

ON THE CAMPUS

W. H. S. Burgwyn Jr., of last year's law class, is on the Hill.

S. W. Minor, of Durham, was on the campus for a short while Thursday.

Mrs. M. C. Young, of San Marcos, Texas, is visiting her daughter Mrs. R. W. Hogue.

Rev. Mr. Leyburn, of Durham, will preach in the Presbyterian church Sunday.

J. E. Johnston, Student Secretary of the Carolinas, was on the Hill Tuesday night.

The Bible group leaders, together with the prospective leaders for next year, held a very interesting meeting Thursday night which was led by Hoke Ramsaur.

Mrs. Geo. Howe is visiting relatives in Columbia, S. C.

R. R. Smith is confined to the infirmary.

Mr. C. C. Alexander of the English department has been elected to the chair of English Literature in Muhlenburg College, Allentown, Penn. Mr. Alexander will assume his new duties at that place at the beginning of the next term.

At the Wake Forest meeting of the North Carolina Academy of Science on Friday and Saturday of last week Dr. W. C. Coker gave the presidential address on Science Teaching in the Schools and Colleges of North Carolina. Prof. A. H. Patterson, jointly with Prof. Lanneau of Wake Forest, presented a paper on "The Comet: What is it?" Prof. Collier Cobb presented a paper on The Origin of Thermal Waters with Special Reference to Hot Springs, Arkansas, and another on Precautions Necessary in Estimating Geological Climates. All report a largely attended, pleasant and profitable meeting.

Dr. Elias D. Barnes, Dentist. Riggs disease a specialty. Can be found at Pickard's Hotel for the next week or ten days. Perfect satisfaction given both in work and price. No charge for examination.

REWARDS FOR YEAR'S WORK

Now that the college year grows near its end and the work has nearly been completed the rewards for service are beginning to come to those who have served worthily. But the number of rewards are limited and many of those who have done well have only received the training of the work they did.

Of those who have served Carolina on the diamond this spring only ten were awarded the prizes given to Varsity representatives. Stewart, Hamilton, Duncan, Hedgpech, Hackney, and Armstrong were given sweaters. Williams, Rose, Buie, and Bivens were given sweaters. Beside these men however there were others who did excellent work on the team. Swink, Tillett, Stacy, and others did work which had given them a sweater in a field of lighter competition.

Gym athletes who have been awarded jerseys are: Henry Smith, T. P. Nash, S. R. Carrington, Duls, and Carter. All of these men have met the stringent requirements demanded by the gymnasium regulations.

Outside the realm of athletics also have prizes been given. The Ben Smith Preston Cup for Journalism was won by B. D. Stephenson of the sophomore class, who competed with juniors and seniors. The History Prizes offered by the Colonial Dames were won by Joe R. Nixon and S. F. Teague

both of 1910, the former winning the first prize of \$50 and the latter the second prize, \$25. Mr. Nixon's subject was "The Early Germans in Lincoln County", Mr. Teague's, "The Administration of Justice in the Provincial."

SCHOOL OF MEDICINE

Undergraduate Department. The One Hundred and Forty-fifth Session will begin September 23 1910. The course of instruction, extending over four annual sessions of eight and one-half months each, is a carefully graded and eminently practical one, beginning with the fundamental branches with full laboratory exercises, proceeding through a comprehensive system of clinical instruction in which ward and bedside instruction and individual work on the part of the students form a large part, and terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital. A large proportion (more than 80 per cent.) of the graduating classes secure positions as internes in hospitals. Entrance requirements embrace a minimum of two years of college work, including two languages other than English (French or German must be one of these) and at least one year of study with appropriate laboratory work in Physics, General Biology or Zoology and General and Inorganic Chemistry (including Qualitative Analysis).

For further information, apply to the Dean of the School of Medicine, University of Pennsylvania, Philadelphia.
