

LOCALS

The time set for the Georgia debate is April the sixteenth.

Mr. Willie Michaux spent Saturday and Sunday in Greensboro and returned to the Hill Monday night.

At the Saturday night meeting the Phi debated the query: Resolved, That trusts should be regulated rather than exterminated. The affirmative won the decision and Mr. Stancil made the best speech.

At the regular meeting of the Historical Society in the Alumni Building Monday night Dr. H. N. Wagstaff read a paper written by Mr. E. C. Ruffin, '08, dealing with the History and downfall of the Whig party, with special reference to North Carolina.

Dr. Hamilton gave a paper on the life and writings of Hinton Rowan Helper. Dr. Hamilton discussed particularly the author's "The Impending Crisis."

The question debated in the Di last week was: Resolved, That the postal savings system, as outlined in the Carter Bill of the sixtieth Congress, should be adopted. On Friday night the negative won and Mr. H. K. Clonts was pest speaker. Mr. H. P. Osborne also made a creditable speech. On Saturday night the affirmative won the decision. Mr. Grimsley was the best debater and Mr. Price made a good speech.

Next Tuesday night Mr. G. C. Huntington of Charlotte, N. C. will deliver an address in the Y. M. C. Auditorium on "The Y. M. C. A. Secretaryship as a Life Work." The address will be an interesting survey of the scope of the Association in its many branches with an account of what it is accomplishing. Mr. Huntington is well known as the veteran Secretary of the Carolinas and he will treat the subject out of experience. Everybody is invited.

The Parland-Newhall Company was the number in the Star Course Tuesday night. Their entertainment consisted of a Male quartette, Bells, and a brass quartette, with vocal, violin, and trombone solos.

The program was a varied one and was indeed delightful. Everybody seemed to enjoy the whole of it, and there were many encores. The selections from "Faust", and the trombone solo were in our opinion the best numbers of the good program.

LOST:-

A scarf-pin, mounted with a large gold nugget. Finder will be rewarded by return to TAR HEEL Office

Wentworth W. Pierce, a law student, has been appointed Lieut. Col. and Assistant Paymaster General of the North Carolina State Guards by Governor Kitchin.

There will be a big mass meeting Friday night to send the team off on its first trip.

You should see the fine line of all wool spring and summer suitings before you buy. International Tailoring Co., Dickson and McLean agts. 13 O. E.

DEPARTMENT OF MEDICINE

Undergraduate Department. The One Hundred and Forty-fourth Session will begin September 24, 1909. The course, which covers a period of four years, of eight and one-half months each, is eminently practical, and properly graded, beginning with laboratory instruction in the fundamental subjects, and concluding with a comprehensive system of bedside instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the University Hospital. 90 per cent. of the graduating classes secure positions as Resident Physicians in Hospitals. The applications for graduates from this school are so great that every student could be placed.

Requirements for Admission. For the sessions beginning 1909 and 1910 respectively, the requirements for admission will be briefly as follows: For 1909 the successful completion of work equivalent to that prescribed for the Freshman class in a recognized literary college, which must include work in physics, chemistry and biology as specified in our catalogue, and at least two foreign languages, one of which must be either French or German. In 1910 the successful completion of work equivalent to that prescribed for the Freshman and Sophomore classes in a recognized literary college, which must include work in physics, chemistry and biology, as specified in our catalogue, and at least two foreign languages, one of which must be either French or German.

Graduate Department The laboratories and clinics of this Department are open throughout the year for the benefit of those who wish to engage in post-graduate work. For further information, send for catalogue.

Dean of the Medical Department, University of Pennsylvania, Philadelphia.

HOW A WOMAN IN N. C. STARTED IN BUSINESS WITH ONLY ONE DOLLAR

She is now independent and cares not how bad times are. Can be done by others

A woman in North Carolina started in business with only one dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WIKIE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver, and Stomach Troubles and while she had been troubled with all these complaints for more than 7 years, she wrote to the Manufacturer for a 25 cent package, which she used carefully according to the directions. After one week she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the manufacturer of the tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packages and kept on distributing samples and sold them all in a weeks time. Then she sent for 500 packages and now she had 50 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day \$10,000 dollars for her Agency, but she declined his offer.

Any one, who has a little push and energy can do as well as she and while there are a few Agencies still open, we advise all who want to build up an independent business, to write to H. FELDSTEIN, 1375 Myrtle avenue, Brooklyn, N. Y., and send him a Money Order for one or more dollars to secure the Agency of their town. Write today and build up a business and be independent.

Your Cotton Crop Can Be Increased

It costs no more to cultivate an acre that produces two bales of cotton than an acre which produces only one-quarter of a bale. Why not see what you can do with

Virginia-Carolina Fertilizers

Other men have been able to double and more than double their yield per acre with a liberal application of Virginia-Carolina Fertilizers.

Messrs. Lucas & Jackson of Kelsey County, Tenn., used Virginia-Carolina Fertilizer on about 55 acres planted with cotton, and say: "We have the finest crop of cotton we ever saw, and all the people around here think the same. We actually counted 447 bolls on one stalk. Another stalk had by actual count 409 bolls, forms, squares and blossoms. On about 8 acres we expect to make about 2 bales to the acre, and an estimate of adjoining farms not so fertilized and under other cultural methods, will yield only 1 bale to five acres."

An interesting picture of the cotton plants referred to will be found in the new 1909 Virginia-Carolina Farmers' Year Book, copy of which may be had from your fertilizer dealer, or will be sent free, if you write our nearest sales office.
