UNIVERSITY OF NORTH CAROLINA, CHAPEL HILL, N. C., THURSDAY, OCTOBER 30, 1913

NO. 7

## THE TWO SOCIETIES ESTABLISH PRIZE

Give Fifteen Dollars to The Editors to Offer as They Choose

### ALL GIVEN TO SHORT STORY CONTEST

The English Faculty Has Agreed to Raise Grade of Every Student in English I and II a Point Who Gets Two Articles in Magazine This Year.

The two Literary Societies have each appropriated seven dollars to be used by the Editorial board of the Magazine as they choose. They have decided to put up the entire amount for a short story contest.

The contest will close on December 11th. All papers must be in by that time. Any student of the University is allowed to compete. There are no restrictions to the length, subject, matter, or number submitted. The manuscript must be handed to Editor-in-chief without the author's name. Some nom de plume must be used.

The papers will be judged by a Faculty Committee selected by board. The winning paper will appear in the December Number of the Magazine. The Editors reserve the right to use as many of the stories as they choose.

The English Faculty has agreed to raise the grade of any member of the classes in English I and II who gets two or more articles in Magazine this year. This offer is intended to aid the sketch department of the Magazine.

### DRAMATIC CLUB TO CHOOSE PLAY.

The Dramatic Club will listen to the reading of one of the four plays under construction by that body tomorrow night at 7:30 in the chapel. Prof. George McKie will read the play. All candidates must be present.

"The Magistrate" and "Too Much Johnson" are the two favorite plays under consideration. One of these will probably be read. "Too Much Johnson" is along the line of "What Happened to Jones" of last year.

"Hello Bill" and "The Fortune Hunter" are still in the manuscript form. The Club had to deposit \$54 to secure the privilege of reading the plays. "Hello Bill" has come, but the coaches do not think much of it.

### Journal Club Hears Papers.

The Journal Club met Monday night as usual and listened to an interesting program, also as usual. The papers were:

The Estimation of Quality of Paper, by V. C. Edwards.

The Progressive Bromination of Toluene, by A. J. Flume.

Notes on the Chemistry of Plants, by L. B. Rhodes.

A New Method for Preparing Ammonium Salts of the Organic Acids, by W. N. Pritchard, Jr.

And in addition the club listened to a paper of Dr. Wheeler's on "The Walden Reaction."

F. R. Weaver, '13, was on the Hill Monday and Tuesday visiting friends.

## FRESHMEN WIN ANOTHER

Defeat Goldsboro High on Home Field 21 to 0

After playing Goldsboro a scoreless game on their own grounds, the Freshman eleven came back strong and won the second contest here Wednesday by the score of 21 to 0.

The Goldsboro boys put up a game fight, but they were outweighed and never threatened the fresh goal line. For a quarter they fought the Freshmen off. The freshmen showed marked improvement over their previous performances. They worked the forward pass successfully and their touchdowns were directly due to this method of play. The whole fresh backfield played well, while Monroe and Williamson at ends did good work. 1917 lined up as follows:

- R. E. Monroe, Capt.
- R. G. Bullock
- R. T. Burnett
- C. Elias
- L. G. Telfair
- L. T. Martin
- L. E. Williamson
- Q. B. Taylor
- R. H. Davis
- L. H. Hoffman
- F. B. Byrd.

## GREATER COUNCIL GROWS

To Decide All Disputes in Class Athletics.

In Chapel Monday by a unanimous vote the student body gave to the Greater Council the power to regulate all class athletic matters. The classes have had several disputes this year as to the eligibility of several men and due to the increased importance of class athletics this has taken on an important aspect. The matter was called to the attention of the Council and they tried to agree upon a set of general rules but it was soon seen that any general rules devised would reflect injustice upon someone. So the Council decided that there should be some court to decide each individual case.

While the Council felt that it had the authority to draw up and recommend a set of general rules it did not think it ought to assume judicial powers. Therefore President Leach put the matter up to the student body who willingly gave them the sought for authority.

The committee has been appointed as follows: J. S. Cowles, Chr; J. A. Holmes, C. E. Ervin. Refer all class disputes to them for settlement.

### Glee Club Now Organized.

The Glee Club has struck her gait and with a minimum squad has settled down to a steady jog. The last of the canning has been completed and with 28 men in the squad (5 men and 2 substitutes for each part) a uniform and systematic practice has been begun. With Meeks, Epps and Sneath as soloists, and a full company of 28 voices we may look forward to a Club entirely representative of the institution.

## "RALLY DAY" SUCCESS

Prof. Nobles Starts Annual Neighborhood Event.

Some four or five hundred people from the immediate vicinity met in Chapel Hill Saturday for a get together meeting. Free moving pictures were run at the Pickwick most all day. They were government films showing various up-to-date farm movements. There were stereopticon views at the Peabody building also.

At eleven o'clock the crowd gathered in Memorial Hall. The audience sang several songs after which Prof. M. H. Stacy and Prof. M. C. S. Noble made addresses. J. T. Griffin of Chatham also spoke.

This rally is but another expression of the University's Extension Movement. It is as much the University's duty to aid the people next door as those of Bertie County.

### The Officers Deserve Credit.

The following is clipped from the Walker County Messenger of Lafayette, Georgia. Mr. Hall was general secretary of the Y. M. C. A. here last year. He is in business now at Lafayette but continues to take interest in the University.

