Dual Track Meet at Clemson.

The manager of the Track Team has arranged a dual meet to be held with Clemson College, at Clemson, S. C., on May 4. This takes the place of the annual trip to Virginia, inasmuch as the team preferred to have a Southern trip this year.

The candidates for the team have been in hard training for about two months, and the team is confident of winning the meet from the Tigers. It has been several years since a University track team has scalped a rival, but the team this season bids fair to be one of the best if, not the best, ever sent out from here. The final trial for places on the team will be held next Monday, which will also be field day. The program for field day is as yet not complete, but already some prizes have been offered, some of which are: Stetson hat, duck trousers, two straw hats, felt hat, belt with gold buckle, and a box of cigars. There are several more to be added to the list.

Juniors Win Trip.

The Juniors won from the Seniors in the final class game of the season Saturday, by the narrow margin of 7 to 6. The game was an interesting one from the start. Sloan and Tillett did nice battery work for '07 and had the Seniors been able to bat they would have easily won the game.

The game was full of features, the fielding of Farabee for '07 and the batting of Rand and Singletary for '08, with Singletary's neat double, leading the sensations of a serious nature. Oats' private game in left and the foot-race of Pittman and McLean in right deserve mention in lighter vein.

The main sensation of the contest occurred in the fourth when, under the heroic leadership of Messrs. "Hanson" Hill and "Bobbie" Burns, the occupants of the bleachers piled bravely over the fence in pursuit of an errant cotton tail, which retired gracefully, allowing the aforesaid leaders to marshal their forces back to the sidelines in more or less disarray.

The winning of this, the last game on the class schedule, gives to the Juniors the championship of the college, and with it the privilege of playing one game off the Hill. Manager Stewart is endeavoring to arrange this game with Red Springs Military Academy.

25 Cents for Wm. & Mary Games.

The admission fee for the William and Mary games will be only 25 cents. Manager Robinson makes this reduction in order that every student in college may attend. The entire student body should now turn out for these games.

Student Conference, June 14-23.

Whoever wishes to have a firsthand knowledge of the aims, methods, spirit and character of the Y. M. C. A., let him attend the Asheville Farm School conference, Signed
C. Alphonso Smith.

A point aside from the spiritual feature of the Conference, that impressed me was the air of cordiality. You greeted the friend from Georgia or Kentucky whom you met yesterday, with the same warmth you hailed your Tar Heel chum.

Stuart G. Noble.

No one lives more in any ten days than in a session of the Y. M. C. A. Southern Conference.

N. R. Claytor.

Jackson says that the advantages cannot be estimated in terms of time and money expended.

The Conference this summer June 14-23 will be the largest in recent years. A. & M. at Raleigh will have twenty men. Vanderbilt has always led in point of number, while Davidson has excelled in athletics.

What do you say, gentlemen of Carolina, to U. N. C. having the largest delegation in numbers and in strength?

In order to do this we must send 30 men. In order to send 30 men we must raise a fund to be used as a Permanent Loan fund. Money will be lent from this Fund to the appointed delegates on the following terms: Each delegate after being elected by the Association may borrow at nominal interest as much as \$15.00 to be paid back one year after leaving college. This is better than paying outright the delegate's expense.

Let us all work together for the biggest delegation from the best University.

The Shakspeare Club.

At the meeting of the Shakspeare Club Tuesday night, Mr. W. G. Peckham, of New York, who is the donor of the prize for the best work in Shakspeare and The Old Ballads, made an interesting address. In the course of his remarks he paid a beautiful tribute to Dr. Hume, his method and influence in literature, and spoke in a beautiful way of the ennobling, yet practical, uses of literature. Professor Collier Cobb was also present, and gave additional interest to the meeting.

DEPARTMENT OF MEDICINE

Undergraduate Department. The One Hundred and Forty-second Session will begin September 27, 1907. The course, which covers a period of four years, of eight and one-half months each, is eminently practical, and properly graded, beginning with laboratory instruction in the fundamental subjects, and concluding with a comprehensive system of clinical instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital.

A large proportion (at least 80 per cent.) of the graduating classes secure positions as Resident Physicians in Hospitals.

Summer School for Graduates. The clinics and laboratories of this Department are open throughout the year for the benefit of those who wish to engage in graduate work. For those whose time is more limited, a comprehensive course is given, beginning this year May 13, and continuing for a period of six weeks. This course is designed to meet the needs of the practitioner.

For further information, apply to the

Dean of the Medical Department, University of Pennsylvania, Philadelphia.

More Baseball.

Carolina plays the boys from William and Mary here tomorrow and next day. On Wednesday afternoon comes the second Guilford game, the last game of the season to be played on the home diamond. To these contests the students should turn out in a body, as the management has lost money on several of the recent games played here. Besides it will help win them. William & Mary games, 25 cents.

Cornell University Medical College.

The session begins on the last Wednesday in September. For entrance into any class there is required a preliminary education equivalent to at least a four year "high school" course including English, primary Latin, Algebra and Geometry. The first two years are devoted to Anatomy, Chemistry and Physiology, and may be taken either in Ithaca or New York. The last two years are chiefly clinical and must be taken in New York.
