

A SEE-SAW WEEK ON THE DIAMOND

Squeezes Victory From Wake Forest. Hands Guilford One Swamps West Va.

SATURDAY—WAKE FOREST GAME.

Carolina cinched the Wake Forest series Saturday by defeating Wake Forest in Raleigh after an uphill struggle. The score was 3 to 2 and two of the three came in the eighth after a pass, two singles and as many errors. Williams pitched, and pitched too, striking out twelve men, walking one and scattering all but three of the eight hits harmlessly through the nine frames. Wake Forest bunched three hits in the sixth, but secured but one tally. Hubert Bailey twice cut off possible runs at the plate by his beautiful pegging from center. Lewis made a pretty pick up and threw out his man. Long and Lewis both got a couple of hits.

Errors played an important part in the scoring, five being charged against Wake Forest and four against the Tar Heels. Each team earned one run, the other three being due to misplays.

SUMMARY.

Two base hits Lee, Trust. Sacrifice hits Stringfield, Williams. Struck out by Williams 12, by Cuthrell 2. Base on balls by Williams 1, Cuthrell 2. Left on bases, Carolina 8, Wake Forest 5. Wild pitch, Cuthrell. Passed balls Daniels, Woodall.

MONDAY.—GUILFORD.

Guilford took the game from Carolina in Greensboro Monday having the decision really in the first few innings of play. Shore, on the mound for the Quakers, was the star of the game. He allowed only four scattered hits and accepted ten chances without an error. Guilford's runs were made by hits mixed with some errors of fielding and bad judgment by Carolina.

Litchfield scored our only run in the ninth, getting on by a wild throw by Benbow who fielded his grounder. "Red" went to

CHANGES IN JUNIOR WEEK Program Has Been Altered in Several Details.

As the State Normal Orchestra is unable to be here during Junior Week the Lyric Concert Company will give an entertainment on the appointed Thursday evening of the program. The Meeks-Epps-Harris-Wright Company is the most attractive combination in this circuit. The last number of the Star Course has given way to the local lyrics. Lyceum season tickets will pass you in with the plus on your side. Eubanks will handle the brass tack board. Get your reservations now.

"There will be a sound of music by night

And Carolina gather then her flower and her chivalry.

second on the throw and scored on two infield outs. Aycock replaced Watkins in the ninth and was touched for four hits before he had become warm. Capt. Bailey's playing was a feature. The final score was 8 to 1.

TUESDAY—WEST VIRGINIA

Playing the first two innings in the rain and the last five on a very slow field Carolina defeated West Virginia University 14 to 5 Tuesday on the home field. Aycock not only twirled acceptably but collected two singles out of three chances. With the exception of the fourth inning when his opponents made as many runs off of five hits he was practically invincible. But when you get to talking about that game just hand that centerfielder the palm. Out of five trips he connected four times, for a total of eight bases, one being a three sacker and two doubles. Long came pretty close equaling this record totaling three out of four, all singles. Woodall wasn't for behind either. With five chances he swatted .600. Notice the fact too that Carolina is charged with only one error for this contest.

Carolina started off by making three runs and not satisfied with that came back in the second and made four runs, every man having a turn at bat except Lewis who opened and closed this chapter. After a one inning rest the team exactly duplicated their first series of scoring, putting across three in the fourth and four in the fifth.

McNAIR LECTURES BEGAN WEDNESDAY

President George E. Vincent of Minnesota Univ. Lecturer.

HIS SUBJECT IS "THE SOCIAL VISION"

On April 15, Dr. George E. Vincent, head of the Chatauqua and President of the University of Minnesota, began the sixth series of McNair lectures in Gerard Hall. Dr. Vincent brings a message of vital interest to every present day citizen; and most fortunate is the audience that hears his captivating presentation.

The series of lectures is concerned with "The Social Vision". The speaker opened this subject with an address on "The Sense of the State". From the start, Dr. Vincent stood in hand's grasp with his hearers, who forgot for the time the personage who was speaking and gave themselves up to the genial and thought-provoking interpretation of the changed attitude of American life.

Americans have been criticised, said Dr. Vincent, by two noted Englishmen, Mr. Bryce and Mr. Wells, for lacking a sense of the state, for seeing no more in the government than a corporation for convenience and efficiency. This criticism, said the speaker, was made possible by the spirit of individualism, which Americans early appropriated from Europe. Necessarily appropriated, because the conditions of frontier life would have built up the individualistic philosophy if we had not found it ready made. Our frontier experiences constantly strengthened the energy and initiative of the individual, the sense of free agency and personal responsibility. And the American of today interprets problems in terms of individualism, regarding the individual as the unit of action.

This view runs to extremes in our architecture, business, and public amusements, which are run by the private will of individuals rather than by community control. The danger of this view lies in limited imagination, arrogance and intolerance. The man who succeeds is over-prone to attribute his success to his inherent superiority over his fellows.

In reaction against the magnification of the independent action of the individual has arisen the philosophy of collectivism. It is the solace of those who fail. It leads to determinism. In extremes, it saps initiative and courage. But it makes a valuable contribution as an offset to excessive individualism and as the promoter of tolerance. We must recognize that environment influences life, and that society produces a type, the average person. Social pressure and economic pressure are constantly hammering upon the individual. Collectivism, therefore, seems

FOODS AND FOOLISHNESS Dr. Woods Hutchinson Spoke Interestingly.

