

LOCAL NOTES

Mr. A. J. Hobgood was called home Wednesday morning on account of the illness of his mother, who died before his reaching home.

Last Thursday night at the Y. M. C. A. prayer meeting Mr. D. B. Teague made a practical talk on "Patience."

The regular meeting of the Y. M. C. A. on Tuesday night was postponed on account of rain. Dr. A. H. Patterson will make a talk next Tuesday night.

The Oak Ridge Club held the regular monthly meeting last Wednesday night at 7:00 o'clock in the Y. M. C. A. It is hardly necessary to say that the meeting was a jovial one when we mention the fact that Professor "Billy" Noble was speaker for the occasion.

A. W. Graham Jr., and R. W. Winston Jr., went over to Oxford Sunday to attend the funeral of their grandmother, Mrs. J. C. Horner.

The monthly meeting of the Modern Literature Club for February was well attended last Thursday night. Dr. Bruner presided. Dr. C. A. Smith read a paper on "The Americanism of Poe." This was his subject at the Poe Centennial at the University of Virginia.

All Seniors, Post-Graduates, and Juniors in all departments, and all professional men are invited to the Pan Hellenic Cotillion Friday afternoon Feb. 19th.

The Jr. Prom. will be given on the night of Feb. 19. All Seniors are invited. Professional students and Jrs. may obtain admission tickets at \$2.00 each from managers.

The Omega Upsilon Phi initiated Messrs. H. E. Austin, and Henry Littleton last night.

The Economics Club met in room 16, Alumni Building, at 7:00 o'clock Monday night and discussed the postal savings banks system. Since Carolina's three debating teams for this spring will argue this question the attendance at this meeting was large and the general discussion lively and interesting. In the absence of Mr. Edmonds, who was to have led the discussion on the affirmative side of the question, Dr. Raper opposed Mr. S. F. Teague, who led the discussion of the negative side of the question.

The Deutscher Verein met in the Y. M. C. A. House at 7:00 o'clock on Monday night. Section A will meet tonight at the same hour.

The Wearers of the N. C. held their regular Wednesday night meeting in the Y. M. C. A. House at 6:45 o'clock.

Whiting Bros. have a representative on the Hill this week. He will be here today and tomorrow. Full line of clothing, shoes, and gents furnishings at the Central.

DEPARTMENT OF MEDICINE

Undergraduate Department. The One Hundred and Forty-second Session will begin September 27, 1908. The course, which covers a period of four years, of eight and one-half months each, is eminently practical, and properly graded, beginning with laboratory introduction in the fundamental subjects, and concluding with a comprehensive system of clinical instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital.

A large proportion (at least 80 per cent.) of the graduating classes secure positions as Resident Physicians in Hospitals.

Summer School for Graduates. The clinics and laboratories of this Department are open throughout the year for the benefit of those who wish to engage in graduate work. For those whose time is more limited, a comprehensive course is given, beginning this year, May 13, and continuing for a period of six weeks. This course is designed to meet the needs of the practitioner.

For further information, apply to the

Dean of the Medical Department, University of Pennsylvania, Philadelphia.

**HOW A WOMAN IN N. C. STARTED IN
BUSINESS WITH ONLY ONE DOLLAR**

She is now independent and cares not how bad times are. Can be done by others

A woman in North Carolina started in business with only one dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WICKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver, and Stomach Troubles and while she had been troubled with all these complaints for more than 7 years, she wrote to the Manufacturer for a 25 cent package, which she used carefully according to the directions. After one weeks use she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the manufacturer of the tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packages and kept on distributing samples and sold them all in a weeks time. Then she sent for 500 packages and now she had 59 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day \$10,000 dollars for her Agency, but she declined his offer.

Any one, who has a little push and energy can do as well as she and while there are a few Agencies still open, we advise all who want to build up an independent business, to write to H. FELDSTEIN, 1375 Myrtle avenue, Brooklyn, N. Y., and send him a Money Order for one or more dollars to secure the Agency of their town. Write today and build up a business and be independent.

**\$5,445,869 More a Year for
Tobacco Farmers**

The total value of the tobacco yield for the eight Tobacco States is over \$59,554,131 annually. With the same acreage the tobacco growers in these States could, by improved methods of cultivation and fertilization, undoubtedly increase the total value of the crop to \$65,000,000.

**Virginia-Carolina
Fertilizers**

are compounded with the utmost care, containing only such elements of plant foods as can be taken up and properly assimilated by the plant without causing injury to its quality. Years of investigation of the cultivation and fertilization of tobacco enables the Virginia-Carolina Chemical Company to furnish fertilizers of superior quality for the production of this crop.

Mr. J. W. Rogers, R. F. D. No. 4, Durham, N. C., writes: "I have been using your fertilizers this year and the crops are the best looking I have ever seen—especially the tobacco crop. I have never seen any other fertilizer which acted as quickly as yours does. The leaf is large and waxy, cures bright, and I am satisfied will bring a big price. Also, my neighbors in this district use your fertilizer with the best results."

Is there any reason why you couldn't do as well? Be sure and ask your fertilizer dealer for a copy of the 1909 Virginia-Carolina Year Book or Almanac, or write our nearest sales office and a copy will be sent you free.
