SOCIAL CENTER OF CAMPUS.

IS FOUND IN THE ASSOCIATION BUILDING.

Its Game and Reading Rooms Have Already Become Indispensable.

Twelve months ago the Y. M. C. A. meant nothing to the students of the University, now they would not know how to get along without it. The comfortably finished and furnished building that now succeeds the structure that stood so long empty and useless on the campus has become the natural center of student life.

In the rooms of the Association building practically all of the meetings of student committees are now held. Such demand is there for rooms for these committee meetings that sometimes the building proves inadequate. Since its completion, too, most of the banquets held by small numbers of the students have been held in the Association building's reading room. By providing offices for all the college publications the Y. M. C. A. building has become also the news-center of the campus.

As a social center, though, the Association building has proved its greatest value. Especially during the long winter days when the foul weather has forbidden any form of out-door sport has its game room been full to overflowing. Here every afternoon and night many students find recreation in playing chess, checkers, cueroquet, and other games on tables furnished by the Association.

The reading room, too, has attracted many, but its equipment has been insufficient, and hence it has not been able to reach the full extent of its usefullness. It is through the social life of its game room that the Association building has come to be indispensable to the University students.

Our Debates,

THEME OF THE ADDRESS BY ITS BISHOP STRANGE.

The Spirit Life Positive-Hope the Means Bringing About Our Progress.

Bishop Robert Strange, of the Dioeighth chapter and twenty-fourth verse. "For we are saved by hope".

without hope, and were that hope for adds much to life here.

The Almighty intended final peace. joy, and splendor for every man. Toward these we progress. Death means a change in the direction of this progress; the resurrection a wonderful change. The life after this change shall be spiritual - with Christ.

Through hope comes progress, deall positive. Thus, as the part that makes life worth living on earth is positive, then the spirit life must be positive. Hope leads us forward to this positive spiritual life, saves us.

Bishop Strange spoke again before every man in college. the Y. M. C. A. on Tuesday night. Following his custom he spent several days on the Hill for the purpose of coming in touch with as many students as possible.

The LaDell Company.

The LaDell Concert Company gave a most enjoyable entertainment Friday evening under the direction of the University Y. M. C. A. Miss LaDell, the elocutionist, Miss Crawford, the soprano, and Mr. Fox, the violinist of the company are artists whom it would be difficult to surpass in their lines. The students are unanimous in pronouncing the LaDell Company the best Lyceum attraction that has appeared on the Hill this year.

TWELVE YEARS SPENT IN RAIS-ING FUNDS.

The Building Free from Debt-Heating System Needed for Completion.

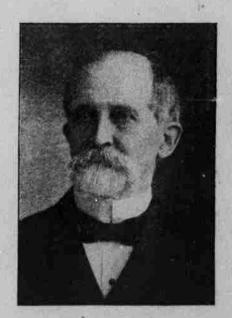

· The need of a Young Men's Christian Association building was felt, and the desire of it expressed with more or less hope of its realization before the session of 1894-5, yet this need and desire first took on tangible form during this session. Enthusiastic mass meetings were held in the University chapel to fix and broaden the interest in such a building; hopes ran high, expectations grew large, and it was agreed that a twenty thousand dollar home for the Association should be secured.

Subscriptions were taken, to be paid in four equal annual payments; the first installment to be due when ten thousand dollars had been subscribed. The canvass of the students, faculty, and citizens of the town was vigorous and met with very general and liberal subscribing, yet the amount secured fell far short of the condition; the plan proved a failure, was not dead.

The Association took council with its friends and it was decided that a Professor E. K.
