Tennis Association.

Every man in college that plays any tennis at all should join the tennis association. The President of the University has given the association the old athletic field for a tennis park. If every man that plays tennis will join the association at once, by next spring we will have ten or twelve first class tennis courts.

The association will have two tennis tournaments this fall. All members of the association, except varsity candidates, are eligible to enter both. The list of prizes will be printed next week.

If you have not joined the association do so at once. The membership fee is only \$1.00 for the entire year. Give your name and dollar to F. L. Huffman or Chas. S. Venable.

Advisory Committee Meets.

The Advisory Committee held a meeting Monday afternoon at which it was decided that a training table should be established at George Trice's restaurant, under the directorship of Dr. R. B. Lawson. The maximum number to be admitted to the table is eighteen, and each man is to pay eleven dollars per month—it being decided that this was the average price the players were paying for board—and the remaining seven dollars is to be paid by the manager of the football team, backed by the Athletic Association. The committee decreed that no player who had not paid his board by the first of the month should be allowed to play.

After business had been concluded, Dr. Herty made a short talk, in the course of which he said that our boys showed not a streak of yellow at Philadelphia last Saturday, and that if the students likewise refrained from yellow tendencies all would be well in our athletic life.

Mr. T. R. Eagles, the editor-in-

chief, has requested us to say that the editors will be glad to receive from any of the students contributions in the way of short stories, poems, sketches, etc. Every man in college is urged to take an interest in this publication and to help make the book this year the most interesting in its history.

In The Societies.

"Resolved, That the 'Dollar Fee' clause in the proposed constitution for the Athletic Association be adopted," was the query debated in the Phi Society Saturday night. The affirmative won and Mr. W. M. Gaddy made the best speech. Fifty-four men were initiated. The total number of men initiated this fall is 58.

No debate was held in the Di. Fifty-eight new members were added to the fifteen already initiated, making a total of seventy-three new members.

Personal Purity.

Rev. LeRoy Gresham addressed the Tuesday night meeting of the Y. M. C. A. on the subject of "Personal Purity." Mr. Gresham, in an earnest and forceful manner, presented unanswerable argument to show why men should live cleanly. The talk seemed to make a good impression on his hearers.

THE BEST INVESTMENT

The best investment a student can make is a Fountain Pen.

Because:

- (1) It saves his time.
- (2) Improves his work.
- (3) It costs very little.

The best men in College use them of course. You can't get a better Pen anywhere than I'll sell you. You can't get a better price than I'll give you.

Prices \$1.00 for good ones; \$2.00 and \$2.50 for the Waterman.
