UNIVERSITY DAY PROGRAM

117TH BIRTHDAY OF THE UNIVERSITY TO BE CELEBRATED

The Program Containing Addresses by Distinguished Speakers to Be Given Wednesday

University Day will be observed Wednesday October 12. To the new men, this statement probably means at the most a holiday, but to everyone who was present at the exercises last year and heard the inspiring address of President Mitchell and the humorous and delightful speech of Hon. T. W. Bickett, the occasion promises to be a highly enjoyable literary treat.

The program this year includes some of the best speakers and most noted educators in the state. Among these are: President D. H. Hill, of the A. and M. College, Raleigh, an educator greatly distinguished by his historical writing; Dean W. C. Smith, of the State Normal College, a graduate and former instructor in English at the University; President R. H. Wright, of the Eastern Training School, an alumnus of the University; President H. E. Rondthaler, of Salem Female Academy, a preacher of note throughout the state and an accomplished speaker; and Superintendent W. R. Thompson, of the Stonewall Jackson Manual Training School of Concord.

Such a brilliant array of speakers make the program for University Day irresistibly attractive to the students as well as the faculty. The complete program follows:

1. Prayer, Dr. W. R. L. Smith.
2. University Hymn.
3. Address, President F. P. Venable.
4. Song, The Old North State.
5. Greetings from Friends and Alumni, President D. H. Hill, Mr. W. C. Smith, President R. H. Wright, Pres. H. E. Rondthaler, and Superintendent W. R. Thompson.

Representative of the student body, C. L. Williams.

6. Song, Hail to U. N. C.
7. Conferring of Honorary Degrees.
8. In Memoriam, Dean E. K. Graham.
9. Song, Integer Vitae: Quartet.
10. Benediction, Dr. W. R. L. Smith.

From the program it is seen that Dr. Venable will make the principal address. This is a departure from former programs and the student body will welcome an opportunity to hear their President. Classes in all departments will be suspended for the day. The exercises will be held in Memorial Hall.

UNIVERSITY DAY WITH ALUMNI

Alumni of Charlotte and Durham Plan

Big Day October 12

The following clipping is taken from the Charlotte Observer of Oct. 6,

Oct. 12, University Day, will be appropriately celebrated in Charlotte by the local alumni of the University of North Carolina. The observance will take the form of a banquet Wednesday night of next week being given probably at the Manufacturers Club.

There will be a number of speeches by former Carolina students. There are between 125 and 150 of these in Charlotte and numerous others in the county. All the county alumni and any from other places who may be here at that time are cordially invited to participate in the evening's pleasures. Mr. Robert S. Hutchison is president.

SHOT WITH EMPTY PISTOL

Bun Fearrington Accidentally Shoots Himself in the Leg

While playing with a pistol in his room at Ms. Anna Abernethy's Thursday morning, Bun Fearrington a student, shot himself in the left leg inflicting a rather painful wound. He had laid the gun aside forgetting that one of the chambers was loaded. Picking up the weapon, he began snapping it, when suddenly it fired. The ball entered the large muscle above the knee. Dr. Abernethy had Fearrington carried to the infirmary.

CLEVELAND BOYS MEET

The boys from Cleveland county met Saturday night and organized a county club with the following officers: Horace Sisk, president; Speight Beam, vice president and W. C. Oats sec. and treas.. The club has nine members and has as its prime object the increase of Cleveland's representation at the University.

of the Mecklenburg association and Mr. Neill R. Graham is secretary. Mr. J. A. Parker is chairman of the Committee on arrangements for Wednesday night's banquet.

Similar celebrations will be held throughout the United states and in any foreign country where two or three are gathered together who name the name of Carolina as their alma mater. The same date has been chosen by the State Normal College as Founder's day and the manner of its observance will be somewhat like unto that of the University's Sons.

From the Durham Herald:

The University alumni of this city have planned for University Day, Oct. 12, a smoker, at which Dr. Edwin Mims has been asked to deliver the address.

Judge Crawford Biggs, president of the association is not in the city and cannot be for that occasion, but the celebration is in the hands of a committee composed of Messrs. R. H. Sykes, Julian S. Carr, Jr., S. C. Chambers and R. O. Everett and they are going to make it notable.

The address of Dr. Mims will be easily the feature of all of those taking place on such an occasion here. An active member of the faculty of the University less than a month, he is nevertheless just as enthusiastic as he was at Trinity, where he was nicknamed "Enthusiasm" by his brethren. Nobody says more when he talks and there will be something decidedly unique in his making an address to the alumni on that date.

The alumni will gather in the Commonwealth Club and there are upward of seventy young and old men to take part in it. The association has long had in mind doing something for the institution on these occasions besides the mere celebration of the day, which has its moral effect everywhere. But the alumni have not gotten together on any specific plan.

Dr. Mims is delighted with his work in the University and the former students here will be happy to hear him speak as a University professor.

It's time you were subscribing to THE TAR HEEL. See the business manager or any member of the Board. Do it now.

