Saturday night the Di debated the query: "Resolved, That the United States should establish postal saving banks." The negative won. Mr. Charles Tillett was the best speaker and Mr. H. A. Jonas was given honorable mention.

The dissecting hall, better known as the stiff house, has been the scene of much anatomization for the past week. It has been the time of "practicals", and all live second year Meds. have been busy manipulating the dead.

A Union Meeting of the Mt. Zion Association will be held at the Baptist Church here January 29-31. The meeting will open with tomorrow night. A number of interesting speakers will be heard each day.

The debate in the Phi Saturday night was exceptionally good. The query: Resolved, That the best interests of the United States are opposed to the permanent occupation of any portion of the eastern hemisphere, except for coaling stations was intelligently and interestingly discussed. The negative won and Mr. W. W. Pierce was the best speaker. Mr. G. W. Stallings was admitted to the society.

A large number of Juniors and Seniors associated with the Presbyterian Church were right royally entertained at the home of pastor, Rev. Le Roy Gresham, last Thursday night. The presence of many of the young ladies of the town added materially to the enjoyment of the occasion.

A notable tennis match between Messrs. E. E. Barnett and D. B. Teague was played last Thursday afternoon. After many thrilling and spectacular plays on the part of both contestants the game closed with the close score, 7 to 5 in Mr. Teague's favor.

The Sophomore class met in chapel at 2:15 P. M. Saturday and elected I. F. Witherington captain of the class team and Mr. E. F. McCulloch manager. It was decided to have a page in the Yackety Yack devoted to an engraving of Mr. John H. Cooper who died at his home in Clinton in the fall.

Beginning with this week, in addition to the regular Saturday night meeting of the societies, the Di will have a Friday night meeting each week. At these Friday night meetings only the men on duty for the night will be required to attend; and one who was on duty at the meeting on Friday night will not be required to attend the Saturday meeting of that week. It has been so arranged that no section of debaters will come on Friday night until after all the other sections have had their turn. By this arrangement no member need be absent from the regular business meeting more than once in two months; and at the same time the now burdensomely large sections for debate will be reduced one half. It seems that shorter meetings and more efficient work in debate may reasonably be expected.

HOW A WOMAN IN N. C. STARTED IN BUSINESS WITH ONLY ONE DOLLAR

She is now independent and cares not how bad times are. Can be done by others

A woman in North Carolina started in business with only one dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WICKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver, and Stomach Troubles and while she had been troubled with all these complaints for more than 7 years, she wrote to the Manufacturer for a 25 cent package, which she used carefully according to the directions. After one week's use she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the manufacturer of the tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packages and kept on distributing samples and sold them all in a week's time. Then she sent for 500 packages and now she had 59 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day \$10,000 dollars for her Agency, but she declined his offer.

Any one, who has a little push and energy can do as well as she and while there are a few Agencies still open, we advise all who want to build up an independent business, to write to H. FELDSTEIN, 1375 Myrtle Avenue, Brooklyn, N. Y., and send him a Money Order for one or more dollars to secure the Agency of their town. Write today and build up a business and be independent.