"The success of the fair this year was due to the untiring work of the officers and the chairmen, who were ably assisted by the different committee members. The greatest credit is due E. - P. Hall, Jr., who for several weeks has given his entire time to the success of the fair."

### Historical Society Program.

The Historical Society meets Monday night at 8 o'clock, in Chemistry Lecture room, November 4th.

Program: "Oldest Baptist Church in N. C.," J. F. Pugh.

"Outline for Study of County History," John Cansler.

"The Mecklenburg Declaration," H. V. Johnson.

George Thomas was on the Hill Wednesday. He put on a football uniform and scrimaged with the second team. Coach Tol Pendleton also has been running with the scrubs.

## ANOTHER SIDE OF PROBLEM

Dr. MacNider on Health and Hygiene of Negro.

Last Thursday Dr. W. de B. MacNider led the second discussion of the problems put forth in Weatherford's "Negro Life in the South." Dr. MacNider centered his talk on the health and hygienic conditions of the negro. The strain upon the health sources of the negro has been due to two main causes: adjustment to the American climate and more recently adjustment to town and city life. The specific diseases which contribute to the high death rate of the negro are tuberculosis, malaria, and venereal diseases. Just as the negro gave the hookworm to the virgin soil in the white man so the white man has given tuberculosis to the virgin soil in the negro. The speaker gave practical suggestions for helping the negro against the ravages of these diseases. In every community young men can give illustrated talks on the value of light, fresh air and pure water to health and sound living. The speaker pointed out that the negro was a very tractable and appreciative people and that much good could be done for the health and sanitation of the negro by college boys in their own communities.

The third of this series of negro discussions will be lead by Dr. Charles Lee Raper who will have as a topic "The Economic Condition of the Negro."

## PROF. WILLIAMS-Y. M. C. A. Concludes Religion and the College Man Series.

Prof. H. H. Williams spoke to a large crowd Tuesday night in the Y. M. C. A. building. His address was the conclusion of the series on "Religion and the College Man." In his definition of religion he took the two views that religion is service and that religion is the contemplation of truths and showed their incompleteness as half truths. He showed that religion is the synthesis of the true coming from relation to God. The tree is rooted in the earth for its organic life and likewise man is rooted in God for his religious life. God is the master lesson of the human soul and its connection with God is religion.

Prof. Williams made a forceful appeal for religion in the life of college men.

Indicative of the interest stirred by this address a score of men resisting the call of books and the mail discussed for over half an hour in the lobby of the Association building the thought suggested in the meeting.

In the near future a second series of addresses devoted to North Carolina problems will be given by members of the faculty who have first hand acquaintance with a particular problem.

The query selected for the Soph-Junior Debate is: Resolved, That labor unions are justified in demanding the closed shop. Affirmative, Phi Society; Negative, Di Society. This debate will be held in December.

## CAROLINA LOSES BY MANY FUMBLES

Tar Heels Wake Up In Last Quarter. Touchdown On Straight Football

### TANDY AND TAYLOE DO STELLAR WORK

Both V. P. I. Touchdowns in Second Quarter. Follow from Fumbled Punt by Allen and a Juggled Pass by Reid. Fuller and Tayloe also Fumble.

N. C.	Positions	V. P. I.
	Right End.	
Homewood		Rieves
	Right Tackle.	
Abernathy, Boshamer		Caffey
	Right Guard.	
Foust		Graves
	Center.	
Tandy		Clemmel
	Left Guard.	
Cowell		Whitehead
	Left Tackle.	
Rainsey		Pick
	Right End.	
Huske, Joyner, Huske		Taylor
	Quarter Back.	
Allen, Oates		Dixon
	Left Half Back.	
Tayloe		Davis
	Right Half Back.	
Fuller, Reid, Fuller,		Legge
Burnette		
	Full Back.	
Ervin, Fuller		Saunders

Fumbles! V. P. I. 14. Fumble! U. N. C. 7. Fumbles! Winston-Salem Saturday. Two touchdowns within five minutes of each other on fumbles. Carolina was playing real football in the last quarter but started too late.

Carolina kicked, Legge returned the ball on a punt, and Fuller fumbled on the first play. V. P. I. was easily held for downs and Foust punted out of danger. Each side was unable to make first down more than once in succession so the two teams exchanged punts. Foust was kicking against a strong wind but held his own. Tayloe made two pretty runs this quarter, one on an intercepted forward pass. V. P. I. tried two drop kicks but both went low and wide. Abernethy is hurt in this quarter.

The second quarter started with the ball in the middle of the field. Allen lost 20 yards on an end run and Fuller 5 more on off tackle. Carolina kicked to Legge. He returned the punt to Allen who makes fair catch. The teams again exchange punts, but Allen fumbles, and Pick recovers on the 25 yard line. A five yard penalty for offside, 12 yards by Dixon, 8 by Pick, and a rush by Legge carries the ball over. Goal is kicked.

Again the teams exchange a long series of punts, Carolina finally obtaining possession of the ball in the middle of the field. Reid was substituted for Fuller, fumbles a good pass and Legge recovers it with a tree field. By a spectacular run Tandy overtakes him and tackles him on five yard line. But it was only a moment's delay. Legge tore through the line for another touchdown and again he kicks goal.

Carolina had a chance to score
