## DR. HENDERSON WINS PATTERSON CUP

The Memorial Cup Presented to Him Last Night for His "Life of Bernard Shaw."

THIRD MEMBER OF THE FACULTY TO WIN IT

This Cup is Awarded Annually to That Resident of the State Who, During Year, Either in Prose or Poetry, Has Shown Greatest Excellence.

The Patterson Memorial Cup, given each year by the State Literary and Historical Association, was presented last night to Dr. Archibald Henderson, professor of pure mathematics at the University of North Carolina, for his "Life of Bernard Shaw". The presentation was made by Senator Lee S. Overman.

Students and faculty feel most happy that the honor has come to Dr. Henderson. The entire University shares it with him.

Dr. Henderson is the third member of the University faculty to win this honor. In 1906 Dr. Mims received the cup for his "Life of Sidney Lanier" and in 1907 Dr. Battle received it for his "History of the University."

This cup has been awarded at each annual meeting of the association since 1905; the conditions of award being that it shall go "to that resident of the State who, during the twelve months from September 1st of the previous year to September 1st of the year of the award, has displayed, either in prose or poetry, without regard to its length, the greatest excellence and the highest literary skill and genius." The permanent judges are the president of the association and "the occupants of the chairs of English literature at the University of North Carolina, at Davidson College, at Wake Forest College, and at the State A. and M. College at Raleigh, and of the chairs of history at the University of North Carolina and at Trinity College." The awards made thus far have been as follows:

1905—John Charles McNeill, for poems, later reprinted in book form as "Songs, Merry and Sad." (Presentation by Theodore Roosevelt.)

## MR. C. G. HOUNSHELL

To be at the Y. M. C. A., December 3rd to 5th. He Will Speak to the Students on Barnett and His Field

Mr. C. G. Hounshell, a traveling secretary for the Student Volunteer Movement, will be on the Hill December 3-5. Mr. Hounshell is a graduate of Vanderbilt University, and for seven years has been a missionary to Korea under the Methodist Board of Missions. He is now on his furlough and for the past two years has been traveling over the East and South among the colleges and universities in the interest of the Student Volunteer Movement.

His visit to the University will be of especial interest to the faculty and student body since his services as a missionary in Korea have brought him in touch with China and made him familiar with that section of China in which our own missionary, Eugene E. Barnett, is laboring. During his visit here Mr. Hounshell will address the student body one night on Barnett and his field.

Mr. Hounshell is an attractive and forceful speaker, and his address on Barnett will be of interest to every student in the University. His coming will afford an opportunity for all new men to know more fully who Barnett is and what is the nature of his work in China. Those who remember Mr. Hounshell's visit of last year recall the favorable impression he made on the student body and will be glad to hear him again.

## LATEST DOPE FROM THE SIDE LINES

Coach Bocock Has Mixed Hard Work With Much Needed Rest

### A REPERTOIRE OF TRICKS AND PLAYS

The Team is in Good Condition and Will Go Into the Game on an Equal Footing With the Team From Old Virginia

In the special preparation for the Virginia game Coach Bocock is mixing hard work and needed rest for his men. Those players who are on edge he is giving only light work while some of the more husky ones are getting all the hard work they can stand. Secret practice is being held every afternoon in perfecting the repertoire of plays that will be depended on to cross the Orange and Blue goal line. Nobody but the coach and team know what these are, but ten thousand people will see them on the 30th.

Just before the secret practice begins there is an hour of open practice each day, during which the student body in practically its entirety gathers to cheer the team on and to show the players that it is behind them to the last man. The student body wants the team to win, and has enough faith in the team to believe that if grit and dogged fighting to the last inch has anything to do with the outcome of a game, then we stand a good show. The students have faith in their coach too. They know that if good, thorough, brainy coaching has anything to do with a team's winning its games, then our team again stands a good show to win. But the coach, the team, and the students all know that the game will be a grilling one, and that to win, our team will have to fight, and keep on fighting to the bitter end.

But the students believe that that is what will win us the game, if anything does—the sheer fighting power of the team. So to show the men on the team that the student body has confidence in them, and to cheer the team

## CAR LINE BETWEEN DURHAM AND HILL

Piedmont Traction Company Discusses Proposition With Citizens

LINE TO RUN FROM BURLINGTON TO DURHAM

Committee of the Citizens of Chapel Hill Met by the President of the Company. Purpose to Find Out Resources of Town.

At last some definite action has been taken in the matter of the long dreamed-of, much talked-of, and much longed-for street car connection between Durham and Chapel Hill. Mr. J. W. Murray, president of the Piedmont Traction Company, of Burlington, came to Chapel Hill last Friday and met a committee of the representative business men of the town. The purpose of his coming and of the meeting was to investigate the resources of the town and the readiness of its citizens to aid in the building of the road from Burlington through Chapel Hill to Durham. The result of the meeting was that different committees were appointed to secure the facts desired and to find out how much stock the business men of Chapel Hill would take in the enterprise.

The Piedmont Traction Co. already has lines in operation between Burlington, Graham, and Haw River. The company now proposes to extend its lines from Haw River to Swepsonville, a cotton mill town on the Haw river, thence to Saxapahaw, another mill town, thence to Chapel Hill, and from Chapel Hill to Durham.

A franchise has already been secured from the county commissioners of Alamance County to operate the car line over the public roads of that county. A similar franchise will be gotten from the commissioners of Orange County. The Durham Traction Company owns a franchise between Chapel Hill and Durham, but this will not deter the new promoters.

The meeting of the business men was called to find out just
