The Press Association met Thursday night in the physics lecture room. No important business was transacted, but Prof. J. E. Latta made a very interesting talk on newspaper work here.

Song practices were held in the chapel Monday night and last night. The purpose of these practices is to coach the students on Carolina songs, so that there will be some creditable music on University Day.

Y. M. C. A. Social.

Friday night between the hours of nine and eleven, the Y. M. C. A., in its handsome home, gave a "blow-out." About two hundred and fifty students were present to enjoy the fruit, the speeches, the wit, and above all the good fellowship.

Every sort of University man was there to make the occasion a University occasion. The grind and the loafer, the conscious Soph-

omore from the Old East and the timid freshman from McAuley street, the Varsity man and the sub-classman,—all met in a common meeting place, elbowed each other, felt at home, exchanged greetings and ate apples to the accompaniment, and with the perseverance, of the phonograph.

When the apples began to get low, Mr. F. B. Rankin, master of ceremonies, in his extremity declared that speech making was in order. Dr. Wheeler, Messrs. Stancill, Parker, J. J., Winborne, Vann, Simmons, T. L., at the call of the crowd responded most happily. Prof. Vermont told some of his travelling tales and Prof. Potter gave some excellent readings to the delectation of all. The meeting was then closed with college songs and yells.

Fresh-Junior Game.

The Freshmen and Juniors play a game of football Saturday in which neither side scored. This was the first class game of the season, and a large number of spectators was present.

Though the game was interesting, the playing was poor. From the beginning to the end it was replete with fumbles and poor punts. This is explained by the fact that neither side had practiced a great deal, and it is believed that as the season advances both teams will show up to better advantage.

Though the teams were well matched, the Freshmen twice carried the ball almost across, but in each case the Juniors rallied and prevented a touchdown.

The Freshmen stars were Belk and Long. Allen, Perry, and McManis, for the Juniors, also played good ball, and Johnson the Junior quarter, though he has a disabled collar-bone and received a hurt in the neck early in the game, made it quite evident that he was all there.

The line-up was

Fresh.		Junior
Ratzler	r. e.	Perry and Coffin
Oliver	r. t.	McManis
Wetzell	r. g.	Jones and Moore
Ross	c.	Parker
McLean	l. t.	Spicer and Hodge

Modern Literature Club.

The Modern Literature Club met Thursday night for the first time this year. The meeting was called primarily for the purpose of electing officers, and no papers were presented. The election resulted in the choice of Prof. E. K. Graham for president, W. E. Yelverton for vice-president, and H. B. Gunter for secretary and treasurer.

Sigma Upsilon Meets.

The Odd Number chapter of Sigma Upsilon held its first meeting this year Friday night in the English conference room. No program had been prepared and the members spent an hour discussing plans for the coming year.

President H. H. Hughes appointed on the membership committee H. B. Gunter, W. E. Yelverton,

and K. D. Battle; on the program committee S. Rae Logan, S. H. Lyle, and D. M. Phillips, and on the entertainment committee Frank McLean, W. S. Bernard, S. Rae Logan, and P. H. Royster.

University Day Exercises.

The University Day exercises Saturday will be of especial interest. At 10:30 a procession, composed of the students, by classes, the faculty, and alumni and guests, will march to Memorial Hall. It is very important that every student take part in this procession. The exercises in the Hall, though not lengthy, will be extremely interesting. Dr. McKelway, who will deliver the principal address, is a man who would grace any occasion.

In the afternoon a football game will be played and at night a reception will be held in the library, to which all guests, Seniors, and second year professional students are invited.

Delegations will be here from Charlotte, Raleigh and probably other towns, and it is expected that eight or nine hundred people will take part in the procession.

Freshman Officers.

The Freshmen, after various attempts, have at last succeeded in electing officers. The officers are: C. M. Waynick, president. J. C. Lockhart, vice president. John Tillett, secretary. George Graham, treasurer.

The Constitution.

The constitution of the Athletic Association was adopted with only one amendment. This amendment, offered by Mr. Drurv Phillips, causes Article V, Section 6, (c) to read: "It shall be the duty of the Finance Committee, together with the managers and captains of the team concerned to employ coaches for the various teams."

By action of the faculty, Article V, Section 7 has been cut out, but this does not affect the rest of the constitution.
