

LOCAL NOTES

Le Circle de Conversation Francaise met Wednesday uight.

Mr. Albert Steward was initiated Monday into the A. T. O. Fraternity.

Mr. S. E. Leonard has been confined in the infirmary with tonsilitis.

Mr. Albert Steward, '11, returned to college Saturday.

Mr. J. T. Johnson is sick in the infirmary with fever.

Miss May Hume has returned from a tour through Europe.

Fred Stem continues to average a hit a game with the Boston Nationals.

Mr. George McNider is expected in Chapel Hill tomorrow.

Mr. S. T. Stencell spent Monday in Burlington.

Mr. L. P. Matthews returned Monday from Burlington.

Mr. Norman Willis has been appointed assistant in mathematics.

Mr. J. A. Highsmith, '10, returned to college last week.

Mr. Cameron McRae '99, a football star in his college days, is visiting his parents, Mr. and Mrs. McRae.

The Fresh-Junior football game comes off Saturday. A warm contest is expected.

Rev. R. W. Hogoe of Wilmington has accepted the call to the rectorship of the Chapel of the Cross.

Prof. E. K. Graham left Tuesday morning for a three day's stay in Virginia.

All those who have not yet joined the Athletic Association should see Don McRae at once.

The ladies of the Presbyterian Church will give a reception this Friday night to the students of that denomination in college.

While returning Saturday from the Carolina-Tennessee football game Mr. W. P. Grier learned by telegram that his father had suddenly died Saturday night.

The University Alumni Association of Charlotte composed of about one hundred and thirty members will have a banquet Monday night in the Selwyn Hotel to commemorate University Day.

The preliminary for the Carolina-Pennsylvania debate has been postponed until Monday. The following men have entered, Messrs. K. D. Battle, J. W. Umstead Jr., R. M. Robinson, J. L. Morehead, O. C. Cox and S. V. Bowen.

The Chemical Journal Club held its seventy-first meeting Monday night. Dr. Herty gave a general talk on the object of the club. Mr. W. S. Dickson read a paper on "Determination of Adulteration of Turpentine." Mr. W. M. Oates presented two papers on "Determination of Carbon in Steel."

The following colleges and preparatory schools were represented at the Bible Conference: Davidson, A. and M., Trinity, Wake Forest, Guilford, Elon, Rutherford, Bingham at Mebane, Raeford, Buie's Creek and Trinity Park. The total delegation numbered slightly over fifty.

Every afternoon Capt. Hamilton and Manager Masten have a baseball squad at light practice. At this distance the baseball prospects are good. Of last years Varsity squad the following are back: Fountain, Hamilton, Til-

Mr. J. L. Morehead will begin a dancing class Monday night provided that he has as many as twenty pupils.

lett, Hackney, Duls, and Stewart. Several of the new men show signs of making good.

At a meeting of the Historical Society Monday night a committee was appointed to correspond with the Chairman of the Historical commission in regard to the marking of certain places of historic interest about the University which have been made known to the society by Dr. Battle. An interesting paper entitled "The Negro in North Carolina" was read by Mr. Armstrong.

The Yackety Yack stipulation committee appointed by the Di and Phi Societies made their report Saturday night. The new stipulations are about the same as the old except in two important particulars: first, the board of editors has the supreme right to select the printing and engraving companies; second, the board has the supreme right to say what material shall go in the book. This committee was composed of C. W. Tillett, Jr., A. H. Wolfe, W. P. Grier, D. B. Teague, W. M. Gaddy, and Robert Drane.

The Dramatic Club met last Friday afternoon to secure names of all who will enter the contest for places in "She Stoops to Conquer" which will probably be presented next spring.

Five new members were enrolled in the Di last Saturday night at its regular meeting. These, with those initiated at the last two meetings, make a total of sixty-five initiated this fall. In the Phi four new members were admitted, making the total number of initiates this fall fifty-nine. In the Di Mr. Lee made the best speech; in the Phi, Mr. C. O. Armstrong.

After a close contest Messrs. G. M. Fountain and O. W. Hyman won places on the Varsity tennis team. C. S. Venable and K. B. Bailey were close seconds. The other contestants were M. Douglas, J. W. Leslay Jr., K. D. Battle, C. W. Tillett Jr., W. B. Hunter, Luke Lamb, H. P. Osborne, and Cook. Matches are being arranged with Raleigh, Guilford, Wake Forest, and Virginia. The Raleigh team will probably play here on University Day. The two men who made good are experienced players. Fountain was on the Varsity last year and Hyman was a member of the class championship winners of last spring.

Happenings of the Week.

The Philological Club met at 7:30 Tuesday night and elected new officers as follows: President, Prof. Palmer Cobb; Vice-president, Prof. H. H. Hughes; Recording Secretary, Mr. O. T. Rhyne; and Permanent Secretary, Dr. T. J. Wilson.

A meeting of the Geological Seminary was scheduled for Tuesday night, but the meeting was postponed until October the twentieth.

Dr. Whitaker, of Enfield, father of Furdie Whitaker, was on the Hill Monday night. He returned home Tuesday morning.

A Wake County Club was organized Tuesday night. The officers are: President, J. H. Boushall; Vice-president, W. T. Joyner; Secretary and Treasurer, J. M. Costner. It was decided that a banquet should be given; and J. M. Costner, J. W. Cheshire, and A. L. Field were appointed as a committee to arrange for this banquet.

DEPARTMENT OF MEDICINE

Undergraduate Department. The One Hundred and Forty-second Session will begin September 27, 1908. The course, which covers a period of four years, of eight and one-half months each, is eminently practical, and properly graded, beginning with laboratory introduction in the fundamental subjects, and concluding with a comprehensive system of clinical instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital.

A large proportion (at least 80 per cent.) of the graduating classes secure positions as Resident Physicians in Hospitals.

Summer School for Graduates. The clinics and laboratories of this Department are open throughout the year for the benefit of those who wish to engage in graduate work. For those whose time is more limited, a comprehensive course is given, beginning this year, May 13, and continuing for a period of six weeks. This course is designed to meet the needs of the practitioner.

For further information, apply to the
Dean of the Medical Department, University of Pennsylvania, Philadelphia.

HOW A WOMAN IN N. C. STARTED IN BUSINESS WITH ONLY ONE DOLLAR

She is now independent and cares not how bad times are. Can be done by others

A woman in North Carolina started in business with only one dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WICKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver, and Stomach Troubles and while she had been troubled with all these complaints more than 7 years, she wrote to the Manufacturer for a 25 cent package, which she used carefully according to the directions. After one week's use she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the manufacturer of the tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packages and kept on distributing samples and sold them all in a week's time. Then she sent for 500 packages and now she had 59 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day \$10,000 dollars for her Agency, but she declined his offer.

Any one, who has a little push and energy can do as well as she and while there are a few Agencies still open, we advise all who want to build up an independent business, to write to H. FELDSTEIN, 1375 Myrtle avenue, Brooklyn, N. Y., and send him a Money Order for one or more dollars to secure the Agency of their town. Write today and build up a business and be independent.

The boys of Granville County met and organized Tuesday night. Officers were elected as follows: President, L. N. Taylor; Vice-president, A. W. Graham, Jr.; Secretary, A. B. Cozart; Treasurer, W. P. Harlee. Any student from Granville not present at the meeting should give his name to the Secretary.

Mr. T. H. Pritchard, of Swansboro, N. C., on his return trip from Atlanta, spent Friday and Saturday on the Hill with relatives and his son George, who is a student of the University.

Dr. Chas. H. Herty has been to New York this week.

The Odd Number Club will meet Friday night.

The Moot Court met Tuesday night. Dr. Thomas Ruffin of the law department presided over the court. A large crowd was present and the proceedings were watched with interest. Fountain, Barnhill and Howell appeared for the defendant; and Messrs. Douglass, Harris and Fitzgerald, for the plaintiff. Judgment for damages was rendered for the plaintiff.

The Modern Literature Club met Friday night and elected the following officers: Dr. James D. Bruner, President; J. B. Reeves, Vice-President; and F. P. Graham, Secretary and Treasurer. Dr. George Howe, B. E. Washburn, and J. W. Umstead were appointed on the membership committee; Dr. J. F. Royster, Dr. Eben Alexander, and Prof. W. D. Toy, on the program committee.
