expenses of Mr. Charles Luther Boynton, a graduate of Pomona College, California, and also of Union Theological Seminary, New York, who is now on the Pacific en route to Shanghai, China, where he goes to act as office secretary for the National Committee of the Young Men's Christian Association of China. The contributions for missions made by the students this year through the association will be applied to Mr. Boynton's work, and the Missionary Department hopes to raise at least one hundred dollars for this purpose.

His work in the office will include the administration of the national budget, the care of the records of the national and local movements, the publication of literature for use in connection with the Association movement among Chinese speaking peoples, and a vast amount of other detailed work necessarily entailed.

It will be possible for Mr. Boynton to enter more immediately upon this service than almost any other new man has been able to do, for the office of the General Committee is already equipped and partially manned. His program for the first three years will include the study of Chinese in the mornings and the care of the office during the afternoons, with the privilege of working in the local Associations of Shanghai. By this office work he will be able to aid as vitally the work of every other man in the field as could be done in any other way.

Di and Phi.

Up in the Phi Society, it was Junior-Senior debate night last Saturday night. The question wrestled with was: "Resolved, That our legal system should be so changed as to provide for trial by a committee of judges instead of by jury." The decision was rendered in favor of the affirmative, and Mr. Katzenstein made the best speech.

The Dialectic debaters discussed the new and startling proposition: "Resolved, That the government should own and operate all trunk lines of railway." Mr. Greer made the best speech and the affirmative won the decision.

Overheard On The Campus.

Linn — "Everyman" — is that one of Tom Dixon's new plays?"

Hughes — "Are you going over to Durham to see the Ben Booth Company Friday night?"

Freshman — (at Schubert Quartette) — "Say, I wonder if it isn't hard to play music like that, that hasn't got any tune to it?"

Senior Bowers to Senior Hoffman — "How many musicians were there in the quartette last night?"

—The club fever has broken out again. The Oak Ridge and the Tidewater Clubs are the latest additions.

Fresh oysters received daily at Pickard and Strowd's Cafe.

DEPARTMENT OF MEDICINE

Undergraduate Department. The One Hundred and Forty-first Session will begin September 28, 1906. The course, which covers a period of four years, of eight and one-half months each, is eminently practical, and properly graded, beginning with laboratory instruction in the fundamental subjects, and concluding with a comprehensive system of clinical instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital.

A large proportion (at least 80 per cent.) of the graduating classes secure positions as Resident Physicians in Hospitals.

Summer School for Graduates. The clinics and laboratories of this Department are open throughout the year for the benefit of those who wish to engage in graduate work. For those whose time is more limited, a comprehensive course is given, beginning this year May 14, and continuing for a period of six weeks. This course is designed to meet the needs of the practitioner.
