

The Ministry of Poetry.

(Continued from first page.)

land in her attempt to better the conditions of the children in her factories.

The third and last phase in the ministry of poetry is that of restitution. The poet takes the dead custom, deeds, and men of the past and vitalizes them. In this respect the power of the poet approaches the infinite. No man in the world could by any means have done for the history of Scotland what Burns and Scott have done with their poetry and romance. Even historians turn to Chaucer to get the conditions of the fourteenth century. Today Paul Revere is better known than almost any other man in our history and all he did was to attract the attention of a poet. We hear a great deal these days of undeveloped resources of the South. The resource that needs development is her past history full of romance and chivalrous men.

At the close of Dr. Smith's address Mr. Cox dismissed the audience by thanking it and Dr. Smith for their aid to the celebration.

Society News.

At the regular meeting of the Phi Saturday night the query was: Resolved, That our democratic institutions are in danger from the growing power of centralization. It was decided that the affirmative won and that C. K. Burgess was the best speaker.

There was no debate at the regular Saturday night meeting of the Di.

There is an effort on foot to arrange a game for Commencement with the old Varsity players among the alumni, and also to make this game a permanent feature of Commencement.

The French Dramatic Club held a business meeting last night to arrange the detail of the presentation of their play this spring. It has been decided that the costumes shall be similar to those which were used in the first performance of the *Medecin Malgre Lui* in 1660.

University Sermon

The University Sermon for February was preached by G. T. Rowe, of Ashville, last Sunday night. Mr. Rowe preached on the subject "The spirit of Man is the Candle of the Lord." In a well thought out talk he treated the subjective side of religion, giving the object of the spirit in man to be keeping in touch with the larger one of God. Salvation then, thinks Mr. Rowe, is the matter of keeping the God within in connection with the God without.

At the last meeting of the Historical Society Dr. Kemp P. Battle read a memoir on the life of Charles W. Harris, the first professor of Mathematics in this University, and the second presiding professor. The sources of the memoir were letters of Professor Harris in the possession of the society. After leaving the University professor Harris settled at Halifax, and had a brilliant start as a lawyer, but his career was cut short by pulmonary consumption. He was a very able and accomplished man—a first honor graduate of Princeton.

Three Requirements For All Students

You need reliable, original and complete material for written or spoken work. You also need books and magazines. And later a summer or permanent position, which you should plan for now, before all the best openings are filled. Here is the way to get all three at a minimum of effort and expense.

We are Dealers in Facts.

We furnish the best information obtainable on any subject in school, college or club, in business and public affairs. Our work is accurate, complete and to the point, carefully typewritten, promptly supplied, and arranged in suitable form, with outlines, bibliographies and full references.

We not only have in our own force highly-trained investigators and specialists in various lines, but we have made a business of "knowing the men who know" and means of this system of knowing "Who's Who for Efficiency" we can go straight to headquarters for authoritative information and expert advice.

Added to our large stock of information on hand and on our means of obtaining authentic information, we have a highly efficient system of sifting, arranging and presenting our facts in form that exactly meets individual requirements—that would exactly meet your needs.

We are especially strong in political science, economics, sociology, anthropology, fine arts, literature, applied science, commercial geography, travel and exploration, international law and diplomacy, history, foreign affairs, interstate and foreign commerce, financial and industrial conditions, and public problems and live questions of the day.

The cost is less than might be expected. Our charges for new and original material are at the rate of two dollars for each thousand words furnished. Quality of work guaranteed, or money refunded. Methods, references and quotations on important investigations furnished upon request. (We have thousands of articles on hand which we offer, subject to prior sale, at \$1.50 per thousand words. Send for price list.)

A Desirable Position for You.

If you are wise, you are already planning about a summer or permanent position or about an opening in the professions or independent business. To introduce our service to you, we will give you advice, information and real assistance along these lines without charge (from now up to the time you secure a desirable position) if you send us a five dollar order for information—i. e. 2,500 words or over at \$2 per thousand.

In our official capacity, we come in touch with boards of trade, chambers of commerce and other local and general organizations of employers, as well as large corporations and other concerns, educational and other institutions, and municipal, state and other governmental departments. We are thus in a position to know of positions of all kinds everywhere as well as opportunities for starting out in independent business or professional lines.

No red tape, no commissions, no strings are attached to this offer. It is free and unconditional. This information we gain about positions is simply a valuable by-product of our regular information business, and we use it to attract, help and thus hold customers. We do for you all that any regular employment agency can do, with this important difference—we ask you to sign no involved contracts, pay no fees or commissions, and incur no other obligations.

Books and Magazines Free.

As a further inducement, with every five dollar order for information we will give free, in addition to the employment privilege, any book or year of any magazine you specify, the publishers' price of which is not over one dollar. With a ten dollar order for information, we will give \$2 worth of books or magazines; with a \$15 order, \$3 worth; with a \$20 order, \$4 worth; with a \$25 order, \$5 worth; and so on. Two or more men may club together with several subjects to make such an order and divide the privileges among them.

How to Order

Just think up one or more subjects on which you need material. Estimate the number of words required. Enclose two dollars for each thousand words desired, give us exact directions as to what you want and when you want it, and if the order is for five dollars or over, name the books or magazines you wish and tell us about the position you would like and your qualification for it. We will do the rest. Address at once:
