LOCALS

Miss Hattie Berray spent a few days in Raleigh last week.

Messrs. Don and Cam McRae spent Sunday and Monday in Chapel Hill.

Mr. Willie Watts of Williamston, a brother of Maurice Watts, 16, was on the Hill Thursday.

Mr. and Mrs. Leach of England are the guests of Mrs. J. A. Holmes.

President F. P. Venable is off on a trip to New York and Boston.

J. J. McAden, '12, of Charlotte, is spending a few days with friends on the Hill.

Messrs. Perrin Busbee and A. L. Cox, of Raleigh, were over for the Carolina-Bingham game, last Saturday.

Mr. M. C. Hayes, an old Oak Ridge student, was here Sunday, the guest of J. Townsend and D. J. Walker.

Miss Christine McIntoch left last week to visit friends in Clayton and Fayetteville.

Miss Susie Fulgum, who has been in Goldsboro for some time, returned to Chapel Hill Wednesday.

Dr. Lay who preached the University sermon Sunday was the guest of Mr. and Mrs. E. K. Graham while on the Hill.

The Misses Nottingham, who have been the guests of Miss Elizabeth Bain for several weeks, returned to their home in Norfolk Virginia, Tuesday.

Mrs. Pugh and her daughter of Raleigh, and Miss Treadway of Iowa, with Messrs. Scott and Landan, were guests of Mrs. R. S. McRae last week.

"Influence" is the subject for discussion at the regular Thursday night meeting of the Y. M. C. A. R. W. Isley will lead the discussion. Be one of 75 to take part in the meeting.

Revival services are being held this week at the Methodist Church. Rev. H. M. North, pastor of the Edenton Street Methodist Church at Raleigh, is conducting the services.

Mrs. John Holmes entertained delightfully Wednesday. There were two tables of Bridge. Those playing were Dr. and Mrs. Bell, Misses Louise Venable, Eliza Knox, and Watson Kasey, Messrs. Hickerson Holmes and Charles Venable.

Dr. L. R. Wilson has been appointed by the Library Department of the National Educational Association as a member of a committee to formulate a report on "Library Instruction in Normal Schools." This report will be made at the next annual meeting of the association.

Neale's Monthly, a new magazine which is to make its appearance December 20, 1912, has, among other things, this to say in its announcement folder:

"In the first number, too, will begin Professor Aachibald Henderson's great serial, 'Forerunners of the Republic,' in which Daniel Boone, John Sevier, George Rogers Clark, and other neglected 'Forerunners' receive adequate if belated historical treatment. This work will also be issued as a book, \$1.50 a volume net, after its publication as a serial.

Professor Collier Cobb left Tuesday afternoon for Chicago, where he will address the Geography teachers on "A Lesson in Applied Geography from the Landes and Dunes of Gascony." He speaks at the Northern Illinois State Teachers' Association on "The Teachers' Task."

Last week in the Di Society the query, Resolved, that Congress should pass a law prohibiting the working of women in factories longer than eight hours a day," was debated. Friday night the affirmative won and Mr. F. E. McMillen made the best speech. Saturday night the negative won, with Mr. B. B. Holder making the best speech.

A delightful reception was given by the Community Club at Mrs. Toy's residence to the teachers in the Chapel Hill Graded School Friday from four to six. The rooms were beautifully decorated with roses. Refreshments were served by Misses Mary Patterson, Josephine Daniels, Mary Cobb, Madge Kinette, and Jane Toy. Mrs. Holmes and Mrs. Eubanks poured the tea.

MITCHELL ELECTS OFFICERS

The 200th regular meeting of the Elisha Mitchell Scientific Society was held on the night of October 15, in Chemistry Hall, with the President, Dr. E. V. Howell, in the chair. Papers were read by Dr. C. H. Herty and Dr. W. C. Coker.

"Chemical Control of an Industrial Plant" was the subject of Dr. Herty's paper. He showed the value of a chemist in a certain turpentine plant in Florida which had got into difficulty and was unable to sell its product to the best advantage. The difficulty was cleared up after some laboratory experiments made here.

The subject of Dr. Coker's paper was "The Water Molds of Chapel Hill." The paper gave the result of collections of water molds, which have been made by Dr. Coker and Mr. W. M. Cobb at different seasons in the neighborhood of Chapel Hill. Dr. Coker showed that some of the molds were found only in warm weather, others only in cold weather, and still others both in warm and cold.

Three new species have been discovered, one of which was named for Carolina. Other species have been found, which heretofore had been thought to exist only in certain parts of Europe. One of the new species has characteristics which seem to place it in two different families, it having two different methods of reproduction. Dr. Coker's investigations are appearing in the current Botanical journals.

This was the first scientific meeting of the year. At a previous annual meeting the following officers were elected:

President, Dr. E. V. Howell.
Permanent Secretary, Dr. F. F. Venable.
Vice-President, Prof. P. H. Daggett.

Recording Secretary, Dr. J. M. Bell.

Editorial Committee, Dr. W. C. Coker, Prof. A. H. Patterson, Dr. J. M. Bell.

The following new members were elected: J. W. Lasley, J. G. Beard, A. M. Atkinson, C. S. Venable, J. E. Smith, W. C. George.
