Mr. Pickard has a large force of workmen digging ditches through the South Eastern part of the Arboretum preparatory to laying several lines of drainage tile. It is thought that when the water is drained off, trees and shrubs will flourish here as in the other parts of the Arboretum.

Miss Virginia G. Thompson, of Jacksonville, N. C., has been on a visit here for the past week as a guest of her brother Mr. Cyrus Thompson. Miss Thompson left on Friday morning for Kinston, where she will spend a few days, before returning home.

The picture of the German Club will be taken some time during the first part of next week, the exact time and place to be posted. Wherever and whenever it may be, all members are expected to be at the place promptly on time dressed in evening clothes, and it is especially desired that the newly elected members who intend to join shall be on hand.

Mr. E. J. Newell, of Mapleville, N. C., has been on the Hill for the last few days visiting his friends. It will be remembered that Mr. Newell suffered from an extended illness last year while at college here, but he seems now to have completely recovered. Although he is an experienced chemist, he has been compelled to give up his profession for a while. He will have charge of his mother's farm during the next year.

FATIMA

TURKISH BLEND CIGARETTES

ELECTRICITY

Like bodies repel, while the unlike attract. Which accounts for the magnetic qualities of Fatima Cigarettes—they are totally unlike any others.

They generate a current of favor, powerful in its attraction of college students. Some day, some word will be coined to describe them.

THE AMERICAN TOBACCO CO.

With each package of Fatima you get a popular actress' photograph—also a pennant coupon, 25 of which secure a handsome felt college pennant (12x32)—selection of 100.
