## New Tennis Rules

The Tennis Association at a meeting in chapel Monday ruled the following regulations to take effect this evening—

1. No player or set of players will be allowed the use of a court during an entire afternoon.

2. At 4 o'clock each evening the college bell will tap twice as a signal for all play to cease upon all the courts. All waiting players will then replace those in possession of the courts.

3. If no one claims a court for 10 minutes after the ringing of the bell those in possession may resume play.

4. No one is allowed to get the court in the first part of the evening and pledge it for the second part.

5. In the case of tournaments the foregoing regulations do not apply.

It was found necessary to pass these rules to give all the players of the Association a fair chance for practice. There are now about 150 members of the association, and the entire change at 4 o'clock will give many more a chance for regular play. It was hoped that courtesy would prompt the fellows to give up their courts to waiting players, but since courtesy failed, the association was forced to pass these rules. So, if you get a court any time before 4 o'clock it is yours till the bell rings, but at that instant it passes into other hands, and it is their right to take it.
