HOW A WOMAN IN N. C. STARTED IN **BUSINESS WITH ONLY ONE DOLLAR**

She is now independent and cares not how bad times are. Can be done by others

A woman in North Carolina started in business with only one dollar and now has an income of of more than 200 dollars a week.

One day she saw an advertisements in a monthly story paper of "WIKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver, and Stomach Troubles and while she had been troubled with all these complaints for more than 7 years, she wrote to the Manufacturer for a 25 cent package, which she used carefully according to the directions. After one weeks use she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the manufacturer of the tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought sf it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packagese and kept on distribting samples and sold them all in a weeks time. Then she sent for 500 packages and now she had 59 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day \$10,000 dollars for her Agency, but she declined his offer.

Any one, who has a little push and energy can do as well as she and while there are a few Agencies still open, we advise all who want to build up an independent business, to write to H. FELDSTEIN, 1375 Myrtle avenue, Brooklvn, N. Y., and send him a Monev Order for one or more dollars to secure the Agency of their town. The Juniors held meetings in Gerrard Hall Friday and Saturday last. The first meeting was a general tooth-pulling, each member of the class being requested to dig down in his jeans in quest of a collar and a quarter to pay for some rash moments last winter. At the second meeting Mr. J. H. Johnston was elected captain of the class base ball team. Mr. Johnston has played scrub ball one year and was one of 1910's mainstays in the outfield last year. He will make an excellent Jordan. Belden & Manning, captain.

Virginia-Carolina **Fertilizers**

As a rule the more liberal the amount of these fertilizers used per acre, the better the results. Mr. John F. Cunningham of Cunningham, N. C., probably one of the largest tobacco growers in the world, says: "I have been using your fertilizer for twenty years. I have sold tobacco made by this fertilizer as high as 90c a lb. Virginia-Carolina Fertilizer is used by the best tobacco farmers in the Tobacco States. It stands upon its merits. There is no better fertilizer made or used in the United States. I take great pleasure in recommending it not only to the farmers of Virginia and North and South Carolina, but to all the tobacco growers in the Union." all the tobacco growers in the Union."

The best results are invariably obtained with the use of Virginia-Carolina Fertilizer. Over one million tons were sold last year.
