Freshmen vs. Durham High School

The husky foot ball team of the class of 1912 journeyed to Durham Saturday and "clipped the wings" of the Durham High School eleven to the tune of 4 to 0. The freshmen kicked off to Durham, and a few minutes after play began Durham attempted a forward pass, but the ball fell into the arms of a waiting freshman. A couple of first downs brought the ball within striking distance of the goal, and Winston from the 25 yard line sent a beautiful drop-kick right over the middle of the cross bar. The remainder of this half was marked by sensational runs by the Durham half-backs around the ends, but the freshman defense braced near the goal line, and Durham was kept from scoring. In the second half by a series of line plunges and some well executed forward passes the freshmen got the ball to Durham's 1 yard line, but could not carry it over. Winston, Jones, Cooke, and Hoffman starred for 1912, while Whitaker did great work for Durham.

Captain Gloth of the Virginia football team has returned to the University amid welcoming cheers.

DEPARTMENT OF MEDICINE

Undergraduate Department. The One Hundred and Forty-second Session will begin September 27, 1908. The course, which covers a period of four years, of eight and one-half months each, is eminently practical, and properly graded, beginning with laboratory introduction in the fundamental subjects, and concluding with a comprehensive system of clinical instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital.

A large proportion (at least 80 per cent.) of the graduating classes secure positions as Resident Physicians in Hospitals.

Summer School for Graduates. The clinics and laboratories of this Department are open throughout the year for the benefit of those who wish to engage in graduate work. For those whose time is more limited, a comprehensive course is given, beginning this year, May 13, and continuing for a period of six weeks. This course is designed to meet the needs of the practitioner.

For further information, apply to the
Dean of the Medical Department, University of Pennsylvania, Philadelphia.

HOW A WOMAN IN N. C. STARTED IN BUSINESS WITH ONLY ONE DOLLAR

She is now independent and cares not how bad times are. Can be done by others

A woman in North Carolina started in business with only one dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WICKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver, and Stomach Troubles and while she had been troubled with all these complaints more than 7 years, she wrote to the Manufacturer for a 25 cent package, which she used carefully according to the directions. After one week's use she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the manufacturer of the tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packages and kept on distributing samples and sold them all in a week's time. Then she sent for 500 packages and now she had 59 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day \$10,000 dollars for her Agency, but she declined his offer.

Any one, who has a little push and energy can do as well as she and while there are a few Agencies still open, we advise all who want to build up an independent business, to write to H. FELDSTEIN, 1375 Myrtle avenue, Brooklyn, N. Y., and send him a Money Order for one or more dollars to secure the Agency of their town. Write today and build up a business and be independent.

Varsity Leaves Friday

The Varsity eleven will leave for Washington, D. C. Friday, where Georgetown will be played Saturday. This will be a hard game, as Georgetown is stronger than usual this year. Carolina and Georgetown have always been great rivals in athletics, and the winning of this game would cause great rejoicing in the camp of the White and Blue followers. The outcome of this game will also have a great deal to do with the rank that Carolina takes in the race for the South Atlantic championship. Last year we defeated Georgetown 12 to 5, and it is to be hoped that the team of 1908 will do their utmost to bring back a pigskin which may be placed in the trophy room as an emblem of victory.

About eighteen men in each of the societies have entered the Freshman Contest in Debate and it is believed that both the contests will be lively ones. The query for the Di contest is, "Resolved, That ownership and operation of interstate railroad by the federal government would best subserve the interests of the people." The preliminary will be held on the twenty-sixth and twenty-seventh of November soon after which the final contest between the four best speakers will be held. The query for the Phi contest is, "Resolved, That free trade would subserve the interests of the people better than our present system of protective tariff." The time for the preliminary contest has not been arranged.
