OFFICIAL ORGAN OF THE UNIVERSITY OF NORTH CAROLINA ATHLETIC ASSOCIATION

VOL. 19

UNIVERSITY OF NORTH CAROLINA, CHAPEL HILL, N. C., SATURDAY FEBRUARY 18, 1911

NO. 32.

FIFTH STRAIGHT IS WON

CAROLINA 42, CHARLOTTE 28

Varsity Shows Nice Form and Runs Away With Game.

On Wednesday night in a contest that at all times showed some real basket ball Carolina put it over the Charlotte Y. M. C. A. to the extent of 42 to 28. The game was not as fast as some of the other ones have been, but Carolina's passing and handling of the ball was nearer the real thing than in any of the former games. In fact our quintett showed remarkable improvements in the matter of team work, and although they failed to make connections with the basket on several easy throws, yet their shooting as a whole was very creditable, Ritch and Smith doing good work around the baskets.

The first half was close enough to be interesting. In fact at times it was just a little too close—the greatest difference in the scores of the two teams in that half being 4 points. In this half the teams seemed to be pretty evenly matched and the lead saw-sawed back and forth. The half ended, however, with the balance on the right side, 16 to 12 in Carolina's favor.

In the second half things started off with a rush and stayed there for the most part until all was over but the shouting. In this half Carolina ran up 26 points to Charlotte's 16. Along about the middle of the half Carolina did her best work. Her team work here was the nearest approach to the real thing that she has yet shown.

Charlotte played a good game, considering—but then the visitors were lacking several of their best players and in addition to this had played three straight games before coming up against our bunch. So they were not by any means at their best. Averette for them played good ball. The line up was:

CAROLINA	CHARLOTTE
Smith R. F.	Averette (Capt.)
Tillett L. F.	Stewart
Ritch (Capt.) C.	Carr
Duls R. G.	Alexander
Haynes L. G.	{ Page Ross (Sub)

Goals: Smith 8; Tillett 1; Rich 9; Duls 2; Haynes 1. Averett 5; Carr 3; Alexander 1; Ross 1; Stewart 3.

Time of halves—20 minutes. Officials: First half—Cartmell, referee; Faul, umpire. Second half—Faul referee; Cartmell, umpire.

Mr. Branch Bocock has resigned as director of athletics at V. P. I. In his letter to Mr. Bocock, the graduate manager, C. P. Nules says "Your skill and fidelity to our cause has merited all the honor that we could bestow upon you." The Virginia Tech has also this to say:

"Maybe that U. N. C. V. P. I game wont be a battle next year. Bo says he intends to have things fixed for Capt. Gibbs and Billy Burruss.

The faculty students, alumni and friends of U.-N. C. are jubilant in their success in getting our coach. They certainly have cause for much rejoicing.

FEBRUARY DANCES ARE HELD.

Junior Order Dance Thursday Night and German Club Friday Night.

The annual February dances, given by the Gimghouls and the University German Club, were held in the Bynum Gymnasium Thursday and Friday nights, February 16 and 17th. The Gimghoul dance Thursday night was led by Mr. Kenneth Tanner with Miss Mary Melon. The German club dance was led by Mr. George Wilson, of Charlotte, also with Miss Melon. The music was furnished by Levin's orchestra, of Raleigh. Those present were:

Miss Pearl Fort, of Goldsboro; Miss Fannie Barringer, of Greensboro; Miss Nannie Lee, of Raleigh; Miss Nannie Smith, of Chapel Hill; Miss Eleanor Alexander, of Charlotte; Miss Ruth Sanders, of Smithfield; Miss Mary Dunn, of Charlotte; Miss Martha Spruill, of Rocky Mount; Miss Cantey Venable, of Chapel Hill; Miss Elizabeth Bain, of Chapel Hill; Miss Alice Noble, of Chapel Hill; Miss Lucy Harris, of Chapel Hill; Miss Lila May Willis, of New Berne; Miss Helen Rutherford, of Muscogee, Okla.; Miss Grace Whitaker, of Winston, Salem; Miss Flora Bryant, of Charlotte; Miss Louise Wilson, of Chapel Hill; Miss Rebecca Mickie, of Durham; Miss Christine McIntosh, of Chapel Hill; Miss Dora MacRae, of Chapel Hill; Miss Emma MacRae, of Maxton; Miss Nannie Hayes, of Raleigh; Miss Matilda Houghton, of Washington; Miss Annie Pou, of Smithfield; Miss Blanche Williams, of Tarboro; Miss Beatrice Barton, of Hartford, Conn.

Kenneth Tanner, William Joyner, F. G. Whitney, J. D. Boushall, J. W. Hughes, R. W. Winston, Jr., K. R. Ellington, John Tillett, John Battle, R. M. Hanes, J. M. Venable, Charles Venable, J. W. Morris, Jr., Charles Broadfoot, A. A. Zollicoffe, J. G. Beard, G. M. Sneath, W. M. Parsley, T. R. Uzzell, Joel McAdden, W. L. Small, J. C. Whitaker, William Woodard, J. D. Phillips, Odom Alexander, Geo. Wilson, J. P. Moore, James Patterson, Emmet Bellany, W. B. Rodman, Jr., J. A. McLean, Robert Drane, Henry Williams, J. A. Hackney, C. D. Hogue, Faison Witherington, Charles Vogler, L. P. McLendon, Thompson Webb, T. S. Hickerson, J. P. Zollicoffer.

