Y. M. C. A. CONFERENCE OF SOUTHERN STUDENTS

To be held in June near Asheville North Carolina. A large delegation expected to go from the University

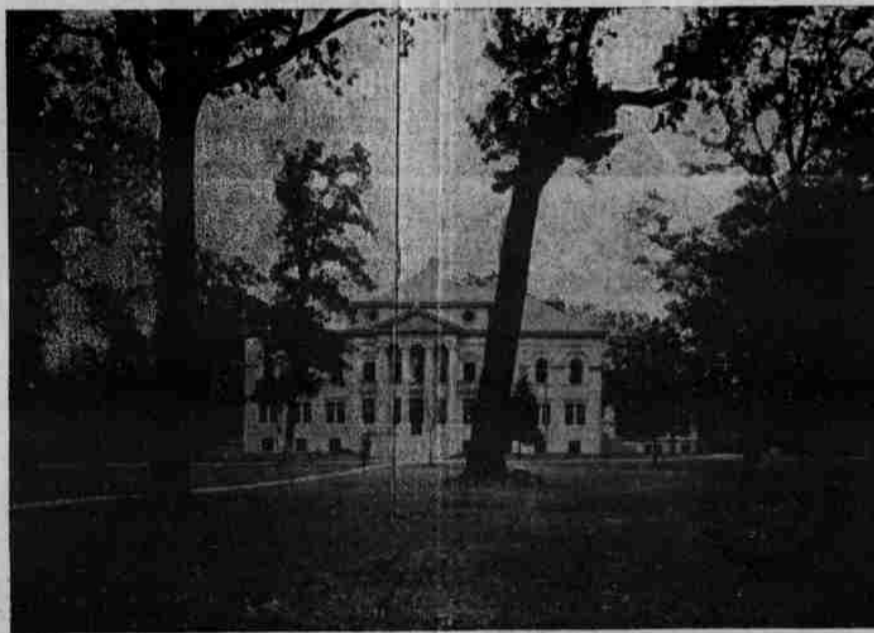

During the past eighteen years, a large number of picked Christian men in Southern Colleges have met for ten days each summer in the Southern Student Conference of Young Men's Christian Association. The conferences have been a powerful factor in shaping the voluntary religious activities of southern students. The number of colleges sending delegates and the size of individual college delegations have constantly grown until those colleges are few and isolated which do not make an effort to secure the advantages of these conferences by sending strong delegations of picked men. The conference will meet this year sometime in the early part of June in its own buildings fifteen miles northeast of Asheville, N. C., on a main line of the Southern railway.

Heretofore, the conferences have been held at Montreat, and in rented quarters, but the International Committee of the Young Men's Christian Association last year secured 850 acres of land in the very heart of the Blue Ridge mountains only two miles from the railway station, and the buildings are being rushed to completion for the coming June conference.

EDUCATIONAL

The mere trip itself is worth a year in College—not to take the place of the prescribed course, mind you, but to supplement it. With such advantages every college man in the south, no matter where his institution may be located, has the chance of attending the ideal educational institute of ex-President Eliot, of Harvard. Mr. Eliot said his ideal institution should be located by the seaside or on the

mountain top in the heart of the Blue Ridge mountains—anywhere, he said, where men could look long and far and see human life in its true perspective.

SOCIAL

Another feature of this conference is the social. The mingling with fellow students from leading colleges and Universities of the Southern states, tends to broaden one's social life. Many who have attended these conferences in the past will agree to the above, provided you mention the much used opportunity for friendly interviews with some of the leading educational and religious leaders in the world.

To emphasize the social feature of the conference, each college delegation

men from the outside whenever they could be obtained. Among the speakers this year so far are Pres. F. P. Venable, Drs. C. L. Raper, A. H. Patterson, Edwin Mims, W. D. McNider, Rev. C. L. Smith, Rev. R. W. Hogue, Secretary E. P. Hall, Prof. G. M. Sneath, and Dean. E. K. Graham. In addition to these, addresses were made also by Mr. C. G. Hounshel, missionary to Korea, and Rev. John Little, of

ing and Christian Service. All who have attended the Thursday night meetings can testify that they are very nourishing to their religious lives. The spirit that pervades all these meetings is one of the best—a spirit sympathetic, inter-denominational, investigative and receptive.

The policy for the remainder of the year is to pursue as definite a course as is practicable, to encourage even a larger attendance over the increasing number at present, and to aid more and more in the religious growth and development of the individuals who compose the University community.

est men in the University, and partially train them in Bible study leadership, before the end of the term, for next years work; and we are going to make every effort to enroll five hundred men in Bible study next year.

While we feel that the students are deriving a great deal of benefit from the Bible study work this year, there are still many short-comings. We need more earnestness and more preparation to make the groups more effective. We want the cooperation of every sincere man in the University, that we may adopt the best plans, that we may awaken a proper interest and raise the work to such a standard as to make it essential in a college career.

The Thursday night meetings have been led by members of the student body. They are conducted after the plan of an informal prayer meeting, and every one present is at liberty to enter freely into the discussions. They are usually closed by a series of short prayers in which anyone who desires may take part.

The effort has been to make all these meetings practical and spiritually uplifting. A series of the Tuesday night addresses have considered Life Callings. The other addresses, so far this year, have dealt with Life Conduct, College Ideals, Character Build-
