## SCRIMMAGING TO START IN DAY OR SO FATTY COWELL TO BE BACK SOON

### McDonald, Georgia Tech. Quarter, Not To Be Here. Fatty Cowell To Be Back Soon.

Since football practice started the number of men, usually about 65, on the football field in the afternoons have done little except throwing, catching, and kicking the ball. The coaches have been getting as many men into condition as they possibly could, considering the number of candidates and the scarcity of football equipment. Next week however, will begin a change. Scrimmage will start about the first of the week, or possibly the last of this week. "Fats" Cowell will be here, if not next week, soon after it. Beginning soon the coaches will carry on their work of reduction, and will finally reduce the varsity squad to fifty players. The other players will, it is hoped report to C. E. Ervin, coach of the class teams. This week the players' measurements and statistics will be taken. The training table, to be at Coach Trenchard's probably, will commence in a short time. Captain Tayloe says that by the end of next week he hopes to have things in full swing.

The interest in football has steadily increased until even this early in the season there have been out for practice in one afternoon as many as seventy-five men. There are more who are anxious to come, but the managers have been unable to scrape together enough material to furnish them all. In order to provide sufficient equipment, the coaches think that they will have to make a small reduction in the number of men. It is hoped that the men thus taken off the squad will begin practice with the class teams where the coaches can still look them over. If they show extra good "stuff" there they will be taken back on the squad. The work of reduction may commence this week. The statistics concerning each member of the squad will be taken. These deal with the player's height, weight, age, etc.

#### Cowell Back

The line will be greatly strengthened by the addition of "Fatty" Cowell. He has been under a contract to finish some work, which he will be able to complete in a few days. With Cowell, Tandy and Jones together our line will be a regular Rock of Gibraltar. Cowell is probably one of the best guards in the South; Big Jones is in the same boat (said boat ought to be pretty well loaded); and Tandy is said to be more like a German forty-two centimeter shell than anything else. "Fats" Cowell's exact date of arrival is not known but he will come sometime within the next few days.

#### McDonald Rumor False

It was at first reported that

Allen McDonald, for two years Georgia Tech's star quarter, would be here. However the coaches say that is this only a rumor and that there is no foundation to the statement. It is probable that the rumor was started because of the fact that McDonald's brother, who will be here next year, spent a few days here this summer with manager Norris.

#### Varsity and Class

It is the plan of the coaches to keep fifty men on the squad this year. This will give them the opportunity of having a varsity team and its substitutes as well as a scrub team and its substitutes. In this way the varsity men can get the greatest benefit of our excellent coaching and at the same time a man has a good chance to get on the varsity from the scrubs.

It has not been definitely decided when the class teams will be started, but it is thought that it will be the first of October. C. E. Ervin, an old letter man, has charge of the class coaching this year. Ervin has been unable to get out for the varsity on account of his eyes and his course in medicine. He is a good man and well fitted for his work. It is expected that the space back of the South Building will be straightened up and that Coach Ervin will practice his teams there. They will play their games on the old class field, if it can be so arranged. The prospects for good class teams are exceedingly bright this year. Every fellow in college should go out for them.

Coach Trenchard desires it to be emphasized that he wants all men to report on the varsity field who have kept back because of a lack of stuff to wear just as soon as the reductions are made.

#### REPRESENTATIVE AT LARGE!

Hunt Begins Friday Morning. Will be Caught, It Is Hoped, Monday.

Friday morning during Chapel period nominations will be in order for a representative-at-large on the Student Council. This man may come from any class or school of the University. The election will not take place till Monday at the same time.

#### Senior Law Class Representative

At a recent meeting of the Senior Law Class, A. H. Wolfe was elected as the representative of the Law School to the Student Council. Oscar Leach was elected representative to the Greater Council. Oscar Leach was president of the Senior Class here, 1914. Wolfe was president of the Senior class of 1910.

## HOUSE EDITOR-IN-CHIEF Other Men on Magazine Board. Six Issues This Year

The first meeting of the University Magazine staff with its new editor, Mr. Robert House who was elected by the Phi Society last Saturday night, was held in the magazine room of the Y. M. C. A. Tuesday night at 8:30. Plans were discussed for the work of the Magazine this year. The members of the editorial staff who will have charge of the various departments are as follows:

W. T. Polk, assistant editor; J. A. Capps, editor of Around the Well Department; S. J. Ervin Jr., exchange editor; W. H. Stephenson, editor of the Sketches; F. H. Cooper, poetry editor; and McDaniel Lewis, literary editor.

There will be six issues of the Magazine this year, two appearing before Christmas and four in the spring. The first issue will come out November 1st. All contributors are requested to have their contributions in by October the 12th. It is hoped that the student body will take an active part in making this year's Magazine a real success.
