There will be a matinee of the scrap this afternoon, in the Chapel. C. Teague, the slickest operator in the Carolina's will be at the ticker. It will be worth hearing.

Thursday p. m. our fellows pulled out for the land of Old Bourbon, fair horses and fast. Let us hope pervently that they pass through these perils unscathed. One or two of the bunch were rather timorous. Porter took his shot gun along.

There are eighteen players in our invading force—McLain, Thompson, Garret, Spainhour, Brown, Abernethy, Young, Winston, Venable, Williams, Parker, Belk, Ritch, Porter, Wakely, Calmes, Ruffin and Spencer. Each one left with a half pint in his back pocket—a half pint of tobacco-ginger mixture.

If the boys will only use some of the mixture we have a mighty fine chance of bagging the game. Work like they put up in Wednesday's scrimmage will give the night riders about the roughest time they have ever had on a foot ball field.

However Kentucky has some team, there's no getting around that. They have already trimmed Ohio University 10-0 and Maryville College 12-5. Whether we win or lose it should be a mixup of the hair raising variety.

Ross has pulled freight for Virginia. The large fellow has the makings of a grand linesman but—The question is will he play against us on Turkey Day? There's no telling. Virginia has been running the hog over Carolina for lo these many years. We've humbled our selves. We've turned the other cheek at every possible opportunity—but its getting mighty tiresome.

In the camp of the Enemy—Our friend Billy Gloth has hired himself to Charlottesville as a bearer of glad tidings, read this from College Topics:

"Carolina defeated the V. M. I. cadets, "Billy's" understudies, 6 to 0 last Saturday and he was on the spot and incidentally made notes of the Carolina soft places and the style of plays Virginia would need to win. Gloth is now out on the field imparting a few of these ideas to the local players and hustling things generally.

"Carolina has three All-South-Atlantic men back and also an unusually heavy line, but Gloth thinks that the Orange and Blue should win again.

Brides, the ex-Yale foot ball man who is coaching Carolina again, has taught his line to play very high, working on the theory that, under the new rules, it is better for them to keep their eyes glued on the course of the ball than for them to root out their opponents by the low crouch system. This theory is said to have received somewhat of a jar in Saturday's game when the cadets, playing low, dived under the heavy Carolina boys and succeeded in dumping them."

Evidently the tubby one hasn't a very high opinion of our team or coaching. Probably he forgets that the Yale football system is the best in the country. Just hold your horses till Thanksgiving, Billy. Above all don't count your ducks until you hear them quacking.

Virginia Teck walloped Davidson, Wednesday, 16-7. The Predestinarians must have a fast bunch. Their average weight is only 145 pounds. In the same day Georgetown annexed one by running up a nice score against Washington College, 27-0. Yes gentlemen, as remarked before, we have our work nicely pieced out before us.

Why not some basketball? out of 700 healthy young Americans we ought to

be able to get a bunch of fairly respectable players, anyway it would help relieve some of that January and February monotony.

Well, brethren, we are going to have a good baseball coach and the material is mighty, mighty promising. Suppose we stuff that in our pipe and dream lovely, beautiful dreams all the long winter. Some people say dreams come true. Here's hoping some dreams do.

A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway Telegraphy. Since the eight-hour law became effective, and since the "Wireless" companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of railroad and wireless officials and places all graduates in positions. It will pay you to write them for full details at Memphis, Tenn., or Columbia, S. C.