"Eat all kinds of good food and plenty of it as fast as you want to." No more comforting advice was ever given this student body than that given by Dr. Woods Hutchinson, "the apostle of common sense in Medicine" as Dr. Henderson said in introducing him. This estimation of him proved indeed correct, for Dr. Hutchinson showed very clearly that the use of a little common sense in one's mode of living is much better than the use of drugs. Of all the palatable and unpalatable portions of the landscape which our ancestors tried to eat, they found such foods as eggs, bread and meat most satisfactory and for this reason they have always been the mainstay of life. The human body is merely a gas engine and food is the fuel. The whole question comes down to the efficiency of food as a fuel. Dr. Hutchinson recommended the use of good, solid food and said that the belief that sugar and pork are unwholesome is a fallacy, as is also the prevalent faith in breakfast foods—shredded doormats, grape nuts, post mortum coffee, and other mixtures emanating from the region of Battle Creek. In conclusion Dr. Hutchinson gave the audience an opportunity to ask any questions that might have arisen in their minds. His lecture was a palatable combination of science and humor which had a most pleasing effect on the audience.

Triangular Debate Saturday.

On Saturday night Virginia, Johns Hopkins and Carolina will each struggle for supremacy over the other two on the platform. Carolina will be represented at Charlottesville against Johns Hopkins by Felix Webster and Kenneth Royal. These two gentlemen will uphold the affirmative. As Guest of Johns Hopkins Carlyle Higgins and Albert Holmes will contest Virginia from the negative. In Gerard Hall at 8:00 Johns Hopkins and Virginia will debate. Malcolm Lauchheim and Wm. Warren will defend the affirmative for Hopkins while William McBain and Maurice Henry will represent Virginia on the opposite side.

The query for all three debates is Resolved: That the political interests of the United States demand the abandonment of the Monroe Doctrine. Mr. W. S. Bernard is Presiding officer and T. C. Boushall Secretary. The judges are Messrs. E. K. Graham, Charles L. Raper, H. W. Chase, Archibald Henderson and J. G. deRoulhac Hamilton.

IMPORTANT.

An inquiry has recently come to the Bureau of Extension as to who are the six most conspicuous men in the world. What six six would you name?

TRACK TEAM WINS DUEL FROM V. P. I.

Has a Margin of Only Three Points. Woolcott Gets Thirteen Points

SCORE WAS SIXTY TO FIFTY-SEVEN

On Miles Athletic Field in Blacksburg last Saturday, the Carolina track team won over V. P. I. by the score of 60 to 57. The marginal score by no means equals the difference in the strength of the two teams. If we had dropped those last three points, we would explain fully to you how the meet, which started in the morning, was stopped an hour before dinner and the last three events carried over into the afternoon, giving V. P. I.'s miler a long rest before the two miles; and how stealing on the hundred was legalized; and how Pat was disqualified in the quarter; and how Tommy had the genuine hard luck on the low hurdles.

But let the extras go, and look at what Coach Brown and Manager Whitaker and Captain Sears have done. "Kent" has come in and done exactly the right thing at exactly the needed time. We are most fortunate in having him and we believe he is enjoying it as much as anybody.

Carolina's victory came by snatching six first places, eight seconds, and six thirds. Spence's mile, Smith's two-twenty, and Woolcott's high hurdles were the most notable records. Woolcott re-appeared as the most valuable point winner on the team, attaching 13 points. Smith was next highest with 8.

For V. P. I., Legge won two firsts, and Davenport gave promise of great ability as a distance runner.

Carolina carried only 15 men besides the Coach and Manager, scoring an average of 4 points per man.

Winners of events were as follows:

100 yard dash—Time 10 1-5 sec. Fuqua, V. P. I. first; Sears, N. C., second; Tebbis, V. P. I., third.

Mile—Time 4:42; Spence, N. C. first; Davenport, V. P. I., second; Rand, N. C., third.

Pole vault—Height 10 feet; Strong and Homewood (N. C.) tied for first and second; France; (V. P. I.) third.

High jump—Height 5 feet 4 in. Woolcott (N. C.) first; Furr (V. P. I.) second; Hefflin (V. P. I.) third.

Shot put—Distance 35 ft. 7 in.; Graves (V. P. I.) first; Axley (N. C.) second; Ramsey (N. C.) third.

High hurdles—Time 16 2-5; Woolcott (N. C.) first; White (V. P. I.) second; Struthers (N. C.) third.

Half mile—Time 2:4; Whiting (N. C.) first; Keaton (V. P. I.) second; Spence (N. C.) third.

220 yd. dash—Time 22 3-5 sec.; Smith (N. C.) first; Sears (N. C.) second; Fuqua (V. P. I.) third.

Discus—Distance 100 feet; Gibbs (V. P. I.) first; Axley (N. C.) second; Whitehead (V. P. I.) third.

Low hurdles—Time 26 2-5 sec. Concluded on third page