Mr. and Mrs. P. H. Winston, Mr. and Mrs. G. M. McKie, Dr. and Mrs. T. J. Wilson, Jr., Dr. and Mrs. H. W. Chase, Mrs. R. C. McRae, Dr. A. H. Patterson, Dr. and Mrs. C. W. Bain, Mr. and Mrs. C. T. Woolen, Mr. and Mrs. W. M. Dey, Dr. E. V. Howell, Mr. J. M. Booker.

The A. & M. College of New Mexico is considering the Student Self Government. A constitution has been submitted by a committee from the student body.

All arrangements for the pentangular debates, except deciding the actual date, have been made, although the meets will take place some time the first of May. The debate will be between the teams of North Carolina, Tulane, Vanderbilt, Sewanee, and Virginia.

\$100 PRIZE OFFERED FOR ESSAY.

Lake Mohonk Conference to Give Prize for Best Essay on Arbitration.

The contest for the prize of one hundred dollars for the best essay on International Arbitration by a student of any American college or university, offered annually by the Lake Mohonk Conference on International Arbitration, will close March 15th. More than ordinary interests attaches to this prize because it is the gift of a student—Mr. Chester D. Pugsley of Peekskill, N. Y., at present studying law at Harvard.

A similar prize last year brought out seventy-five essays from colleges in all parts of the country and was won by George Knowles Gardner, of Worcester, Mass., a Harvard sophomore. In 1908-9 the prize went to L. B. Bobbitt, of Baltimore, then a sophomore in Johns Hopkins.

The judges will be Hon. Elmer Ellsworth Brown, United States Commissioner of Education; Hon. Joseph B. Moore, Justice of the Supreme Court of Michigan, and Professor George Winfield Scott, of Columbia University.

The award of the prize will be announced and the presentation made at the seventeenth annual meeting of the Lake Mohonk Conference, May 25-26, to which meeting the winner will be invited.

Essays are not to exceed 5,000 words (3,000 is suggested as desirable) and must be delivered not later than March 15th to H. C. Phillips, Mohonk Lake, N. Y., from whom full information and references may be obtained.

De Luxe Edition of Yackety Yack to be Published.

A special Easter gift edition of the Yackety Yack will be gotten out. It will be bound in white leather and the stamping on covers will be in gold leaf. The book will be attractively made up, with white and blue book markers, and blue ribbon, packed in special boxes. Should it be found that the books cannot reach Chapel Hill before Easter this edition will be mailed to any address direct from the printers if the purchaser desires. Sample copies are to be seen in Neville's window. The copy with ribbon on it is bound in imported calf skin, price \$4 per copy. The copy without a ribbon on it is bound in domestic sheep skin, price \$3.50 per copy. A name will be stamped in gold on the cover, if desired by the purchaser, for fifty cents extra. No canvassing will be done on this edition. Give your orders to Witherington, Austin or Tanner, before February 23rd. No orders taken after that date.

Washington and Lee's crack Pitcher Moran, is being beset by a scout of the Cleveland Americans for Big League honors. He has, however, emphatically refused all offers, no matter how flattering, till he has finished his college course, at W. and L.

The University of Calcutta, the largest educational corporation in the world, examines 10,000 students a year.

ELISHA MITCHELL SOCIETY

MET TUESDAY NIGHT

Interesting Papers Read by Drs. Coker and MacNider. Attendance Small.

The Elisha Mitchell Scientific Society met Tuesday night in the main lecture room of Chemistry Hall, with the smallest number present that has yet attended a meeting this year, only twenty-six scientific devotees being there to hear the papers read and discussed, including half a dozen members of the faculty and two or three assistants.

The first paper was read by Dr. W. C. Coker, who discussed the subject of wild yeast and its manner of propagation. He presented a comprehensive survey of the various kinds of yeasts, showing the gradual gradations from those that multiply by fusing together to those multiplying by simple division. Yeast, declared Dr. Coker, is far from being a simple class of fungi. The most common sort of yeast that one has to deal with in every-day life is that known as the Ascomycetes. This parasitical growth is what forms upon dry bread, old leather, or anything which can possibly become what we call moldy.

Dr. Coker's paper being open for discussion, Dr. H. V. Wilson enquired more particularly concerning some of the investigations on the subject of yeast.

The second paper was read by Dr. W. B. MacNider on the power of the cells of the kidneys to regenerate themselves. Dr. MacNider's observations were based upon experiments made in the laboratory upon some forty cats. The kidneys of cats, he explained, are supplied with blood by two arteries, one supplying two-thirds and the other one-third. If the artery supplying the one-third of the kidney be tied so that the blood supply is cut off, and other various precautions taken to absolutely prevent this part of the kidney from being supplied with blood, thus apparently deadening the cells, nevertheless, certain portions after about twenty days or more do actually undergo regeneration. Moreover, if a small slice of the kidney be placed upon a glass slide, and bathed in a drop of the fluid produced by the blood, the part will be regenerated. Dr. MacNider referred to his observations on this question while at the Rockefeller Institute.

There was rather extended discussion of this paper. Dr. Wilson mentioned the fact that all research of this kind dated from the experiments in Harrison's laboratory.

At the Univ. of California, five students were suspended by the "Undergraduate Student Affairs Committee" for cheating in examination.

Among the various schemes for raising the \$100,000 needed for a new students building at Wellesley a student has outlined a plan for "Silent Dinners" to be given at the various college houses, with a penalty of ten cents every time a girl speaks during the feast.
