CLASS BASKETBALL

Freshmen Lead League Juniors at Tail End

FIRST SERIES NEARLY OVER

Freshmen Beat Sophs and Juniors; Seniors Lose to Sophs, Win From J's

The standing of the class basketball teams at present is as follows:

	won	lost	per.
Freshmen	2	0	1.000
Seniors	1	1	.500
Sophomores	1	1	.500
Juniors	0	2	.000

There are two more games to be played in the first half of the series. Sophomores vs. Juniors and Freshmen vs. Seniors.

Freshmen Defeat Sophomores

The Freshmen defeated the Sophomores in basketball last Saturday by the score of 16 to 11. The game from start to finish was full of excitement and ginger. Fitzsimmons and Cuthbertson for the Freshmen deserved special credit for the victory of their team. Fitzsimmons shot three goals, while Cuthbertson pocketed the ball two times. Armstrong was the big noise on the Sophomore team, shooting three of their field goals. Tennent also put up a good game.

During the first half the ball see-sawed up and down the field practically the whole time. Only three goals were made during this period, and when the half ended the Sophomores were in the lead 4-2. However the Freshmen broke loose in the latter part of the second half and were able to pile up enough points to enable them 16 to 11.

The Freshmen have a very strong team and play together well. For the whole second half they showed the grit which enabled them to win. The Sophs also showed a hard fighting spirit. Below is the line-up:

Fresh	position	Sophs
Fitzsimmons	center	Perry
Jewett	right forward	Tennent
Shepherd	left forward	Armstrong
Clarvoe, Hutchinson	right guard	Gwyn
Cuthbertson	left guard	Bryant

Field goals: Fitzsimmons 3, Cuthbertson 2, Shepherd 2, Armstrong 3, Tennent 1.

Foul goals: Cuthbertson 2, Armstrong 3.

Seniors Defeat Juniors

The Seniors won from the Juniors Monday in a very close game. Starting to work in the second half with the odds 10 to 4 against them the Juniors started to piling up points until the whistle was blown with the Seniors only one point to the good, the final score being 14 to 13 in favor of

FULLER SISTERS COMING

Three English Women Sing Folk Songs Here Feb. 1

Dorothy, Rosalind, and Cynthia Fuller, of Dorset, England, who have been touring the United States are going to sing the folk-songs of Ireland, Scotland, and England in Gerrard Hall, on Feb. 1. The Misses Fuller have sung to many cultivated audiences throughout the country, including those at Harvard, Bryn Mawr, Columbia, Smith, New England Conservatory of Music and at the White House. By a stroke of good fortune this attraction has been secured for the University and the recital will be the unique and memorable musical event of the year.

The Fullers appear in early Victorian costume with the quaint hoop skirts and the airs and graces of that period. And they really sing the old English ballads and folk-songs in just the way they should be sung, accompanied by the playing of Miss Cynthia Fuller on an Irish harp.

They maintain a straightforward objectiveness necessary to folk music and their gestures and dance steps seem perfectly spontaneous and never studied. With the Misses Fuller the important thing is to get the song sung distinctly, simply and joyously. The humor, pathos, and dramatic and poetic quality of the old folk songs are right on the surface where no one can miss them; and because they are songs of country folk who had no thought or consciousness of art, they have that sincerity which disarms criticism.

The singing of the Misses Fuller has had the effect of reviving interest in the old ballads and has attracted the attention and praise of all the prominent papers and magazines in America.

This is the second attraction presented by the lyceum department of the Y. M. C. A. taking the place of the old Star Courses. It is hoped that this higher type entertainment, on a plane with *The Servant in The House*, will be sufficiently appreciated and supported by the University community to justify the continuance of this program next year.

MEMORIAL TO PROF. BAIN

Next Philological Journal to Be in Memory of Him

The January number of *Studies in Philology*, the quarterly journal of the Philological Club of the University, will be the Bain Memorial number. This journal, the only one of its kind in the South, already enjoys an excellent reputation among scholars both of this country and Europe. The Bain Memorial number promises to be one of the most interesting ever issued. The contributions to this number from scholars well known in their fields of work will deal with either questions of classical scholarship or comparative syntax; yet there will be quite a variety in the material as shown by the titles of some of the contributions. The contributors to this number were all associated with Prof. Bain during his lifetime either as colleagues, fellow students or as pupils and this fact lends additional interest to their articles.

Prof. W. P. Tent, of Columbia, who was associated with Prof. Bain at Sewanee, will discuss *Translations of Horace's Odes*. As a preface to his article Prof. Trent writes a graceful sketch of some early impressions of Dr. Bain. Prof. C. F. Smith of Wisconsin will give a critical commentary on a passage from *Thucydides*. Prof. James F. Royster, formerly of the faculty of the University and now a member of faculty of the University of Texas, will deal with the causative verb. Other contributors, whose articles are all on questions of classical scholarship or syntax are: Prof. E. L. Gildersleeve, of Johns Hopkins; Prof. Boccock, of Georgia; Prof. S. H. Chamberlain, of South Carolina; and Dr. George Howe and Dr. Henry of the University faculty.

INTERESTING LECTURES COMING IN SPRING

Loew, Woodbridge, McClellan and Perry speakers

The spring lectures for 1916 will be delivered by a group of the best known speakers, taken as a whole, that have ever visited the University during one term, and they promise a greater and more interesting variety of subjects than any body of Carolina students have ever had the opportunity of hearing before.

The first series will be given January 27, 28 and 29 by Mr. E. A. Loew, of Oxford University, England, before the Philological Club and the advanced students in languages. Other students who are interested in the subjects are invited to attend. They are: 1. "A Recently Discovered Manuscript of Pliny the Younger." 2. "Ancient Book-Making." 3. "How the Classics Came Down to Us."

Carolina Quint Scores 22 Points in Last 10 Min.

The Statesville Y. M. C. A. aggregation went down in defeat Thursday night before "Chick" Doak's clockwork quintet to the score of 51 to 14. As usual the team began to play about the last ten minutes of the game piling up about 22 points in that time.

In spite of the fast finish the game was unusually slow and marked in the early part by Carolina missing "crips" and Statesville shooting "snakes." At the end of the first half the score stood 19 to 9 in favor of Carolina. Yank Tandy put 4 field goals to his credit during that period.

The second half started off in the same slow fashion but ended in a fine exhibition of fast team work and goal shooting for Carolina. Meb Long found the basket in the second half and added 8 field goals to the score. Tennent and Andrews again held their forwards to a standstill allowing only three goals totalled, while they themselves added to the count. Johnston played a star game in working the ball up the field.