TENNIS TOURNAMENT BEGINS

Prospects Good for Another Winning Team

The Varsity Tennis Tournament will begin Saturday. The following men have entered, and will play off the match by pairs in order mentioned: Bailey and Whitaker; Ellis and Lamb; Venable and Lindsay; Wyatt and Stockton; Hunter and Witherington; Wildman and Shambarger. The first rounds will be played Saturday, and the finals during next week. The team that represents Carolina this year will be picked by 15th of the month.

All the men who have entered are good players and a stiff fight is expected. Bailey and Venable have been showing up well in their practice matches. Lindsay played on the Guilford College team in 1907. He has a good chance for the team. Venable is the only man who has had Varsity experience, he, together with George Fountain having represented the University last year. From the present outlook, the team this year will be equally as good as last year's team, which was the most successful the University ever sent out.

LECTURE ON "EXCUSES".

Dr. Patterson Talks to Y. M. C. A. on Inadequate Excuses.

Dr. Patterson gave a lecture at the Tuesday night devotional meeting of the Young Men's Christian Association on the inadequacy of excuses. The lecture showed that poor excuses lead to bad habits, unsuccessful careers, and unstable relations with the creator. Dr. Patterson said in substance:

Excuses are the result of a natural desire on the part of human beings to atone for misdeeds and to escape punishment. But excuses are of two sorts, adequate and inadequate, most of them seem inadequate. It is astonishing to note how trivial and worthless are many of the excuses for neglect of duty which have been presented to me as a member of the absent-committee by sophomores, juniors and even seniors. In business life, because someone else pulls off a profitable but questionable deal that is no reason you should do likewise. Because your fellow banker gets rich by speculating with other peoples money is no reason that you can do so and no excuse that you should try. Business men will not except excuses for continued unexcusable errors and neglect of duty. The public has condemned dealing, lottery establishments and other similar evils because the excuse which licensed them was inadequate.

Excuses arguments, are brought forward in defense of all evils even those of the lowest type. The liquor traffic a universally recognized evil has its advocates. The next time you give an excuse think whether it is adequate or not. We fall into the habit of stifling our consciences with bad excuses in order that we may do things that are incompatible with our ideas in regard to right and wrong. This leads to dull, imperfect distinction between right and wrong, and finally leads to undisguised wrong. When you get out in life you will be called to serve on juries. It is easier to carry juries in the United States by bad excuses and legal technicalities than in any other country. In Germany 95 per cent of the murderers are punished; in Spain, 87 per cent; in France 65 per cent

CLANCEY SELECTED COACH

BRILLIANT LEAGUE PITCHER TO COACH BASEBALL TEAM

Was Pitcher for Georgetown University Three Years. Has Pitched for Big Leagues

The Athletic Advisory committee Wednesday night selected Chas. A. Clancey who pitched for Fayetteville last season to coach the Varsity baseball team for the 1911 season.

Clancey has had a brilliant record in league baseball at Fayetteville, Holyoke Conn., Rutland, Vermont, and Montreal. He was pitcher on the varsity team at Georgetown University for three years. At Holyoke in the Conn. league he worked six years. He went successively to Montreal in the Eastern league, in the latter part of the 1909 season and since coming there he has not lost a series.

He was the strongest asset of the pennant winning Highlanders during his stay there.

He will come to Chapel Hill with the reputation of being the best tutor of young pitchers in the South. He is said to have an extraordinary ability to select young players and is a past master in teaching the fine points of the game. He knows how to get ginger into his squad. He is a good manager of men. He demands in his men as a first requirement, SPIRIT, and his watchword, according to an acquaintance who was enthusiastic at the success of Carolina in securing his services, is "Victory".

WEST END BOOMING

It is said that Chapel Hill is in danger of losing that portion of its territory which usually goes by the name of "West End" or "the depot end of town." This section of the city, it is reported, has indeed, already declared its independence and has been granted a separate and distinct post office to be located within a few feet of the Southern trunk line terminus.

Lots are being laid off and sold for prices that sound distinctly city-like. A new school house of modern plan has been built. A large cotton factory is going up which, it is said, will materially increase the population. The merchants are wearing a business-like and prosperous air. Unmistakably, West End is on a boom.

The football team left Thursday afternoon for Lexington, Kentucky, where they will play the Central University of Kentucky on Saturday. This is the first time that Carolina has met this University on the gridiron and the result of this meeting is regarded as doubtful. Carolina has one of the best teams that she has had in years but her opponent also has a strong team. The following men made the trip: Williams, Garrett, Thompson, McLean, Spainhour, Venable, Belk, Porter, Spencer, Ruffin, Young, Calmes, Brown, Parker, Abernethy, Wakely, Ritch, and Winston.

and in the United States 2 per cent. It has been calculated that it is 18 times safer to live in London than in Chicago. It behooves us when serving on juries and in all other capacities to inquire into every excuse and determine whether it be an adequate one for an excusable mistake or an inadequate one for an unexcusable error.
