### THE FLOYDS

The exhibition of mind reading and kindred phenomena which is part of the Lyceum program tomorrow night, is the only act of this kind ever offered to Lyceum audiences. While securely blindfolded upon the stage Mrs. Floyd (Mohala) reads letters, gives full numbers on bank notes, and accurately and rapidly describes all objects to which her attention is called. Prof. Floyd's magical acts are marked by originality, variety and that dexterity in execution obtained by 20 years' constant experience. A comedian and humorist of first rank he adds mirth to the mysti-

fication of his audience and allows not a dull moment. The outfit and staging he brings are valued at over \$2000. Prof. and Mrs. Floyd will be assisted by Louis Allard, Pianist. Tickets are now on sale at Eubanks. Prices 25, 35 and 50 cents.

SCHOOL OF MEDICINE

Undergraduate Department. The One Hundred and Forty-fifth Session will begin September 23 1910. The course of instruction, extending over four annual sessions of eight and one-half months each, is a carefully graded and eminently practical one, beginning with the fundamental branches with full laboratory exercises, proceeding through a comprehensive system of clinical instruction in which ward and bedside instruction and individual work on the part of the students form a large part, and terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital. A large proportion (more than 80 per cent.) of the graduating classes secure positions as internes in hospitals.

Entrance requirements embrace a minimum of two years of college work, including two languages other than English (French or German must be one of these) and at least one year of study with appropriate laboratory work in Physics, General Biology or Zoology and General and Inorganic Chemistry (including Qualitative Analysis).
