

**LOCAL NOTES**

—The Modern Literature Club will meet in No. 16 Alumni at 7:00 this evening.

—The Biological Journal Club met Saturday night at the residence of Dr. I. H. Manning.

—Dr. H. F. LaFlamme, secretary of the national committee of the Y. M. C. A., will address the students in Gerrard Hall next Tuesday evening.

—Rev. LeRoy Gresham, pastor of the Presbyterian church of the village, entertained those members of the class of 1910 who are connected with his church at the Presbyterian rectory Friday evening.

—Messrs. Hunter and Banks, the "Cops" of Commons, are vigorously enforcing the "Anti-Rough-House Law" recently passed by that august body. Beware! ye flingers of biscuits and hurlers of plates!

—Mr. Thomas O'Berry entertained the young ladies of the village and the members of the D. K. E. fraternity last Friday night at the D. K. E. house in honor of his sister, Miss Estelle O'Berry, of Goldsboro, and Miss Annie Land, of Kiuston.

—The new schedule on the main line between Greensboro and Raleigh does not materially affect the schedule of the Chapel Hill Limited, the only difference being that the Limited now arrives at 6 o'clock in the afternoon instead of at 5:05, as it has been scheduled lately.

**An Announcement.**

THE TAR HEEL has suggested in a previous issue that the material for the announcements on the University Bulletin is sometimes woefully lacking. The committee having charge of the publication of the weekly Bulletin, has requested THE TAR HEEL to state further in this connection that the Bulletin is in every respect a University publication, and will be glad to make announcement of the meetings of county clubs or any other organizations in the college provided that those announcements be handed in by the Saturday morning preceding the meeting of which they give notice. The persons to whom all material for the Bulletin should be given are Professors J. E. Latta and M. H. Stacy, and Mr. Frank McLean.

**Di and Phi.**

The members of the Dialectic society debated Saturday night the query: Resolved, That the ownership and operation of interstate railways by the general government would subserve the best interests of the people of the United States. This query has been debated several times at the University lately and is the query for the Georgia-Carolina debate. The affirmative won and Mr. R. C. Day made the best speech.

The Phi society had for discussion the question: Resolved, That corporations are justifiable in making campaign contributions. The negative won and Mr. James Everett made the best speech.

**Co-Eds Form Club.**

The co-eds of the University and the ex-co-eds resident in the village met last week in the "Co-Eds Cozy Corner" in the New East building and decided to form an association to be known as the "Women's University Club." Officers will be elected at the next meeting and the club will have its picture in the Yackety Yack.

Early in the spring the co-eds were assigned a room in the New East building which has been fitted up as a loafing place between classes and which they have named "The Cozy Corner." This is the first time that the co-eds have received any recognition at the hands of the University authorities. They should have had such a club room long ago.

**Elisha Mitchell Society.**

The Elisha Mitchell Scientific Society met in Chemistry Hall Tuesday evening.

Professor Collier Cobb presented a paper on "Some Human Habitations" and Dr. J. H. Pratt read a discussion of "The Fishing Industries of North Carolina."

**Y. M. C. A. Officers.**

The Young Men's Christian Association has recently elected the following officers for the coming college year:

- J. A. Fore, Jr., president.
- J. A. Gray, Jr., vice-president.
- H. P. Osborne, recording secretary.
- C. W. Tillett, treasurer.

**Danger Ahead.**

The co-eds have been much wrought up over the fact that it was decided in one of the literary societies of late that they were not eligible for membership. To show that they do not care a rap the co-eds have issued a declaration of independence stating that they have never desired to join the said society. They are right. Some facetious member merely wanted an argument—and he would yet get it could the co-eds discover his name.

**Chemical Journal Club.**

At the meeting of the Chemical Journal Club Monday night the following reviews of recent publications were read:

- Some Recent Determinations of the Atomic Weight of Tellurium—F. B. Stem.
- Molecular Weight Determinations by Means of Quinoline—F. P. Drane.
- Electrolytic Corrosion of Structural Steel—R. P. Burns.

**Wiley Is Recuperating.**

Mr. Wiley H. M. Pittman, one of the wide-awake business managers of the Yackety Yack, is now recovering from the effects of the strenuousness of a business trip to Raleigh early in the week.

Fresh oysters received daily at Pickard and Strowd's Cafe.

**Brain and Eye HOW EYE-STRAIN RETARDS STUDY.**

Many students possessing superior minds oftentimes fancy themselves dull because they fail in their studies.

The reason is simply this: They are afflicted with so much eye strain that it requires nearly all the nervous force they possess to fix the eye upon their books, thereby exhausting the energy of the brain.

Many students unwisely sacrifice their health in attaining an education, because of the large amount of brain-strain sustained in the close use of their eyes, though their vision seems excellent. This form of brain-strain is easily detected by an expert and most always remedied by glasses properly adjusted.

If you break your glasses don't send them away for repair, taking the chances of delay and mistakes. Just bring the pieces to the office and I will do the rest.
