Sigma Nu; Henry Dockery, Fairly Long, Jim Hackney, Lewis Poison, Alex Harper, Paul Fenner, John Harvey, John Shank, John Hackney, Graham Anthony, Bill Wakeley, and Jim Milliken. Phi Delta Theta; Col. Fred Cox. Alpha Tau Omega; F. A. McNeil, W. H. S. Burgwyn, W. S. Beam, F. A. DeVane, C. W. Broadfoot, Jr., Duncan McRae, K. O. Burgwyn, Nat Rodman, Jim Patterson, H. R. Weaver, and Messrs.

Sherrod, Nelson, McKinnon, Hanes, Alderman, Brown and Matton from Trinity College.

Y. M. C. A. ENROLLS LARGE NUMBERS.

In last weeks canvass for new Y. M. C. A. members committee visited every room on the Hill and succeeded in enrolling no small number of new students. The secretary has taken in 275 cards of membership. Further canvassing will probably push the number to 400.

BIBLE CLASS ENROLLMENT.

Through the influence of the Bible Class lecture and the energy of the boosters, 185 men have been enrolled in the Bible classes the prospects for more reach nearly to the 300 mark. These 300 men will be divided up into 30 or 35 groups, which will meet every Sunday at 12:30, after church and before dinner.

A RIVAL OF KLUTZ'S BOOK STORE.

George Eutsler's Y. M. C. A. book exchange has been running day and night with a boom. He together with Mr. Kerr, has handled 850 books from as many as 200 men. Out of these 400 books have been sold amounting to \$225. There is a continual demand for first and second year books, and they just won't stay on the shelf. This exchange will be run the whole year through from 9 a. m. to 8 p. m. daily. Here's your chance to make off old books and save off of new ones. The Y. M. C. A. gets 5 per cent for its trouble. Eutsler gets nothing.

THE BAND: IT SHOULD ORGANIZE.

Candidates for the University Band were called out last week for the first time. 35 men, some with instruments, more without, reported. The Band has been put upon no satisfactory basis up to this year and unless a complete organization is formed now, our Band will be in a bad way. It stands this way. The men that go out for the band have nothing to work for, and, in many cases, no instruments; there are no trips and no contests ahead of them. Our teams have trips to work for, other teams to beat, and free outfits to play in; more than this they are backed by the Athletic Association. Our Band never has had any of these stimuli to give it encouragement. Everything it has done has been done in pure loyalty. If the Band can give us such stuff as it did at the A. & M. game, last year under these conditions, then, with some money behind it, some trips in front of it, and the same instructor that kept going all last year, we ought to beat "Alexander's Rag Time Band."

PHARMACEUTICAL ELECTION.

The James William Simpson Pharmaceutical Society held a preliminary meeting for the election of officers on Tuesday last. Those elected were: S. B. Higgins, President; J. C. Warren, Vice-President; Jas. Rogers, Secretary. The Society begins its work on Saturday night at 7:30 in Person Hall. All Pharmacy students are urged to be present.

When You Think of Life Insurance—Think of the Pilot

The Policyholders' Company

The Insurance Company with a *capital stock* offers the security of the cash paid in and a management by men financially interested in its success.

It offers the disadvantage of the temptation upon the part of stockholders to pay themselves big dividends at the expense of the policyholders.

The *mutual* insurance company offers the advantage of crediting to the policyholders all the profits, but has not the security of paid in capital and is managed by men with no financial interest in its success.

*This Company has the advantages of both
The disadvantages of neither.*

Fix that statement in your mind. It's a big thing to say. But it's a fact. Every policyholder has the security of paid in capital, the advantage of management by men financially interested, and *the policyholders get the dividends.*

Because, under its charter, the stockholders of this Company are forever barred from receiving more than 50c annual dividend on each \$1,000 of insurance in force.

The Policyholders Get the Rest
