Dr. Hume's Resignation.

(Continued from First Page.)

Language, with Mr. E. K. Graham as associate professor. There are now five instructors in this department with sixteen courses offered.

It has been Dr. Hume's privilege to do much active service on the religious side of college life ever since he has been connected with it, as well as on the educational. While at the University of Virginia he was the first president of the first Young Men's Christian Association to be organized in the world, the constitution of which he helped to write. The interests of his college days he has always sustained, having taken an active part in the Y. M. C. A. work of the University.

Dr. Hume has received the degrees of A. M. and D. D. from Richmond College and the degree of LL. D. from Wake Forest College, and is a member of the Modern Language Association of America.

It Happened.

There was a young student named Founting
Who on Freshman receptions was counting,
An irate female
Yanked off his coat-tail,
And to society no longer he's mounting.

Card of Thanks.

In recognition of Coach Simmons' efficient service in coaching them last fall the Scrubs have presented him with a handsome gold watch-fob. Coach Simmons prizes the gift very highly and has requested THE TAR HEEL to express his thanks to its donors, one and all.

Skidoo!

The following want ad which appeared in a recent issue of a metropolitan paper, has called forth much indignation from the fair students of several colleges:

WANTED — A wife. Will spend honeymoon abroad; no co-ed need apply. Address: J. 18, Tribune.

Freshman Plus Snow.

A mixture of snow and Freshman does not form a very stable compound. Take a crowd of Freshmen anywhere and add a few well directed snowballs and the result is immediately a body every atom of which is in violent motion. So violent is this motion that the body instantly dissolves spontaneously, and within the space of sixty seconds not a particle of it is to be found. While the statement of this phenomenon may seem marvelous to the scientists of the University, they have only to observe the entranced to the recitation buildings at the end of any period while the snow is on the ground to see a practical demonstration of its working.

Pickard and Strowd's "University Club Cigar" is made especially for the University students.

DEPARTMENT OF MEDICINE

Undergraduate Department. The One Hundred and Forty-first Session will begin September 28, 1906. The course, which covers a period of four years, of eight and one-half months each, is eminently practical, and properly graded, beginning with laboratory instruction in the fundamental subjects, and concluding with a comprehensive system of clinical instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital.

A large proportion (at least 80 per cent.) of the graduating classes secure positions as Resident Physicians in Hospitals.

Summer School for Graduates. The clinics and laboratories of this Department are open throughout the year for the benefit of those who wish to engage in graduate work. For those whose time is more limited, a comprehensive course is given, beginning this year May 14, and continuing for a period of six weeks. This course is designed to meet the needs of the practitioner.

For further information, apply to the

Dean of the Medical Department, University of Pennsylvania, Philadelphia.

Spalding Athletic Goods

Goods
