A new committee was created by the class which will look after all financial matters of the class. The members of this committee are Messrs. B. W. Jones, O. J. Coffin, and W. L. Long. Messrs. V. C. Edwards and N. L. Willis were appointed on the picture committee.

DEPARTMENT OF MEDICINE

Undergraduate Department. The One Hundred and Forty-second Session will begin September 27, 1908. The course, which covers a period of four years, of eight and one-half months each, is eminently practical, and properly graded, beginning with laboratory introduction in the fundamental subjects, and concluding with a comprehensive system of clinical instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital.

A large proportion (at least 80 per cent.) of the graduating classes secure positions as Resident Physicians in Hospitals.

Summer School for Graduates. The clinics and laboratories of this Department are open throughout the year for the benefit of those who wish to engage in graduate work. For those whose time is more limited, a comprehensive course is given, beginning this year, May 13, and continuing for a period of six weeks. This course is designed to meet the needs of the practitioner.

For further information, apply to the

Dean of the Medical Department, University of Pennsylvania, Philadelphia.

HOW A WOMAN IN N. C. STARTED IN BUSINESS WITH ONLY ONE DOLLAR

She is now independent and cares not how bad times are. Can be done by others

A woman in North Carolina started in business with only one dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WICKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver, and Stomach Troubles and while she had been troubled with all these complaints more than 7 years, she wrote to the Manufacturer for a 25 cent package, which she used carefully according to the directions. After one week's use she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the manufacturer of the tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packages and distributed samples and sold them all in a week's time. Then she sent for 500 packages and now she had 50 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day \$10,000 dollars for her Agency, but she declined his offer.

Any one, who has a little push and energy can do as well as she and while there are a few Agencies still open, we advise all who want to build up an independent business, to write to H. FELDSTEIN, 1375 Myrtle avenue, Brooklyn, N. Y., and send him a Money Order for one or more dollars to secure the Agency of their town. Write today and build up a business and be independent.

Registration

At noon Saturday the enrollment, by classes and departments, was as follows:

Freshman	177
Sophomore	161
Junior	87
Senior	80
Graduate	23
Law	80
Medicine	85
Medicine, at Raleigh	26
Pharmacy	41
	760
Recounts	9
Net total	751

Mr. Ben Dawson spent several days on the Hill this week.
