Dr. King, President of Elizabeth College, Charlotte, and his wife and Captain Anthony, of Richmond Va., spent a few hours on the campus Monday morning as guests of Prof. M. C. S. Noble.

Don't forget the illustrated lectures on the life of Christ given by Mr. Hogue tonight and tomorrow night. Get tickets from Hoke Ramsaur and the Eubanks Drug Store. Three tickets for 25 cts. The proceeds will be for a good charitable purpose.

After spending three weeks on the Hill as the guests of their son and brother Mr. H. N. Eaton, Mr. and Mrs. H. E. Eaton, and Miss Grace Eaton left on Monday for Washington, D. C.

Professor Baggett, formerly of Buie's Creek Academy, addressed the members of the Phi. Society on Saturday last. The debate was postponed on account of the Star Course.

It seems a difficult thing for the wearers of the white hats, to keep mum on the subject of the senior stunt for next week. They don't hesitate to tell that it will be the most original entertainment that has yet struck the Hill; but, aside from this, an air of the mysterious is felt on all sides, as one comes up near a group of seniors talking in a subdued tone. This, however, is known,—It will be a two hour per-

formance, in which an accumulation of fun, wit, humor, and sparkling repartee will be the chief feature.

Librarians Notice

The *North Carolina Library Bulletin* is a quarterly publication issued by the North Carolina Library Commission. Dr. Louis R. Wilson is chairman of this Commission. It is the purpose of the Library Bulletin to establish a systematic communication between the Commission and the local libraries of the State in the hope of bringing the libraries into closer relation with the Commission and with each other. "The extent of each library's influence," says the first number of the Bulletin, "is proportionate to its association with other libraries. In order to make this a cooperative publication, librarians throughout the State are requested to send in items concerning the work done in their respective libraries."

SCHOOL OF MEDICINE

Undergraduate Department. The One Hundred and Forty-fifth Session will begin September, 23 1910. The course of instruction, extending over four annual sessions of eight and one-half months each, is a carefully graded and eminently practical one, beginning with the fundamental branches with full laboratory exercises, proceeding through a comprehensive system of clinical instruction in which ward and bedside instruction and individual work on the part of the students form a large part, and terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital. A large proportion (more than 80 per cent.) of the graduating classes secure positions as internes in hospitals. Entrance requirements embrace a minimum of two years of college work, including two languages other than English (French or German must be one of these) and at least one year of study with appropriate laboratory work in Physics, General Biology or Zoology and General and Inorganic Chemistry (including Qualitative Analysis).
